GRANT HALF HOLIDAY TO LABORERS

Aldermen Authorize Saturday Vacation During June, July and August

Another long docket confronted the aldermen at their regular session this week, held on Tuesday, instead of on Monday evening.

President Blakemore was in the chair and the only absentees were Aldermen Bemis and Clark.

The principal discussion of the evening was over an order granting a half holiday on Saturday to city laborers during June, July and August recommended by a majority of the Finance committee. The original order called for the month of September also, but this was stricken out by the committee. Alderman Murphy quoted the authority of the board to pass this order and said that while he favored our months he had voted for the present order because that was the only way he could get a favorable report from the committee. The cost of allowing this vacation to the city employees, he said, could not be measured in dollars and cents, as it meant a great deal not only to the laborer but to his wife and children.

Alderman Pratt reminded the board that heavy expenses are being placed on the city and that our tax rate will probably be quite high. The figures show that 289 men are affected by this order with wages from 2.00 to \$3.84 per day, and that for three months time, this vacation will amount to \$3,383.33 for labor and about \$624 for horses. Mr. Pratt questioned very seriously whether the city could afford this sum for such a purpose as this. In addition, he said, it will affect the street appropriations already made, based on the usual 48 hours per week. He moved to amend by reducing the time to July and August only. Alderman Jamieson said that a Saturday half holiday was generally recognized among business men and he thought that three months was not unreasonable. Alderman Pratt said the cost for one month was about \$1157.

Alderman Murphy differed with the Street Commissioner as to probable increase cost of work in the summer under this order as he said that the estimates of work were made on a basis of 55 cents per square yard, while the cost last year was about 41 cents a yard, leaving ample margin for this holiday cost. It had been proved during the past two summers in the collection of ashes that the men completed their work on Saturday morning and he believed that all necessary work would be done if the holiday was approved.

Alderman Winslow said that the actual time lost would amount to less than a week and favored the order. Alderman Parker thought that the board owed something to the city and should be fair to both sides. He suggested that the city laborers did not work a portion of the winter. Alderman Murphy replied, saying that the city laborer did not loaf in the winter from choice and a vacation at that time did him no good in the summer when he was actively employed, sometimes in working over hot tar. Mr. Pratt's amendment was then lost and the order passed with Alderman Pratt's voice being the only one heard in opposition.

On the order for sewer construction in Jackson street for \$17,000, Alderman Pratt stated that it would probably be necessary to issue at least \$60,000 in sewer bonds this year and thought it advisable to go slow on bond issues. Alderman Richardson said that if the need was as definite

and urgent as that for sewers, we shouldn't hesitate to issue \$60,000 for that purpose. During 1914 he said the net debt of the city would be reduced by \$187,000.

Alderman Barker said that the city had authorized sewer work in the past few years, as follows, \$29,000 in 1909, \$32,000 in 1910, \$28,000 in 1911, \$34,000 in 1912 and \$54,000 in 1913, and had already approved \$47,000 for 1914. Alderman Alley said it was poor policy for the city not to put in sewers and double the work now done should be authorized. The order was then adopted.

Mr. A. S. Williams appeared in favor of granting poles to the Edison Co. on Norman road and the order was subsequently adopted. No one appeared at hearings on Edison Co. poles on Waldorf road and Elliot street, on petition of the Edison and Telephone companies for joint pole locations on Islington road, nor on petitions to keep gasoline from Louis S. Ross, Walnut street, F. B. Cummings Breamore road and David Sutton and A. C. Dennison on Ashmont road, the gasoline licenses being granted immediately.

RESIDENCE OF MR. HENRY B. DAY

Numerous communications were received from Mayor Childs, that appointing Mr. William W. Colton, of Fitchburg, as Forest Commissioner, vice Bucknam, resigned, being laid over under the rules.

The mayor sent in request of the Street Commissioner for transfers sufficient to fix pay of Division foremen at \$1300 each, of \$600 for purchase of 25 H. P. Motor for crushing stone, and for grant of appropriations for widening of Grove street and of Hammond street and Middlesex road, all of which were approved by the board.

Other communications of the mayor receiving favorable consideration were recommendations of \$100 for expenses Planning Commission, \$300 additional for printing public documents, \$250 for metal equipment of cell vault, City Hall, relieving City Collector from collecting certain betterment assessments on Dunster road, authorizing Mayor to sell land held by city on Clark road, transfer in Street Dept. appropriations for salaries of permanent.

POP CONCERT

Successful Society Event For West Newton Day Nursery

Society turned out in large numbers on Tuesday evening to attend the great charity event, the annual pop concert given at "Rockledge," the residence of Mr. and Mrs. Henry B. Day on Chestnut street, West Newton.

A tent, the largest that could be obtained in Boston, was placed on the lawn, near the Prince street entrance of the estate, the interior of which was decorated with festoons of southern smilax and illuminated by myriads of electric lights. Tables were arranged at one side of the tent, a portion of which was reserved for dancing, and Kanrich's Orchestra was in attendance. The musicians were placed on a platform at one end of the tent, well high hidden with flowers, potted plants and greenery, and the popular melodies were repeatedly encored.

The dancing was under the direction of Mr. and Mrs. Harry L. Ayer, and the order included the season's latest dances, Maxine, One Step, and Hesitation, and with the large tent and spacious grounds so splendidly decorated and the large number of beautifully gowned ladies the scene was most picturesque and effective.

The success of the affair, both social and financial, was very grati-

PORTRAITS UNVEILED

Two Newton Residents Honored By Boston University

A prominent feature in connection with the events of Commencement Week of Boston University was the official presentation on Wednesday of life-sized portraits of the late Alden Speare, an associate founder, and William E. Huntington, former president.

The portrait of Mr. Speare, hung in a handsome gold frame, is the gift of his widow and children. That of Ex-Pres. Huntington is the gift of the Boston University Alumni Association, and is encased in a heavy gold frame, the gift of the class of 1887 of the College of Liberal Arts, Boston University. Dean William M. Warren is a member of this class.

Both paintings were made especially for the university. The one of Mr. Speare was painted by Eugene Spelcher, a New York artist, while that of Ex-Pres. Huntington is the work of Miss Margaret F. Richardson.

Hon. Alden Speare was a trustee of Boston University from 1874 till his death in 1902, and was vice president of the board of trustees from 1889 until his death. He succeeded in this position Jacob Sleeper, one of the original founders. His son, E. Ray Speare, a graduate of the College of Liberal Arts class of 1894, has been a trustee since 1903.

Ex-Pres. Huntington at present holds the position of dean of the Graduate School of Boston University, having succeeded in that position Dr. Borden P. Bowne in the Fall of 1912. On July 30 of this year he will be 70 years old.

His first position with Boston University was, as dean of the College of Liberal Arts in 1882, which he held until 1904, when he was made president of the entire university. He was president until 1911, when he was succeeded by Pres. Lemuel H. Murlin. The following year he traveled in the West and on his return took up his present position.

He was born in Illinois, and after serving in the Civil War graduated from the University of Wisconsin in 1870. Later he took degrees at Boston University, Syracuse, Wesleyan and Tufts. From 1868 until 1882 he served as pastor in Methodist Episcopal Churches in Nahant, Roslindale, Newton, Cambridge and Boston.

N. H. S.

An excellent concert was given Friday evening by the Newton High School chorus, the orchestra and the Girls' Glee Club, with the Misses Mildred Colby and Helen Moore as accompanists. The program included a clarinet solo by G. Herbert Bourne, violin solo and song by Gordon Sholar, solo by Corwin Wright and a violin solo by Gertrude Elliott. The solo parts in the cantata, "The Lady of Shalott" by the Girls' Glee Club were taken by Betty Stanton and Marguerite McAdams. Dancing followed in the gymnasium.

The base ball team was defeated Saturday morning on Clafin Field in an exhibition game with Brookline, by the score of 5 to 4.

Mrs. J. W. Carter, Mrs. George T. Dodd, Mrs. George A. Frost, Mrs. Julian C. Jaynes, Mrs. James A. Neal, Mrs. Francis Newhall, Mrs. Sumner Robinson, Mrs. Charles H. Stacy, Mrs. Sidney B. Thomas and Mrs. William A. Young. The finance committee is under the chairmanship of Mrs. George A. Frost and includes Mrs. Harry L. Ayer, Mrs. Harry L. Burrage, Mrs. John W. Carter, Mrs. James Richard Carter, Mrs. William B. H. Dowse, Mrs. Swan Hartwell, Mrs. Anna M. Langley, Mrs. Lawrence Mayo, Mrs. Henry A. Robbins, Mrs. Fred S. Sawyer, Mrs. Dudley P. SENIORS WIN

Field Day For Girls of the Newton High Schools

The girls of the Newton High Schools had the exclusive use of Clafin Field, Newtonville, on Tuesday for their annual field day. The affair attracted a large audience and the program was most interesting.

The affair was in charge of Miss Grace L. Shepardson, physical director of the girls at the High School, assisted by Miss Elizabeth M. Westgate. The first event of the afternoon was the final in the baseball, between the Seniors and Freshmen, followed by the volley ball, hoop race, obstacle race and the tennis.

While the various events were being conducted, the classes all waving their favorite colors cheered loudly, each class singing parodies of several of the latest songs. The Seniors were the victors, winning the baseball and tennis, while each of the other classes captured one event.

In the baseball game the Seniors defeated the Freshmen 7 to 3, the game going five innings. The Freshmen held the lead by one run until the last inning, when five runs were pushed over the plate. The winning team's lineup was as follows: The Misses Fessenden c, Flanders p, Brook 1b, Doyle 2b, Eaton 3b, Burke ss, H. Jones rf, Stebbins lf, Gustin cf; Freshmen, Lovell c, Alexander p, Mathews 1b, Gilligan 2b, Elkins 3b, Kelley ss, Moran lf, Sullivan rf, White cf. The umpire was Dr. O. S. Martin, physical director of the schools.

In the volley ball contests the Freshmen defeated the Sophomores 18 to 14, the Juniors beat the Seniors 21 to 13 and in the finals the Freshmen beat the Juniors 17 to 9. The winning team comprised the Misses Moran, Stramborn, Alexander, Mills, Gullian Bangs, G. Montague, J. Atkins, Gilligan, Head, Lovejoy and Howland. The Juniors lineup was the Misses Peabody, L. Williams, Dean, Leach, R. De Rusha, C. De Rusha, Schulte, Kimball, Burrage, Tyler, Lyons and Preble.

The hoop rolling contest was a thriller, many of the girls who were not familiar with the art, causing great amusement. In this event the Juniors beat the Seniors, the Sophomores beat the Freshmen and in the finals the Juniors won over the Sophomores. The winning aggregation comprised the Misses Cady, Daboll, Dean, Chester, Kimball, Leete, Lyons, Polly, Fessenden and C. Reynolds, while the lineup of the Sophomores was the Misses Underhill, M. G. Gould, Horne, Lowell, Palmer, M. Spaulding, Pierce, W. Wright, Cunningham and Tedstone.

The obstacle race was also an amusing event, the students starting out with a suitcase, running 25 yds, opening the bag dressed in a sweater and hat, ran another 25 yds, back, discarded the garments and took the case to the next girl. In this event the Sophomores beat the Freshmen, the Seniors beat the Juniors, and the Sophomores, in the final, beat the Seniors. The winning team comprised the Misses Shumway, Kingham, Spaulding, Cunningham, Dennett and Homer, while the losing team comprised the Misses Rane, Palmer, Adams, Alderman, Flanders and Brooks.

In the tennis match between Belle Alchin, senior, and Margaret Spaulding, sophomore, the former took the first match 7-5 and 6-4.

INTER-CITY BALL GAMES

On Memorial Day, the Newton Catholic Club defeated the Catholic Union of Newton, by the score of 10 to 4, the game being played on the West Newton Common.

On the Upper Falls Playground, on Memorial day morning, the Newton Y. M. C. A. were beaten 3 to 2 by the Upper Falls A. A., not a hit being made off Fahey of the home team.

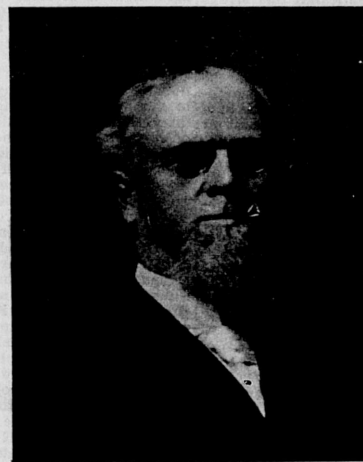

FINE MEMORIAL DAY

Charles Ward Post, 62, G. A. R. Honor Its Dead Comrades With Appropriate Observances

Memorial Day, last Saturday, was as fine a day for the impressive services of Charles Ward Post, G. A. R., as ever dawned. The air was cool and the sunshine warm and balmy and the march, which has come to be quite a test of endurance for the veterans, was without any unusual features.

The program of the Post followed that of previous years and included the decorating of the graves of their comrades in all the cemeteries in the city and vicinity, by details of men, the morning service at St. Mary's cemetery, Lower Falls, the noonday lunch at Newton Highlands, the parade from that village to the Newton Cemetery, where the usual exercises were held at the Soldiers monument, the march to the Post headquarters at the Masonic Building, Newtonville, and the concluding banquet in Temple Hall.

of the Post officiated as toastmaster, and called on Mayor Childs to respond for the City of Newton. Mayor Childs in one of the most eloquent addresses ever given at a Memorial Day banquet, aroused the enthusiasm of his audience to the highest pitch. He said in part: "The city of Newton stands ever ready to honor her soldiers, living or dead. This is a holiday to many, but to you, who know the meaning of sacrifice and service, it is a holy day." Referring to the work among the school children done by the Post members, Mayor Childs said, "You have done more than any other group of men to keep the fires of patriotism alive in the hearts of the younger generations. It is a day of sadness yet thru it all runs a thread of gold. One of the great lessons taught by Memorial day is, that in this land of

MR. GEORGE M. FISKE, Commander Charles Ward Post.

The exercises at St. Mary's Church at the Lower Falls in the morning, were in charge of Senior Vice Commander J. Coolidge Coffin, and included an address by Rev. G. W. Jones, pastor of the Perrin Memorial Methodist Church of that village. The Post then marched to the adjoining banks of the Charles river, where with appropriate ritual, flowers were cast in the water as a memorial to the sailor dead.

The parade formed this year at Newton Highlands under command of First Lieutenant Joseph W. Bartlett of the First Corps of Cadets, and a resident of Waban. The line of march was formed as follows:

Detail of police, Chief Marshal Bartlett, Adjutant General, Capt. Porter B. Chase 1st Corps Cadets, the Chief of Staff, Capt. H. B. Perkins, 1st Corps Cadets, Aides and Associate Members, the Clafin Guard, Co. C. 5th Regiment, M. V. M. First Lieut John P. Tierney commanding, the Needham Band, J. Wiley Edmonds Camp, Sons of Veterans, Wm. B. Munsil, Commanding, Charles Ward Post, G. A. R., George M. Fiske, Commanding, Thomas Burnett Camp, Spanish War Veterans, Thomas L. Nolan, Commanding, Mrs. A. E. Cunningham Tent, Daughters of Veterans, Miss Alice Cunningham, President, and the city government.

The parade was reviewed at the Newton Highlands Congregational Church by Mayor Edwin O. Childs and the city government and then marched thru Lincoln and Walnut streets, to the Newton Cemetery. Here, at the Soldiers monument, the call for observance of Memorial day was read by Adjutant C. S. Ober, reports were received from the details assigned to decorate the graves, there was prayer by the Chaplain, the reading of Lincoln's Gettysburg address by Past Commander Wilfred A. Wetherbee, the firing of a salute and the bugle call of taps in honor of the dead, and the singing of America.

Mrs. Gass, Miss Sheridan, Miss Fitzgerald and Miss Dearborn, dressed in white with streamers of red, white and blue, acted as markers at the four corners of the monument.

The line of march was then taken to Newtonville, being reviewed by the Chief Marshal and staff opposite the Newton clubhouse.

After the menu had received the close attention of the Post and invited guests, Commander George M. Fiske

the free and the home of the brave, there is a place for service for young men." Mayor Childs referred to the fact that the Union army was composed of young men and boys, and said that in watching with sadness your lessening ranks and the increase of wrinkles on your brows, we forget that 50 years ago you were but boys. It was young men who kept the stars and stripes and made our colored brethren men. We look forward to the days of peace, and Memorial Day solves this problem in city, in state and in nation, by saying in no uncertain tones, that young men and old men must stand shoulder to shoulder as they did 50 years ago.

Chief Marshal Bartlett, the next speaker, dwelt on the respect due from old and young for the law and of the people for what was right. He urged that care be taken in criticizing officials in responsible places, that the newspapers cease referring to the President as "Wilson" and to the governor as "Walsh" in order that the people might not learn to disrespect the office in criticism of the man. He compared Co. C, which might at any time be summoned to service in Mexico, and urged that all present give them their heartiest support, that in the future, they might have the respect now given to the veterans of the Civil War. In closing he hoped that fifty years from now, the example these veterans had set the country might be the established custom.

Lieut. Carroll J. Swan of the chief marshal's staff was called upon for an impromptu address and responded with a paraphrase of the story of the man who could not remember names and so wrote them down for occasional use during his speech. Mr. Swan made a clever speech bringing in the names of Mayor Childs, Chief Marshal Bartlett, Commander Fiske, George Washington, and the United States of America, as part of an address, brimful of patriotism.

EDITORIAL

The fact that the committee of al-
dermen have changed their adverse
report on the proposed widening of
Boylston street bridge, to a majority
report in favor, indicates that there
is a chance for this work to be author-
ized at the present, and probably the
most favorable time for its accom-
plishment.
Everyone will admit that this bridge
must be widened in the future, some
placing that event at about five years,
while others insist that twenty would
be more nearly correct. The sole
point on which there appears to be
serious difference of opinion is whether
this work could be done now at a
less cost than the estimated cost at
some future time. The railroad offi-
cials set the difference in cost in favor
of the work now at about \$11,000 on
a total cost of about \$30,000 if done at
the present time. Possibly if the prob-
able increase in cost of labor, materi-
als and the probable shortening of
hours of labor are taken into consid-
eration, the saving might be figured
at even more than \$11,000 if done at
the present year. This work is in the
class which I firmly believe the city
should include in a definite policy of
reconstruction to cover a period of
ten years, doing from \$50,000 to \$100,-
000 each year. It will never be done
any cheaper than at present, and the
expected growth of the city will be
greatly augmented if this policy of
making permanent improvements
should be adopted, and our municipal
plant in the way of bridges, and street
widening brought up to date.

I have heretofore suggested that, in
my opinion, it was inadvisable for the
city government to go very deep into
the business of developing streets
under the laws authorizing the assess-
ment of betterments. Recent events
only emphasize the danger incurred
by the city in this class of work. It
was only a few weeks ago that \$500,
or over 25 per cent. of the cost of the
work of constructing two streets in
Nonantum, was assumed by the city,
altho everyone believed when the work
was entered upon that the whole cost
was to be paid in full by the abutters.
At the last meeting of the aldermen,
assessments amounting to \$263 were
abated from the cost of a street on
which about \$1000 was expended, an-
other case where about 25 per cent.
was paid by the city. It is fairly well
understood that another street costing
nearly \$5000 to build will probably be
compromised, with the city paying a
goodly portion of the bills. In two
these cases, it should be understood,
the city enters upon the work with the
distinct understanding that all the
cost is to be paid by the abutters. It
would take columns of type to state
the varying reasons why, after the
work is done, the persons assessed ap-
peal for abatement, and the fact re-
mains that they do, and in some cases
actually convince the city fathers that
they entitled to all they claim.
The safest plan for the city to adopt,
is that followed for so many years in
the past and refuse to accept streets
until abutters themselves put them in
shape for such action.

The city laborers gain an additional
month this year during which they
will have a Saturday half holiday at
the expense of the taxpayers. For two
years this half holiday has been grant-
ed for July and August, and this year,
the month of June will also be in-
cluded.

It is rather a hard subject to deal
with from a political point of view,
the business world having come to the
point where a half holiday during the
summer is the custom. And while the
business man can see a world of dif-
ference between granting a holiday to
persons otherwise confined indoors
during the heated term, and giving the
same holiday to men who work all the
year in the open air, the politician gets
quite a sentimental following by ad-
vocating the latter.

Personally, I believe the residents
of this city would probably approve
the granting of the half holiday to
our city laborers during the summer
months, even at a loss in service
amounting to over \$1100 per month.
The great danger, it seems to me, is

the tendency, already manifested, of
gradually increasing the number of
months during which this holiday is
granted, until it becomes a large factor
in the cost of municipal work. There
is danger, also, to the city laborer, in
the fact that the city fathers will be
forced to do all municipal work by
contract labor, if these methods of
curtailing the amount of work done
with the money of the taxpayers, are
continued much further.

This city has been honored by the
choice of two of its prominent resi-
dents by the United States department
of Justice, as trustees to virtually
manage the Boston & Maine Railroad
and to save it from a threatened re-
ceivership. The work entailed is a
complement, not only to the financial
ability of Messrs. Henry B. Day and
Charles P. Hall, but is also a tribute
to their fair mindedness and common
sense. In rendering this important
but onerous service to the state as
well as to the stockholders of the
Boston & Maine, the trustees show a
spirit of public spirit, which is highly
commendable.

UNDER THE GILDED DOME

The long expected message of Gov-
ernor Walsh on the railroad situation
was sent in to the Legislature this
week and has been received with mingled
approval and criticism. The Gov-
ernor presents no definite bill to cover
the issues he raises and the bills which
have been presented to cover the mat-
ter are said to have been drawn by at-
torneys for the railroad companies.
The Governor urges the approval of
the Legislature to the agreement made
by the New Haven Railroad and the
Department of Justice at Washington,
where by the restrictions placed upon
the sale of the Boston & Maine stock
held by the Boston Railroad Holding
Company shall be removed. The
agreement is of some interest in this
city for two of the five trustees named
Messrs. Henry B. Day and Charles P.
Hall, are residents of West Newton.
These trustees are to take over the
stock of the Boston & Maine railroad
now held by the Holding Company and
to manage that railroad at their own
discretion, with directions to dispose
of such stock to persons not identified
with the New Haven interests within
two years and a half, if possible. The
Governor points out that if this agree-
ment is not ratified, the United States
government will probably move
against the New Haven and the Bos-
ton & Maine railroads under the
anti trust act, and plunge the state into
a legal and financial chaos. While the
Governor does not so state, it is said
that if this is done, it means a re-
ceivership for the Boston & Maine and
it is hinted that financial interests of
some importance, would favor this
drastic action, which would mean the
loss of considerable property now held
by New England investors in this com-
pany. The Legislature must take ac-
tion before July 15 if the present
agreement of the United States de-
partment of Justice and the New
Haven is to have any effect.

Representative White of this city
was one of the two members of the
House to oppose the amendment to
the constitution to allow the taking
of land to relieve congestion and to
provide homes for citizens. In this
connection it is interesting to note
that the House has rejected the bill to
provide for a constitutional conven-
tion.

The committee on Taxation has re-
ported some radical bills, which, if
enacted will put teeth into the present
inadequate taxing laws of this state.
The bills reported favorably call for
compulsory filing of taxation returns,
authorizing the Tax Commissioner to
assess three times the value of an
estate which is shown at time of prob-
ate not to have been assessed to the
decendent, and also authorizing the
Tax Commissioner to revalue individ-
ual estates after the local assessors
have passed on the same.

The best guesses as far as heard
from the state tax and the time of
prorogation indicate \$12,000,000 for
the former and July 3 for the latter.

MOTHERS' REST

The Mothers' Rest Association Ten-
nis Exhibition, Archery Meet and Tea
Dance are hoping for one of those per-
fect June days this coming Saturday,
but the affair will be given, rain or
shine, at 3 o'clock, at the home of Mr.
Addison C. Burnham, Bracebridge
road, Newton Centre. The afternoon
and early evening dancing, now so
popular, will be a special feature and
may be enjoyed on the lawn or in-
doors, with excellent music. Refresh-
ments may be had during the after-
noon and a simple supper will be
served between six and seven for those
who find it convenient to be there at
that time.

Expert tennis playing and target
shooting will be seen and surely some
expert dancing among the guests.
This is a lovely spot to spend an af-
ternoon and there will be the added
pleasure of knowing you are aiding a
worthy cause. It seems necessary ev-
ery two years to give something on a
large scale to support the increasing
number of mothers and children who
need to come to the Rest, and this
year we have chosen this way. This
particular affair is strictly for adults,
but on June 18th, on the Clark Estate
on Pleasant street, adjoining the play-
ground, we are giving an outing and
a good time, especially for the chil-
dren. This is to be under the manage-
ment of Mrs. William H. Rice, with
many attractions for the children and
a good vaudeville show. All the things
you have heard children say they en-
joy best at out of door party—they
will be there. The admission for the
children will be one-half the price of
this Saturday's party.

While we are talking, we want to
tell you that the Annual Donation Day
at the Mothers' Rest is to be on Mon-
day afternoon, June 8th, from 3 to 5
o'clock. Young ladies who will be mem-
bers of the Mothers' Rest Club will
serve tea and it is hoped that many
of the friends who are interested in
this work will come and see what it
means to be there. The cars from here
will connect with the Needham cars
that leave Newton Highlands square
at five minutes past the hour and half
hour. At Needham Heights post office
a barge will meet the trolleys and take
the guests to the Rest at reduced
fare. Any donations may be left at
Mrs. Samuel Ward's, 80 Crescent ave-
nue. Money, clothing, food, household
supplies or furnishings or anything
you think a large family of mothers
and children can use during the sum-
mer.

LODGES

At the close of the regular com-
munication of Dalhousie Lodge of Masons
on Wednesday evening the members
were entertained by Mr. Robinson of
Everett in a series of Houdini stunts,
which were greatly enjoyed. Mr. Rob-
inson performed several remarkable
tricks, two of which, that of releasing
himself from a Siberian chain which
bound his wrists tightly, and from a
Mexican insane board, to which he was
tightly strapped, being done in full
view of his audience. A performance
which seemed almost uncanny was
that of releasing himself from a can-
vas bag, the top of which was tightly
closed with a metal collar passed
thru eyelets and fastened with a pad-
lock. This feat took but 15 minutes'
time, the longest of the evening. As
a final stunt, Mr. Robinson immersed
himself in a large galvanized iron
can so that the water just reached his
nose, the metal cover closing down on-
to his head and being fastened on the
outside with several padlocks. In
about ten minutes Mr. Robinson ap-
peared, showing the can, with its cov-
er locked as when he was placed in it.
The public installation of the new
officers of Dalhousie Lodge will take
place in the Masonic Building on the
evening of June 17.

tlessey, the daughter of Mr. and Mrs.
Henry L. Whittlessey, and Mr. David B.
Childs of Kansas City, will take place
on Thursday, June 11, at the home of
the bride on Regent street.

—Mr. and Mrs. Harvey Stuart Chase
have sent out cards for the wedding
of their daughter, Miss Adelaide Har-
vey Chase, and Mr. Hiram Tuttle Fol-
son, the ceremony to take place on
Saturday evening, June 20th, at 8
o'clock, in the First Unitarian Church,
followed by a reception at their resi-
dence on Exeter street.

LAND COURT.

To Annie G. Burns, Susan C. Raw-
son, and Mary E. Ellison, of Newton,
in the County of Middlesex and said
Commonwealth; Edward F. Barnes of
Boston, in the County of Suffolk, and
said Commonwealth; and to all whom
it may concern:

Whereas, a petition has been pre-
sented to said Court, by Chauncey
Smith, of Cambridge, in said County
of Middlesex, to register and confirm
his title in the following described
land:

A certain parcel of land, with the
buildings thereon, situate in said
Newton, bounded and described as
follows:—

Southerly by Vernon Street by two
lines, measuring respectively, sixty-
one and 31-100 (31.31) feet, and sev-
enty-one and 54-100 (71.54) feet;
Westerly by land of Susan C. Rawson,

feet; Northerly by Tremont Street one
hundred seven and 32-100 (107.32)
feet; Easterly by land of Edward F.
Barnes sixty-nine and 9-100 (69.09)
feet; Northerly again by said Barnes
land four (4) feet; Easterly again by
land of Mary E. Ellison one hundred
fifty and 83-100 (150.83) feet. Con-
taining 25,275 square feet.

The above described land is shown
on a plan filed with said petition, and
all boundary lines are claimed to be
located on the ground as shown on
said plan.

You are hereby cited to appear at the
Land Court to be held at Boston, in the
County of Suffolk, on the twenty-
ninth day of June A. D. 1914, at ten
o'clock in the forenoon, to show cause,
if any you have, why the prayer of
said petition should not be granted.
And unless you appear at said Court at
the time and place aforesaid your
fault will be recorded, and the said
petition will be taken as confessed,
and you will be forever barred from
contesting said petition or any decree
entered thereon.

Witness: Charles Thornton Davis,
Esquire, Judge of said Court, this sec-
ond day of June in the year nineteen
hundred and fourteen.

Attest with Seal of said Court.

DIRECTORY OF USEFUL MINERALS

Unique Government Report which tells in What State or County Every One of the 403 Useful Minerals is Found.

Every city has a directory of its inhabitants giving the names of wage earners, and the addresses where each may be found. If you do not know a person's name but do know that he is a paper-hanger, the classified business directory will locate him for you. A directory of the useful minerals in the United States, on much the same plan, has just been published by the United States Geological Survey. If you want to know where any one of the 400 useful minerals occurs, this directory gives the list of localities in each State where your mineral will be found. If you do not know the name of the mineral but do know that it is an ore of silver or manganese, or carries asphalt or radium, the glossary will guide you to it.

The material in this bulletin is in two distinct parts. The first part consists of lists of the occurrences of minerals in each of the States, beginning with Alabama and ending with Wyoming. Under the name of each State the minerals found in that State are given in alphabetic sequence, and after each mineral name is given a list of the places where the mineral is found. The second part is a glossary of more than 425 names. Each definition is followed by a list of the States in which the mineral occurs. The glossary is therefore virtually an index to the first part.

Some mineral aggregates, such as clay, granite, limestone, sand, and sandstone, are included because they constitute a very considerable part of the mineral production of the country. This publication should be useful to many classes of people in many ways. If some one wants to sell iron stock in a Texas oil company the report will tell you in what counties in Texas oil is produced and in what other counties it may eventually be found. If your wife wears a bloodstone lavalier, the report gives you the only locality in the United States where that stone is known to occur. If you want to manufacture plaster of Paris or need lime for your back pasture, this report will tell you where to find the gypsum and gives the location of your nearest limekiln.

All this information has been compiled by Samuel Sanford and Ralph W. Stone and condensed into 250 pages. A copy of this report, Bulletin 585, may be obtained free on application to the Director of the United States Geological Survey, Washington, D. C.

MT. IDA SCHOOL

The commencement exercises of Mt. Ida School were held this week beginning with the sermon preached on Sunday by Rev. George T. Smart, D.D., of Newton Highlands, in the school chapel. The musical program included selections on the organ, "cello and harp."

Monday was observed as Alumnae Day, the annual meeting taking place at ten in the morning, the annual luncheon at one P. M., and the annual entertainment, in the evening.

The seniors presented a Twelfth Night on Tuesday evening in the school gymnasium, following the usual class day exercises in the afternoon.

On Wednesday afternoon the final recital took place consisting of instrumental and vocal music, and readings. In the evening the formal commencement program, including an address on the "Art of Living," by Rev. Edward Cummings, and the presentation of diplomas to a class of thirty.

THE KATZENJAMMER KIDS

"The Katzenjammer Kids" are back! They have been welcomed by thousands in all parts of New England. For as you know, the Boston Sunday AMERICAN carries them wherever it goes, and it goes to every city, town and hamlet in the New England States. Those mirth-provoking kids have been on a vacation with "Captain," the "Inspector" and "Mamma"—the three victims of the pranks of the two little rogues. And now they have all come back to their old home—the Comic Section of the Boston Sunday AMERICAN. No stage favorites ever received a warmer welcome among old scenes and old friends.

Watch for the funny little Katzenjammer Kids in the Sunday Boston AMERICAN.

These restrictions are set forth in certificate No. 3732 filed in the land Registration Office.

SAMUEL W. TUCKER,
Deputy Sheriff.

DRUNKEN FUGLAR CAUGHT

Over-indulgence in the contents of the wine cellar in the home of Mrs. Grace T. Whittemore at 64 Washington street, Newton, Sunday morning, cost Timothy Meehan his liberty and resulted in his arrest on charges of breaking and entering and of larceny. After collecting assiduously jewelry and silverware to the value of \$100 in the absence of Mrs. Whittemore, he looked too long upon the wine when it was red and went to sleep in the cellar with his loot carefully packed up beside him.

Patrolman McNeil of the Newton force made the discovery of Meehan and his load. A ladder placed against the side of the house to a second-story window aroused his suspicions.

The trail led to the wine cellar where Meehan was found in a condition that made handcuffs unnecessary. In a paste-board box he had packed up what jewelry he had been able to find. He told the police when he had recovered somewhat that he is 34 years old and that his home is on North School-street, Newton.

LORD—FROST

A pretty home wedding took place last Saturday afternoon when Miss Anna Helen Frost of Everett, became the bride of Mr. Charles B. Lord. The ceremony took place in a new and attractive bungalow at 8 Ardmore terrace, West Newton, that is to be the future home of Mr. and Mrs. Lord. The ceremony was performed by Rev. Lucius Bugbee of the Malden Center Methodist Church, of which the bride has been for years a popular member.

Miss Marion B. Bears of Winthrop and Miss Marian Cooks of Yarmouth, N. S., were bridesmaids and Hane E. Wells of Boston, best man. The bride presented a lovely picture in a dark blue broadcloth traveling suit trimmed with light blue and wearing a flat leghorn hat decorated with dark blue ribbons and tiny pink roses and forget-me-nots.

The bridesmaids wore light afternoon gowns, Miss Bears wearing pink chiffon and shadow lace, and Miss Cooke, changeable old rose silk.

SMALLER TOWNS

As the time for the nomination of candidates for office again nears, it is pertinent to point out one serious injustice which the direct primaries are working—the practical disfranchisement of the smaller places. If a congressional district is made up of one city and 14 rural towns, it is proving nearly impossible under the new system to defeat an aspirant for the nomination who is so popular in the city of his residence with a man from any one of the outlying towns. He gets the solid vote of his own town, but it amounts to little in the total, as against the equally solid vote of the city for his rival.

If you are interested in the workings of political affairs watch this phase of the new mechanism. See if the resident of the largest center of population of any given political unit does not find the dice loaded in his favor. When you have become persuaded that this is an inevitable result of the popular primary, consider what remedies may be devised. In old-fashioned days, such an evil was obviated by giving each city and town a certain number of delegates, in order that its power might know some limit. While the large place had many delegates, it could not plunk down such a suddenly gathered majority as to put everybody else out of the running. Here was a safeguard which the direct primaries have thrown to the winds.

—Boston Herald.

PATRIOTIC ADDRESS

At the Newton High School on Friday, May 29th, over nine hundred pupils listened to a most able and eloquent address by Commander of Post 62, Mr. George M. Fiske. The looking into the many earnest young faces was such an inspiration that Commander Fiske was at his best and his talk pronounced the finest patriotic address ever given before the school.

On Saturday, Memorial Day, the exercises of the Post, with other organizations at the Cemetery, and later in Temple Hall, were most impressive. The associate members and the city government were guests of Charles Ward Post.

GRADUATING CLASS OF 18

B. F. KEITH'S THEATRE—A grand summer carnival of fun and music is promised for B. F. Keith's Theatre next week. While the headline attraction is not yet announced, the bill abounds in excellent features of the all-star variety. One of the strong comedy attractions will be the famous Scotch clown and comedian, Bert Melrose, with his pile of tables and chairs in a most uproariously funny and daring bump the bumps act. Another big laugh will be furnished by Swor and Mack, the delineators of the original darky character, exactly as found in the sunny South. Their songs, dances, and patter is bright and full of laugh provoking qualities. Another big laughing feature will be Ryan and Lee. Miss Lee is a wonderfully clever

eccentric comedienne of the "nut" type, and her antics and fun-making is guaranteed to keep anyone in good humor. Still another feature will be Colonel Diamond and his troupe of modern society dancers, and the surrounding bill includes the Azard Brothers, novelty acrobats and hand-and-head balancers; Julia Curtis, a very dainty and clever little comedienne; Stella Tracey and Victor Stone in a new and novel singing and dancing turn; Vernie Kaufman, the Venus of the wheel, late star rider with the celebrated Kaufman troupe of lady riders, and one big feature as yet unannounced, which it is expected will prove a distinct surprise when its name is announced.

PLYMOUTH THEATRE—Gradually "Under Cover" is nearing the longest record run for Boston. On next Monday the piece will enter upon the 25th week of its long engagement at the Plymouth Theatre, Boston. Another instance of the immense popularity of this remarkable play was proven during the terrific warm spell of last week when the attendance at every performance was equally as large as at any time during the last few weeks. This is conclusive proof that "Under Cover" is just the sort of play that may be thoroughly enjoyed in all sorts of weather. For the benefit of those who have not yet witnessed the unusual charms of "Under Cover" it can be stated that the play is now in its last weeks and unless advantage is taken of the present opportunities the chances are that the play may not be seen again for a long time to come.

A TEXAS VISIT

Interesting Experiences On a Trip To and Thru the Lone Star State

(Continued from last week.)

Thursday morning we reached Georgetown, the home of Mr. and Mrs. Lee J. Rountree, who were personally conducting our party, and the site of the Southwestern University, the great co-educational school of Texas Methodists.

The reception we were given at Georgetown was so cordial and so pleasant, that it will always remain in our memories as one of the most charming incidents of our trip thru the Lone Star State.

We were met at the train with plenty of automobiles and driven rapidly to the University buildings where a breakfast was served, which was some breakfast, believe me. The dining room was attractively decorated with masses of Texas blue bonnets and other wild flowers, which emphasized the charms of the young ladies who acted as waitresses. As a souvenir of the visit, a picture of the proposed new buildings of the University was placed at each plate tied with the college colors of black and gold. Stamped post cards were also placed at each plate and we were urged to send them at once to our friends back home.

After breakfast the editors were taken in automobiles for a drive on a beautiful stretch of macadam road running from Georgetown to Taylor, said to be the best nine miles of country road in Texas. Typical black land farms lying along each side of the road were objects of interest and comment among the visitors. This land valued at \$125 to \$200 per acre raises, each year, from one-half to a bale of cotton to the acre and makes the tax value of Williamson county \$34,000,000.

We also stopped at the typical newspaper plant of Mr. Rountree, a city of Georgetown Commercial, before saying a reluctant farewell to the young ladies at the station.

Southwestern University is distinctly a Christian school, and is located in a town where there has not been a saloon for twenty-one years.

Over 10,000 young people have spent from one to four years in Southwestern University. More than 900 former students have entered the Christian ministry; some 400 are now teachers in high public schools and colleges of the state, while fifteen Southwestern men have been elected college presidents.

We arrived that noon at Temple, the heart of Texas, so called, a city of about 15,000 and full to the brim with Texas fervor and enthusiasm. Autos took us from the station to the park

around the new library building. Here an outdoor cowboy lunch was served with accompaniments of Texas gum and candy, made in the city. The lunch was enlivened with the antics of a printer's "devil" dressed like Mephistopheles, who drove about the grounds in a pony cart. A "badger fight" was pulled off for the benefit of the men, most of whom had never seen such an exhibition. It is needless to say that the society with the long name (S. P. C. A.) would not be interested in an affair of this kind. We were given an automobile ride which clearly showed that the \$600,000 bonds to improve its roads, just voted by Temple, are certainly needed. Outside the city limits, the county roads were found in excellent condition.

Temple has the very best of railroad facilities, a fine home market that will absorb a large product, a good agricultural community as the basis of production, bank deposits to the amount of \$2,500,000, a wide-awake chamber of commerce, a live ad club, good roads organization, a good government, and wide prominence as a convention city, all combine to make for a growing and prosperous future.

That afternoon we arrived at the prosperous city of Waco, with a population about the same as Newton, 40,000, and here again we were greeted with true Southern hospitality. Automobiles soon carried our party to Baylor University where the dancing by a chorus of 12 pretty girls is especially good and their frequent change of costumes makes a decided hit with every audience. Sunday night an excellent sacred concert has been arranged with some new motion pictures. Next week the attraction in the theatre will be vaudeville with some favorites on the list.

Waco is under the commission form of government. It has many miles of streets paved with bitulithic and brick, and under city regulation property owners put down cement sidewalks throughout the entire residence section. The city tax rate is \$1.66 2-3, but the most of this is for permanent improvements, so that it is more of an investment expense of the property owner than a contribution to municipal maintenance. The city owns the waterworks plant, and has recently installed an immense filter plant, taking the water from Barzors river and after filtration using it to supplement the artesian flow that is tapped by numerous wells connected with the system.

Waco is directly over the artesian water supply of the state. This water is reached at a depth of 2000 feet and reaches the surface gushing, at a temperature of 103 to 106 degrees Fahrenheit, and from an eight-inch well the supply equals a million gallons a day.

RICH—MUNROE

The wedding of Miss Alice Bertha Munroe and Mr. Raymond Austin Rich, both residents of Somerville, took place Wednesday evening at the residence of Mr. Raymond L. Fowle, 1725 Beacon street, Waban, an intimate friend of both the bride and groom. The ceremony was performed by Rev. Arthur Noves, pastor of the Broadway Congregational Church in Somerville. The bride wore a gown of white crepe meteor trimmed with Duchesse lace and the usual veil, while the maid of honor, Miss Ethel Munroe, was gowned in pink crepe meteor. Miss June Rogers was the flower girl, Mr. Russell J. Pitman of Somerville, the best man, and Messrs. Francis L. M. of Cambridge and Spencer Sawyer of Boston, were the ushers. A reception followed the ceremony, Mr. and Mrs. Rich being assisted by Mr. and Mrs. Herbert A. Rich, and Mr. and Mrs. Ivory D. McLean of Somerville. About one hundred and fifty guests were present and the attractive decorations of the Fowle residence consisted of pink roses, white carnations and bridal wreath, were greatly admired.

THE POPS

Next week will be the last in which Mr. Andre Maquarre will have charge of the Pop Concerts in Symphony Hall. Mr. Maquarre for his last week has made a number of interesting programmes and there will be two special nights. Tuesday night will be the annual "Tech Night" when the entire hall is taken by the Alumni of the Institute of Technology and there will be no accommodations for the general public. Friday night, June 12th, will be "Dartmouth Night" and a pleasant time is expected.

CASTLE SQUARE THEATRE—The final week of the season at the Castle Square will be one of mirth. The play will be "Baby Mine", an hilarious farce that has gone up and down the country with great success, and it comes to Boston now for the first time at popular prices. Its plot and scenes are lively, and it involves its characters in scenes and situations that are continuously and frequently uproariously funny. It will make a fitting windup to the sixth of Mr. Craig's Castle Square season, and in the leading roles in the cast will appear Mr. Craig, Mr. Meek, Miss Colcord and Miss Mary Young.

NEWTON WINS 14-INNING GAME

Newton High and Malden High played a most unusual game on Clifton Field, Newtonville, on Wednesday afternoon, Newton winning the game in the 14th inning after Malden had scored five runs in its part of that inning.

Three runs scored by Malden in the eighth made the score 8 and for five innings the teams played excellent ball. The head of the batting order, Foster Keller in the 14th and Malden hit the ball to all corners of the lot. Four successive singles followed by an out and two more safe hits, gave Malden their five runs.

Then, for Newton, O'Neill reached first on an error, took second on King's single and third when Wansker's infield hit was fumbled. Chivers hit to short and the catcher muffed the throw home to force O'Neill. Chivers hit to right, on which King and Wansker scored. Flanders entered the box for Malden and Dunmore hit the first ball pitched to short and Vachon was forced at third.

Harris worked Flanders for a base and on Keller's infield hit Chivers scored. O'Neill went to bat for the second time and ended the struggle with an infield hit, while Dunmore and Harris scored the winning runs. Malden hit the three Newton pitchers for 25 safe drives for a total of 34 bases, while Newton made 13.

NORUMBEGA THEATRE

"I Should Worry" is the name of the musical comedy presented this week at Norumbega's famous theatre and is meeting with great success. This is a comedy from the pen of the great London dispenser, Matthew Olt, and is replete with singing, dancing and musical comedy. The dancing by a chorus of 12 pretty girls is especially good and their frequent change of costumes makes a decided hit with every audience. Sunday night an excellent sacred concert has been arranged with some new motion pictures. Next week the attraction in the theatre will be vaudeville with some favorites on the list.

The Benevolent Fraternity Fruit and Flower Mission (formerly the Boston Flower and Fruit Mission) will open its 45th season on Tuesday, June 9th. The distributions made by this mission for so many years have brought sunshine and comfort into such hosts of darkened homes and unfortunate lives that it may well be reckoned as one of our most "worthwhile" benevolences. The Newtonville Woman's Guild will as usual, take charge of all contributions of flowers, fruits, vegetables, and other comforts which may be sent to the R. R. station on Tuesday and Friday mornings before 9 o'clock. All are urged to contribute. Residents leaving town for the summer who have contributions they could make if they might be assured of careful collection, may make arrangements for such collection by telephoning the chairman of the Flower Committee, Mrs. Charles D. Kepner, N. N. 1794 M. While enjoying the beauty and the rest which summer brings to most of us our pleasure will be greatly enhanced by thus helping those in the hot city so much less fortunate than ourselves.

BIRTHDAY CELEBRATION

What had been planned as a small informal gathering developed into a large surprise reception on Thursday evening of last week, when Dr. William Otis Hunt of Newtonville, celebrated the sixtieth anniversary of his birth.

More than 200 friends assembled at his residence on Newtonville avenue and fairly overwhelmed him with congratulations. Neighbors and friends came to the assistance of the bewildered host and hostess, and arranged for the entertainment of the guests.
The dining-room was decorated with pinks, roses and greenery, and an impromptu refreshment committee was formed by Mrs. John W. Byers, Mrs. George H. Robinson, Mrs. Arthur H. Park, Mrs. Fred E. Mann, Mrs. Walter Kelly and Mrs. George A. Edmands. Dr. Hunt's sister, Mrs. John A. Fenno, poured, assisted by Mrs. William P. Upham, Mrs. Fred M. Lowe and Mrs. Arthur E. Felch. Mrs. Harold O. Hunt, Mrs. Richard F. Hunt, Miss Ernestine Hunt, Mrs. John E. Atwood and Miss Emily Thompson served, assisted by the Misses Evelyn Wadleigh, Frances Payne, Marion Gordon, Elizabeth Upham and Marjorie Talbot.

Delegations were present from the Masonic Fraternity, Medical Profession, Newton Hospital, Lasell Seminary, and the Newton Medical Association. During the day and evening telegrams, telephone messages, cards and flowers poured in, and an interesting event, was the arrival in the afternoon of a beautiful Oliver typewriter, presented by Newtonville friends and patients, with the accompanying couplet:

"What's this story I hear of the day
Let him live to a hundred, we want
him on earth."

GIRDLER-AREND

Under an arch of roses and ferns, with Central Garden, Newtonville, attractively decorated in white roses, white lilies, palms and ferns, the wedding took place on Tuesday evening of Miss Ruth Arend of Brookline, the daughter of Mrs. Sarah B. Arend, a former resident of Newtonville and Waban, and Mr. Louis Tracy Girdler of Muskegon, Mich. Rev. Jay T. Stocking of West Newton, D. C., the former pastor of the church performed the ceremony which took place at eight o'clock.

The bride wore heavy ivory white satin trimmed with duchess lace, with a long square train. She wore orange blossoms on her girdle and skirt and the same flowers were used on a long tulle veil arranged with a cap effect. She also carried a bouquet of lilies of the valley, Miss Ethel Whitell of Richmond, Va., the maid of honor, was in pale green chambray, the bodice and skirt draped with white silk shadow lace and pearl trimmings. She wore a hat of green tulle and ribbon and carried white roses and ferns. The bridesmaids were the Misses Barbara Wiley, Clara Wiley, Dorothy Winchester of Waban and Helen Eustis of Newton. They wore dresses of apricot shade chambray draped with white silk shadow lace with tulle hats to match their gowns and carried tea roses and ferns.

Mr. Sidney West of Helena, Ark., was the best man and the ushers were Messrs. Jeffery Mayo of Chicago, Albert Mellen of Newton Highlands, Stanley Arend of Brookline, and Richard W. Wright, Jr., of Readville, Mass.

A largely attended reception followed at the Newton Club Mr. and Mrs. Girdler being assisted in receiving by Mr. and Mrs. B. Arend, Mr. F. Spencer Arend, brother of the bride and the bride party. Dancing followed the reception.

Mr. and Mrs. Girdler will reside at Muskegon, Mich., where they will be at home after September first.

WOMEN'S CLUBS

Miss GRACE M. BURT, Editor.

Brighthelmstone Club Country Fair

The following reports were read at
the recent meeting of the State Fed-
eration:

Literature and Library Extension

The plan to arouse intelligent inter-
est among the organized women of
Massachusetts in the literature of our
times, that interprets and states the
problems of our times, has been the
chief motive of this department dur-
ing the year of 1913-14. Our ideas
have been embodied in three courses
of reading for distribution among the
clubs, and to individuals.The reading outlines cover three
subjects: The Modern Woman as Re-
flected in Contemporary Literature;
Labor and Capital, or Industrialism as
Reflected in Contemporary Literature;
The Social Evil. Club women are bear-
ing upon all the complicated problems
of contemporary life. If their influ-
ence is to be of valuable help to our
constantly progressing order of life,
an open mind is the first requirement.
No longer can the narrow view, the
rigid habit, a mind "made up" once
and for all time, be maintained in re-
lation to the shifting panorama of
daily life.Perhaps I should add that this state-
ment has nothing to do with the gen-
eral virtues, character, is always con-
stant. But what we effect in organiza-
tion by occasioning in some degree the
conditions under which we shall live
tomorrow, is the activity that needs the
illumination and sympathy that come
from human understanding. This end can
be attained most directly for most of us
through literature. The General Fed-
eration of Women's Clubs has indorsed
our Reading Lists and asked permission
to circulate them through the country.The work of a literature conference
must be inspirational rather than
practical. Your chairman wishes al-
ways to secure the best work, and the
vitality of literature, coupled with
an enthusiastic wish to know the
literature of our own time. If the
conferences we hold seem barren of
specific directions, we beg you to bring
your particular need to our attention.
It shall be carefully considered.The Library Extension Work has
been in line with earlier work. "Story
Telling" for children is increasing; a
dozen clubs report successful ventures.
The Cosmos Club of Wakefield fur-
nishes a very interesting report of
their Story Telling hour established
this season. Three hundred children
were present at the first meeting. An
Art Hour was Wakefield's contribu-
tion to this form of service.The chairman writes that the Art Hour
was a particular success. She advises all
who are intending to arrange "Story
Telling Hours" to adopt the plan of
grading the children. This is done in
Millbury where their successful work
is continued. Several clubs report the
"reading of poetry" in connections with
the stories.At the best we are in this depart-
ment, creating an evanescent thing—a
State of mind—we want it to be free,
open, inquiring, sympathetic—we want
it to be aware of the best that is
known and thought in our time. Let
no vital thinking escape it. Let heroic
impulses inspire it. Let it be guided
by noble closeness to the heart of
humanity through its revelation in lit-
erature. Then we begin our construc-
tive work for this great fabric, life,
we shall have some realization of the
significance of our acts.
Mrs. True Worthy White, Chairman.

Report of the Clerk

On this day the Massachusetts State
Federation of Women's Clubs com-
pletes twenty-one years of useful,
constructive life. The year now closing
has been a most busy one in many
ways.Two Federation meetings have been
held during the past twelve months.
The Autumn meeting was held at the
invitation of the Whitman Woman's
Club, November 17th, with Home Econ-
omics as the subject for discussion, and
attendance of 832. The Mid-Winter
gathering of the Federation was held
in Dorchester, guests of the Dorches-
ter Woman's Club, where the topics:
Legislative Measures and Literature
were considered. The audience totaled
877.Two President's Conferences have
been held: one on October 28th with
the Old and New of Malden, and the
other, an all day meeting, with the
Watertown Woman's Club. A depart-
mental conference was held Septem-
ber 25th at the Vendome, representing
all Departments, Meeting and Press
Committee. There have been ten reg-
ular and three special Board meetings
with an average attendance of twenty-
one.Your Clerk, during the year, has
sent out some 385 printed notices, ap-
pointing chairman and committee
members; 1,330 credentials, 464 postal
cards, and 4,074 notices, circulars and
sets of questions, which does not in-
clude the many letters written on
Federation work.Of the list of questions pertaining
to the work, 179 were returned and
150 answered complete. In many in-
stances, in addition to the regular
statements, detailed letters about work
done or contemplated were included.
From these answers, the Civics and
Home Economics Departments seem
most active, with Art, and Education
following closely. The Bureau of In-
formation and Legislative Departments
showed a decided increase.Department Conferences during the
year have numbered twenty-four, in-
cluding two special conferences, one
on Social Service, and also a joint
conference on Art, Music, and Liter-
ature. An increasing attendance, so
largely an indication of interest, has
been noted at every one of these con-
ferences.At the Executive Board Meeting of
November 3rd, a vote was carried that
the Federation co-operate with theBoston Retail Grocers' Association in
carrying on the Domestic Science and
Pure Food Exposition to be held in
Boston on the dates of October 5th to
31st of the year 1914.The Club year has brought an ever
evident display of enthusiasm for the
solution of Civic problems effecting
every one as individuals, in the home,
collectively, as members of the
State.

Belle R. Clark, Clerk.

Civics

The work of the Civics department
is essentially the same as last year
and embraces the following lines of
work:City and Town Planning, Appoint-
ment of a Planning Board, Better
Housing, Village and Town Improve-
ment, Bill Boards, Curfew Law, Clean
up Days, Juvenile Court and Probation
Work, Public School Buildings as Rec-
reation Centers, Playgrounds with paid
directors, Junior Civic Leagues, Mass-
achusetts Savings Bank Insurance.Personal letters have been sent to
the presidents of all the clubs in the
State Federation, outlining the work
of the Department, asking for sugges-
tions, and calling special attention to
the resolution endorsed by the Mass-
achusetts State Federation at its An-
nual Meeting, relative to lowering the
steps of the street cars. Our achieve-
ment has not been commensurate
with our work, however, the Public
Service Commission has ordered that
all new cars shall be equipped with
lower initial steps.There has been much active interest
in all lines of the work of the depart-
ment. One hundred and forty-nine
clubs have replied to the "questions"
sent out.Several are interested in Penny Sav-
ings, others in District Nursing, in
Dental Clinics, Street signs, Automob-
ile warnings, Sewing schools, Boys'
Clubs, and one club has formed a
Girls' Club.The Civic Department embraces
many lines of work, but all of these
center in one idea, one problem, the
making of our future citizens. The
youth of to-day is the citizen of to-
morrow, and we, as educators, must
concern him, his education and his
environment. We are working for more
beautiful surroundings, for healthier
and happier homes, and for more suit-
able places for work and play—and in
so doing, to promote good citizenship.

Rowena G. Fisher, Chairman.

Music Department

Work in the music department has
progressed this past season along the
same simple lines as heretofore. It
is not possible to record any great pro-
gress nor to give very definite results.
The aim each year has been to get
more people interested in the subject
of music, that the influence which
clubs can exert, especially in the
schools, be more widespread. From the
parents and the home. Repeatedly
the request has gone forth to clubs
from this department, that more music
work be planned for those with no
musical training, and no active in-
terest in music. Some clubs have
heeded this request, but the majority
of clubs have not. It is especially
in the schools, where music is taught
by choral, glee, orchestral or study
classes which generally appeal more to
the musical members than to those who
simply enjoy hearing music. It is
possible to present music in the club
so simply that a member even indif-
ferently interested in music may be
attracted and benefited.In January a Musical Bureau was
organized to arrange for the appear-
ance in clubs of musical artists, and
speakers upon musical subjects the
resulting fund to become the nucleus
of a Musical Scholarship. The whole
plan seems a necessary part of club
service, and the Musical Scholarship
a feature each club can only meet
with success through the co-operation
and interest of individual clubs. Musi-
cal artists will be secured or musical
programs arranged by this Bureau.Outline No. 11, a Study of the Growth
and Advancement of Music, a pam-
phlet for class study, has been issued.
This outline is prepared and intended
for those who enjoy music, have not
studied it, but who would know more
about it.Two conferences have been held
during the season. The program in
each case was arranged to emphasize
the need of a greater interest in the
music which is a part of our life of
today.The department presents a few
thoughts for consideration: Class
study so prepared that it shall interest
good listeners of music, a course of
reading in Musical Literature, A re-
vival of home songs and patriotic songs
taught in the homes and also presented
in the Moving Picture Theatre, More
interest in Opera singing in our own
English language, Income better ac-
quainted with the plans of the Musical
Bureau and its attractions, that the
Scholarship may mature from an im-
aginary to a real thing.
Mrs. Edward R. Newton, Chairman.

Conservation

On the eve of sailing for Europe, the
General Federation Chairman of Con-
servation, Mrs. Emmons Crocker, sent
this message to all her State Chair-
men:"Remember that the things for
which we are working this year are:
first, and foremost in importance, the
Newlands Bill; second, the Lever Bill;
third, "A Bill to provide for maintain-
ing the purity of interstate waters and
for preventing the needless pollution
thereof;" lastly and always, we stand
for the integrity of our national for-
ests and the Forest Service, and are
hoping that any bill to parcel them
out to the states or hamper the Forest
Service. Now and forever for Federal
Control of our National Forests."In line with this message, the State
Chairman has worked for all these ob-
jects. A telegram was sent in Oct. to
the United States Senate in regard to
the Hetchy Valley matter. New-
lands bill clauses have been sent to
every club in the State. International
Waterways have formed the subject
of study during the winter in ourConservation study class, and we have
worked in the interest of forests, State
and National, by writing on the sub-
ject personally and through committee
members to United States Senators and
to our own state legislators.The Conservation Department has
held one State Conference, March 9,
1914, by invitation of the Maplewood
New Century Club of Malden, and one
local conference at the regular meet-
ing place of the Department, 3 Joy
street, Boston.Next year is full of promise. With
the completion of the Panama Canal,
expert service, such as the world has
never before known, will be at hand
for other great undertakings. Should
the Newlands Bill become a law who
can picture the marvelous benefits
that must result?In closing, the Chairman would pay
tribute to her efficient Committee, and
her thanks and praise go out to all
Clubs and Chairmen whose fine reports
of unusual accomplishment can but
bring joy to a State Chairman. What
Clubs have done, Clubs can do. The
plan to all is, put one Conservation
Day in your program, one of its phases
as a subject for study.In the air which we breathe, and in
the waters all about us, lie elements
of combustion more than sufficient for
all our needs. The door to such
knowledge opens out on the Infinite,
but the Key is not yet furnished to
man!

Mary C. Sweet, Chairman.

ton recently were "At Home" to the
club members of the Fenwick Church
Sunday School. Eighteen ladies and
gentlemen were present and most
pleasantly entertained with selections
from Schumann, Chopin and the mas-
ters of piano composition, and with
brief addresses on the "Art of Compo-
sition." Three bouquets, one of roses,
one of sweet peas, and one of carn-
ations, were presented by the class.
Also a book entitled "One Hundred
Years of Peace" by Henry Cabot
Lodge, which was presented by Mr.
Conant with well chosen remarks.

FLOWERS

Growing by life's dusty pathway
Children also of the dust,
Blossom flowers of sweetest frag-
rance
Heavenly messengers of trust."Neath the snow and might of
winter
Well concealed from mortal's sight
Buried treasures now are sleeping,
Waiting for the Easter bright.Flowers are these of God's own
planting,
Germs of life from out the skies,
Resting quietly till Springtime's
Warmer sun shall bid them rise.Winter's frost hath never chilled
them,
Winter's storm so fierce and cold
Never once their slumbers troubled;
God did in his right hand hold.In his hand are earth's deep places,
In his hand the tiny seeds,
In his hand the smallest sparrow,
In his hand the heart that bleeds.Quickly now the morning cometh
Joyfully O Earth proclaim
Resurrection life in chorus
Glory to Messiah's name.Wondrous life to all creation,
Paradise to earth restored,
He who spake the worlds to being
Comes to earth, the risen Lord.Quickly now all life reviving,
Peeping shyly from each bed,
Come the daffodils and tulips,
Purple hyacinth and red.Yellow crocus and narcissus,
Violets of royal blue
Buttercups and daisies, roses,
Sweet peas, and carnations, too.Breathing fragrance rare for nations
Telling of a Father's love
For his toiling, earthly, children,
"Till they, too, shall rise above.All the dust of earth's brief planting
To a glory life supreme,
Radiant in the Master's likeness,
Evermore to live with Him.

NURSES GRADUATE

The graduating class of the Train-
ing School for Nurses at the Newton
Hospital received their diplomas yester-
day afternoon at the close of a most
interesting program held in a large
tent on the Hospital grounds.The exercises, which were attended
by a large number of friends of the
Hospital, were opened with prayer by
Rev. Charles H. Cutler, D.D., of the
Union Church, Waban, followed by an
address by Dr. J. E. Goldthwait, one
of the ablest men of the medical pro-
fession in the country. Dr. Goldthwait
gave a most helpful and inspiring
address on the importance of making
the most of the bright side of life and
was most optimistic in his point of
view. He particularly urged the gradu-
ates to take this principle into their
life work, and gave several practical
illustrations of its value. Dr. David
Snedden, Commissioner of Education
for Massachusetts, also spoke on Vo-
cational Education in its relation to
nursing. Mrs. Ralph C. Emery sang
two groups of songs, which were
greatly appreciated. Mr. William Clax-
ton Bray, president of the Hospital,
presented diplomas to 21 young ladies,
one of the largest classes ever gradu-
ated from the school.Miss Riddle, the matron of the Hos-
pital, who is regarded by many as be-
ing at the "head of nurses in Ameri-
ca," then presented each graduate with
a Hospital badge.

DEATH OF MR. STEVENS

Mr. Eugene A. Stevens, a resident
of Waverley avenue, Newton, for the
past ten years, died yesterday
morning at the Newton Hospital, after
a short illness with scarlet fever. Mr.
Stevens was born at Blue Hill, Me.,
Sept. 4, 1858. He was deeply interest-
ed in religious work and was a deacon
in the Union Congregational Church
of Boston. In business he was asso-
ciated with the Cutter-Tower Co., of
Boston, and married on Oct. 10, 1894,
Miss Emma G. Tower, the daughter of
the late Levi L. Tower, of that firm.
Mrs. Stevens died about two years ago.
Mr. Stevens was a member of the Blue
Hill Lodge of Masons. The burial
will take place at Blue Hill, Me.Memorial services will be held in
the chapel of the Union Church, West
Newton street, Boston, at three o'clock
on Sunday afternoon.

MISS MACOMBER DEAD

Miss Agnes Macomber of Newton
Centre, daughter of Josephine H. and
the late William Macomber, died last
Friday morning. She was born in
Boston, was educated in Newton, and
finished her studies at the National
Park Seminary, Washington, D. C.
She took up the study of dancing eight
years ago with Mr. Gilbert of Boston,
and continued this work with Mr. Dod-
worth and Mr. Chaff of New York.
The past winter Miss Macomber had
had the Tuesday and Thursday after-
noon dancing classes at the Copley-
Plaza, besides classes in Brookline,
Medford, Cambridge and Somerville.
She is survived by her mother, a
brother, Leonard Macomber, and a sis-
ter, Miss Betsey Macomber, who live
in Newton Centre.

ment clerks, pensioning Charles P. Powell, former janitor at City Hall, at expense of \$214.81 for 1914, authorizing issue of \$30,000 in special sewer bonds, appropriating certain orders passed previous to the annual budget, to conform to new Municipal Finance law, making disposition of sewer assessments and charges received during the present year.

Recommendations of the mayor for transfer of certain street appropriations for appropriation for repairing Centre street bridge, for \$1000 to complete work on Circuit avenue, for \$865 for work on Hobart road, for \$1072 for work on Monadnock road, relative to repairs on Newton Centre engine house, school committee for ventilating, etc., at Pierce school house the board of health for \$5000 additional for Contagious sick, of Chas. W. Ross, for \$166.66 as pay as former street commissioner, and of the City Engineer to relocate line of Hancock street, were referred to committee.

The communication from the Edison Electric Ill. Co. agreeing to continue its work of constructing underground conduits in this city for the next five years at the rate of \$20,000 each year was referred to the Mayor, after President Blakemore had called attention to the fact that this agreement was largely due to the work of Alderman Rice.

Petitions were received from Simon Morrell, G. DeLuco, M. J. Mulcahy, D. P. Lynch, W. Harrington, J. S. Roberts, E. L. Lindley, M. J. Feeley, F. E. Carvelli, Adams Ex. Co., C. G. Newcomb, F. Gasbarri, J. P. Burke, Horatio Butters, Leander Sampson, F. C. McGourty, Johnson & Keyes, and the Clearing House Parcel Co. for permits to transport intoxicating liquors, of the Edison Co. to relocate 1 pole on Meredith avenue, and attachments on Austin and Pearl streets, of Moore et al for sewer in Warwick road, of Mrs. Mary Stuart, Eastside parkway, M. G. Estabrook, Jr., Hampshire street, A. F. Hubbard, Highland avenue, D. T. Sullivan, Orris street, Ann Murphy, Homer street, H. A. Ely, Cedar street, Hayward et al, Pembroke street, Jones et al, Bradford and Endicott roads, Collins et al, Carver road, Wood et al, Waban avenue, Waldron et al, Linwood avenue, Place et al, Beacon street, Pitts, et al, Pembroke street, and Barbour et al, Phillips street, for street sprinkling, of Wood et al to lay out Nobscot road, of White et al to lay out Bacon place, of the Telephone Co. for attachments on Walnut street, and of Antonio Maneca for pool tables on Watertown street.

On reports of committees, leave to withdraw was granted on claim of Denis G. Dargon, the rules of the board were amended in regard to reference of matters to committees, the penalty clause of the Revised Ordinances made a trifle broader and clearer, pool table licenses were granted A. Caruso, Washington street, West Newton and Edward B. Fickett, Walnut street, Newtonville, common victualer licenses granted to Back & Robinson, Upper Falls, L. E. Reichle, Wawbewawa Boathouse, Masten & Wells granted permit to discharge fireworks for trial purposes, Orrin Bagley granted permit to operate power boat on the Charles river, the Edison Co. granted attachments on Highland avenue, Pelham street and Beacon street, concrete sidewalks under the betterment act laid on Aberdeen street, hearing assigned for June 15 on laying out of Duffield road, under betterment act, sewer construction ordered in Auburndale avenue and Fuller street, street sprinkling ordered on various streets, water mains ordered laid on Aspen avenue, Grant street and Warwick road, and abatements authorized in betterment assessments levied on Upland road.

No action necessary was reported on request of Orrin Bagley to build float in Charles River near Commonwealth avenue, on matter of sewer damages estate of Fannie W. Rogers and on proposed ordinance relative to allowance in excess of appropriations for sewer and water construction. Leave to withdraw was also granted Geo. L. Johnson on his claims for damages caused by drain, etc.

The appointments of Mayor Childs of Ralph T. Laffie, Harry S. Perlmutter and Hiram H. Gilfix as constables and the usual re-appointments of Public Weighers were confirmed. The board at 9:45 P. M. adjourned.

TECH SCHOLARSHIP

Mr. George Henry May, of Newton Centre, has given the Institute of Technology, funds to establish the May scholarship, and a further gift of a similar amount for the benefit of the Chemistry Dept. of the Institute. The gifts were announced this week by President MacLaurin.

The scholarship to be called by his name, is a full tuition fee and it is for the benefit of graduates of the Newton High School. In order to eliminate any suggestion of charity, the provision is made in the deed of gift that each recipient shall give to the institute a note for the amount received. This is to be repaid to the fund without interest when the recipient may find himself in condition so to do, but in the event of death before the note is paid, it is not to be considered a debt of his estate.

MEMORIAL DAY

(Continued from Page 1)

Remarks were also made by Commander Nolan, S. W. V. Lieut. Tierney of Co. C, Miss Cunningham for the Daughters of Veterans, Commander Munsil for the Sons of Veterans, Rev. Laurens MacLure for the clergy, and Mr. Chas. S. Ensign for the Associate Members of the Post, and Rev. Galusha Anderson gave some interesting stories of life in St. Louis before and during the war.

A telegram of sympathy was sent to Miss Kittie Flood, who is ill in Detroit.

RECITAL

The pupils of Mrs. Lillian Haynes Walker, assisted by Master Barrows C. Whittemore, soprano, of Newton, gave the last recital of the season on Tuesday evening in their studio at Newtonville. An excellent program of high class music was presented which included Squire's "Triste," beautifully rendered by Miss Fannie Puffer; "Eye Hath Not Seen," and "Tell Her I Love Her So," which were finely sung by Master Whittemore, and an excellent rendition of "a—Elegie—Massenet" and "b—Cantilena—Goltermann," by Miss Hilda Jones. Wagner, "a—Recitative and Aria, 'To the Evening Star,'" Squire's "b—L'Innocence," and Schlemmiller's "c—Wegenerlied," were admirably performed by Master Richard T. Loring, Jr., and a pleasing song with cello obbligato, Roband's "Alla Stella Confidente," by Mr. and Mrs. Albert L. Walker concluded a most enjoyable program.

THE NEWTON ARCHERS

The Newton Archers held an all-day archery tournament on their range at the Newton Centre Playground on Saturday, May 30th, and Mrs. B. P. Gray again showed her superiority with the bow by winning not only the Columbia Round which was participated in by the ladies only, but also the American Round in which both ladies and gentlemen took part. Mrs. Gray is already shooting in mid-season form and the archers of Boston and vicinity have great hopes of her winning some championships at the National Archery Tournament to be held at Philadelphia next August.

There were seventeen archers who took part in the contest Saturday afternoon. Several of these were beginners who had only just obtained their archery tackle and who were contesting for the first time. Many of these did not finish the complete rounds, nor turn in any scores. Following are the scores that were handed in Saturday:

YORK ROUND	
B. P. Gray	83-359
L. C. Smith	72-318
C. E. Dallin	59-249
C. T. Switzler	44-202

COLUMBIA ROUND	
Mrs. B. P. Gray	63-361
Mrs. L. C. Smith	63-349
Miss Pierce	59-243
Miss Van Aken	24-100

Among those who took part in the contest, but did not turn in any score, were Mr. H. A. Ives, the Misses Stella and Bertha Ives, Mrs. C. H. Copeland, Miss Annie Folger, Mrs. Frank Peckham and Miss Lancaster.

WEINZ-RILEY

The wedding of Miss Grace Verna Riley of Mt. Vernon street, Newtonville, the daughter of Mr. Sarah Eaton Riley of Worcester, and Mr. Arthur Gordon Weinz of Dorchester, took place Wednesday evening at the Newtonville Methodist Church, where Rev. James Watson Campbell, the pastor, performed the ceremony at seven o'clock.

The bride was gowned in white satin Duchess lace, and was escorted by Mr. Ed. Riley of Worcester, as maid of honor, wearing pink taffeta and white net and carrying a Tosca cane of pink sweet peas and marguerites. Miss Doris Sargent of West Newton, in pink and white mull was the flower girl.

Mr. Joseph Washburn Worthen of Cambridge, Dartmouth, '09, was best man and the ushers were the Messrs. George Munroe York of Somerville, Dartmouth, '09, James Hitchcock of Cambridge, Dartmouth, '09, Albert G. Ferguson of Roxbury and Daniel R. Beckford, Jr., of Dedham. The music was rendered by Carl Marston Safford, a school mate of the bride.

A reception followed the ceremony at the residence of Mr. and Mrs. Charles Edward Conant on Mt. Vernon street, Newtonville. Mrs. Conant being a sister of the bride. Mr. and Mrs. Weinz were assisted in receiving their friends by Mr. and Mrs. Henry Lewis Weinz and Mr. and Mrs. Conant.

Mr. and Mrs. Weinz will reside at 47 Broadway, Newtonville, where they will be at home after October first.

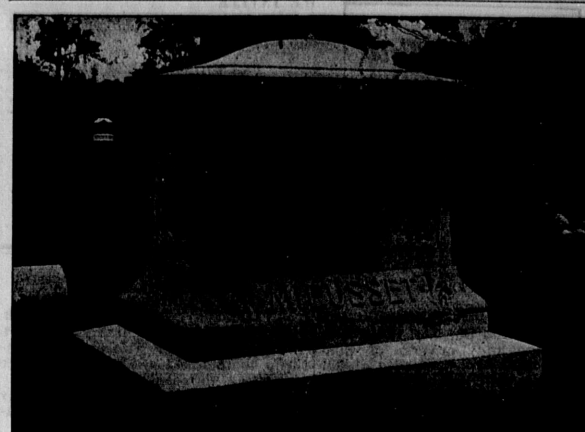

THE MISSES ALLEN SCHOOL OF WEST NEWTON

The tenth graduation of The Misses Allen School was held Thursday afternoon. Mr. Ribbany of Boston gave the address to a large number of present graduates. The graduates were: Miss Virginia Frost of Boston, Miss Martha Chapman of Maine, Miss Martha Dolman of Missouri, Miss Una Haws of Illinois and Miss Helen Whitaker of Brookline.

A reception, followed by refreshments and a social hour, was enjoyed by all.

FLAG DAY

An Appeal For More Honor and Respect For Our National Colors

More and more as the years come and go, we realize the significance of Flag Day—June 14, Old Glory's birthday. For one hundred and thirty-seven years, the stars and stripes have been the visible symbol of our nationality, and with but few changes. The original plan of an additional stripe and star for each state added to the Union soon proved impracticable, the narrowing of the stripes detracting from the beauty of the flag; and so, in 1818, the number of stripes was fixed at thirteen, the number of the original states, and a star has been added for each newcomer, until now we have a constellation of forty-eight stars upon the azure field.

Sometimes we hear rumors of proposed changes in our flag, but it is difficult to believe that anything like an organized movement for that purpose exists. Our banner is so beautiful, so satisfying sentimentally and artistically, that no true American of any section could wish to see it changed or displaced.

On Flag Day we unite to do honor to it, to demonstrate our love for it, to retell its story. It is an especially fitting time to call attention to the desecration to which it is sometimes subjected, because of the carelessness which seems to be an American peculiarity, for it is said that all other great nations uphold the dignity of their standard to a greater degree than is customary with us.

Special interest attaches to Flag Day this year, because we are soon to celebrate the centenary of the

writing of the "Star Spangled Banner," which the war department has designated as our national anthem, and which calls us to our feet wherever its inspiring strains are heard.

Our flag is often eulogized as the "unconquered banner." Shall we not add to that title that of the unsullied banner? On our public buildings, our schoolhouses and in our churches it should stand only for the best—clean politics, superior educational advantages, loving service.

When every child has learned the lesson of love and reverence for the flag, our future will be assured. While we would not, as is sometimes alleged, make a fetish of the flag, we would have our people more familiar with its story than they now are. They should know of the sacrifices which were made for its possession, and later for its preservation when its entirety was threatened, and the dark stain upon its folds had to be expunged by heroic methods.

That our observance of Flag Day shall not be merely perfunctory, let us bring to bear a sense of the honor and dignity and nobility which should characterize the display of the flag, and so disseminate and absorb the lessons of the day that the result shall be a new consecration to the highest patriotic and civic ideals, and to the broad Christian charity which includes all mankind.

NEARLY DROWNED

A drowning man, who created considerable confusion among canoeists on the Charles River at Auburndale, was saved Sunday afternoon by patrolman Arthur Hardy of the Metropolitan park police. The rescue, which was witnessed by several hundred persons, occurred only 50 feet below Weston Bridge, almost directly in front of the police station.

The man, accompanied by a friend, both of whom were Poles, and unfamiliar with the management of the frail canoe, created the wildest confusion among several canoeists when the craft suddenly overturned. Officer Hardy saw the accident, and with a jump cleared the railing around the piazza at the station, slid down a brass pole and with another step was in the police boat, pulling with all energy to the scene.

One of the men could swim slightly, while the other, who was absolutely helpless, let go of the overturned craft, which both had grabbed on coming to the surface. When they found it sinking slowly under the weight, one of them made a grab for another canoe, which was close by. The male occupant of this canoe was apparently frightened, for he paddled out of reach of the frantic man.

When the drowning man came to the surface after the third time, he was held up by his friend, who had continued to cling to the overturned craft. The Pole was frantic, and his friend was forced to fight with all his might in order to maintain his grip and hold up his companion.

Both were weakened when patrolman Hardy reached out of his boat and by the shoulders pulled them to safety. The drowning man's nose was

bleeding freely and considerable water was taken from his lungs and stomach by the police.

DEATH OF WILLIAM H. BLOOD

Mr. William Henry Blood, who was for many years in the wholesale dry goods business in Boston, died Wednesday at his home, 31 Woodbine street, Auburndale. He was a native of South Boston and was 77 years old.

Mr. Blood's parents removed from South Boston to Charlestown when he was very young and his education was obtained in the old Training Field school, long since extinct, and the Charlestown high school. Soon after his graduation, Mr. Blood's parents went to Auburndale, and his residence there extended over a period of 63 years.

Mr. Blood was first connected with the dry goods firm of Laurie, Blood & Hammond, then the house of Edwin O. Bullock & Co., and finally was senior partner in the firm of William H. Blood & Co.

Mr. Blood was deeply interested in the Congregational church, and has been clerk of the Auburndale Congregational Society since 1878. At the time of his death he was treasurer of the Boston Congregational Society, a position that he held for 25 years. He was a deacon in the Auburndale church for 29 years and its treasurer for 14 years.

Mr. Blood's first wife was Mariana Williamson, of New Brunswick, N. J., and one son by this marriage, Mr. William H. Blood, lives in Wellesley. His second wife, who survives, was Mary F. White of Medway. The surviving child by this marriage is Mr. Charles Winthrop Blood of Auburndale.

DOG SHOW

Ladies Kennel Association Has Exhibition At Woodland Park

One of the best exhibits of dogs held in the East for several years, out of doors, took place Wednesday on the grounds of the Woodland Park Hotel, Auburndale, under the auspices of the Ladies' Kennel Association of Massachusetts. Many of the star dogs of the country were benched, including J. W. Minton's Oak Nana, the \$2000 bulldog which was recently bought in England and won over Thomas W. Lawson's Dreamworld Juana.

Mrs. P. J. Talbot, secretary of the association, won several prizes Wednesday with her international champion, Champion Muckery Fen, an Irish setter. Them of Turo, owned by the Turo Kennels, won the plate valued at \$100 as the best novice owned and shown by a member of the association, and Mrs. W. H. Ingham, showing Min Toy, a Pekinese spaniel, was awarded the plate, also valued at \$100, for the best novice owned and bred by a member of the association.

One of the largest winners of the day was Champion Inna Selected, a collie owned by Miss M. Bullocke of Connecticut. Trophies for the best champion in the show and also for the best collie were won by the champion, as were also 14 first and special prizes.

The smallest dog in the show, Little Nemo, weighing only 1 3/4 pounds and owned by Mrs. Margaret Foley of East Boston, won a prize in the Black and Tan exhibit against much heavier dogs.

The exhibit of Boston terriers was the largest on record in the club, with 33 classes on exhibition. Tony Ringmaster, owned by Mrs. J. Francis Legg of Worcester, became a champion Wednesday, having now won his necessary 15 points, counting his first prize Wednesday. The Idahurst Kennels made a good showing in the Cockers Spaniels exhibit, taking two first prizes in the winners. Thomas W. Lawson's Dreamworld Centaur won several special prizes.

Mrs. John Newton Champion was held ring steward and her assistants were Miss M. Bullocke, Mrs. Adnah Noyah, Mrs. Roy E. Pushee, Mrs. Henry S. Bush, Miss Helen Shillaber, Mrs. E. P. Hodson, Mrs. Thomas Bell, Mrs. W. H. Ingham, Mrs. A. M. Sweatt, Mrs. J. Wheelock Spring, Miss Alice Brownell, Mrs. Francis P. Kendall, Mrs. John Horsfield, Mrs. W. N. Gilbert Clark, Mrs. C. A. Orcutt, Mrs. William F. Kinder and Mrs. L. E. Dangler.

The judges were Miss Anna Whitney, Horace Belcher, Harry Waldron, Roy Baker, Fred Purdy, Daniel Ritchey, Mrs. Anna Hungerford and James Mortimer.

MEMORIAL SERVICE

The chapel of the Union Congregational Church, Columbus avenue and West Newton street, Boston, was filled Sunday afternoon at the memorial service for Eugene A. Stevens of Newton, conducted by Rev. Benjamin D. Scott, pastor in charge.

Mr. Stevens was for many years a deacon at Union Congregational Church and William S. Kelsey, representative of the board, delivered a brief eulogy. Dr. Edward L. Twombly, chairman of the standing committee, referred feelingly to Mr. Stevens in his address. J. Russell Abbott, tenor, sang, with George J. Abbott as piano accompanist.

THE DANCANT

A Charming Afternoon Affair at the Brae Burn Country Club

The social event which marked the opening week's festivities for the merry month of June at Brae Burn, was the Dancant, given on Saturday afternoon from 4 until 6.

No more charming picture can be imagined than Brae-Burn on a June day; with its sloping stretches of lawn so well cared for, that it has almost a velvety smoothness, its picturesque surroundings, woody dells, glimpses of cool shady ponds, and shady glades. It was a most appropriate setting for this delightful affair which attracted about 400 of Newton Society's dancing enthusiasts.

Viewed from the spacious verandas of the Club, the scene was wondrously beautiful; a large green canvas for dancing was laid on the bowling-green in the valley, and all around it the tables were attractively arranged for the guests. As the sun began to sink in the west, it left the valley partly in shadow, and partly in sunshine, and with the dancers gliding gracefully over the green, the hand-some gay-colored gowns of the ladies, and the interested groups of spectators gathered about, and seated on the lawn, and under adjacent trees, was most picturesque.

There were more than 75 tables engaged for the dancant, and during the intermissions delicious refreshments were served.

A selected orchestra was in attendance, and the finely rendered selections for the various dances, were repeatedly encored, and both musicians and dancers were most enthusiastically applauded.

The dance program was announced at 4 o'clock and the order included the one-step, Maxine, Tango, Hesitation waltz, and Castle-Walk. Among the dancers were members of the Merry-Go-Round, Dancing Supper Club, and Newton Dancing Class, and their clever up-to-date dancing, aroused the liveliest admiration among the spectators, and in some of the difficult dances, they rivalled professionals.

The affair was most delightfully social and informal, and was arranged by Mr. Harry L. Ayer, who may well feel proud that so large and select a company enjoyed themselves so thoroughly under his direction.

Among those who had tables were, Mr. and Mrs. Harry L. Ayer, Mrs. H. E. Cobb, Mrs. W. H. Wheelock, Mr. and Mrs. W. Kirke Corey, Mr. and Mrs. Roy D. Pushee, Mr. and Mrs. A. Stuart Pratt, Mr. William Gilmore, Mr. G. G. Livermore, Mr. and Mrs. F. E. Stanley, Mr. and Mrs. Samuel W. Bridges, Mr. and Mrs. Charles J. Brown, Mrs. Paul Griffiths, Dr. Packard, Mrs. E. N. Kimball, Mrs. George H. Talbot, Mrs. Litchfield, Mrs. J. Charles Thomas, Mr. and Mrs. Gardner Irving Jones, Mrs. E. N. Kimball, Mr. and Mrs. Charles Wood Noyes, Mr. and Mrs. Waldron H. Rand, Mr. and Mrs. Frederick H. Baird, Mr. and Mrs. James Gardner White, Mr. and Mrs. Edward H. Barry, Mr. and Mrs. Willis R. Fisher, Mr. and Mrs. Franklin S. Hoyt, Mr. and Mrs. Charles E. Sweet, Miss Jordan, Mr. and Mrs. F. L. Richardson, and Mr. and Mrs. Frank H. Stewart.

LODGES

Newton Lodge, No. 92, I. O. O. F., will confer the third degree upon a class of candidates on Thursday evening, June 18th, in Odd Fellows Hall, West Newton.

There will be a public installation of the newly elected officers of Dal-housie Lodge, F. & A. M. in the Masonic Building next Wednesday evening. The installation ceremonies will be performed by Rt. Wor. Bro. Emery B. Gibbs and will be followed by refreshments and dancing.

MOTHERS' REST

Dancant At Newton Centre Proves a Great Attraction

The Tennis Tournament and The Dancant held at the home of Mr. and Mrs. Addison A. Burnham on Saturday afternoon, June sixth, was a delightful event for the young people of Newton Centre, and their friends. Early in the afternoon the Archery contest took place on the Playground with a crowd of interested spectators.

The Ladies' Columbia Round was won by Mrs. Burton Payne Gray, and in the Gentlemen's Team Round Mr. Homer L. Taylor was the successful contestant. The winner in the Ladies' Novice Class was Miss Ruth Brewer.

While the archery tournament was still in progress, the tennis courts on the Burnham estate were the scene of great interest, where the finals of the mixed doubles were being played off by Miss Margaret Newton of Cohasset and Mr. Clayton Ernst of Dorchester, on the one side, and Miss Dorothy Kendall and Mr. Horace Hall on the other. Later in the afternoon the beautiful silver cups, given by the Smith, Patterson Co. of Boston, were awarded by Mrs. Badger, chairman of the Finance Com. of the M. R. A., to the winners of the Archery Contests.

Two beautiful bronzed copper cups, suitably inscribed, also donated by Newton Centre friends, were given to the winners of the tennis mixed doubles; Miss Dorothy Kendall and Mr. Horace Hall.

The Tennis singles were played off early in the present week, the winners of the Ladies' Singles being Miss Margaret Newton of Cohasset, who received a beautiful silver cup to commemorate her victory. The Men's singles have not yet been finished and the name of the winner will probably be announced in the next issue of this paper.

A good orchestra made dancing in the charming old-fashioned house very popular after the archery and tennis contests of the early afternoon, and after supper, served on the west lawn under the trees which were strung with Japanese lanterns, the house was merry with young dancers till late in the evening. No more beautiful sight has been seen in Newton Centre for many a day than that in the picturesque hollow back of the house, as gaily dressed gypsy maidens dispensed lemonade on the old stone bridge to dancers on the green sward below, while their elders signed tea under the trees and everybody enjoyed the beautiful day on the charming grounds and in the hospitable mansion.

To Mr. and Mrs. Burnham and to the Finance Com. of the M. R. A. many thanks are due for a happy and successful occasion.

NEWTON PERSONS INJURED

Several persons were injured Sunday night about 10.30 when an outbound Auburndale car jumped the rails in front of 1375 Commonwealth avenue. Boston, dashed across the street and crashed into an electric light pole, breaking the pole and damaging the forward end of the car.

All the passengers on the car were badly shaken up, and while many suffered minor injuries, continued to their homes without assistance. Three women were injured and taken home in automobiles.

Mrs. Mary Kelley, 41 years old, of 145 Woodland road, Auburndale, suffered severely from the shock.

Elizabeth Barry, 41 years, of 942 Centre street, Newton, was injured about the legs and suffered from the shock.

Miss Elita Smith, 42 years, of 34 Westbourne road, Newton Centre, suffered from the shock.

GRAMMAR SCHOOL ATHLETES

Mason School Wins the Trophy At Annual Field Day Last Saturday

The annual grammar school athletic meet which took place last Saturday morning on the Newton Y. M. C. A. grounds attracted a large number of parents and pupils and reflected great credit on the director of playgrounds, Mr. Ernest Hermann, under whose direction the affair was held.

Mason school with a total of 46 points won the school trophy, altho the Stearns school was a close second. The junior events were won by the Mason school, while the Stearns school captured both the senior and intermediate honors. Marshall of the Mason school with three firsts was the best individual athlete, while Johnson of the Peirce, with two firsts, one second and a tie for third, was a close second. Slivney of Stearns had two firsts and one second.

The relay races are always interesting events in a meet of this sort and those of Saturday proved no exception to the rule. Stearns school won first place and Peirce second in the Intermediate class, and Mason and Horace Mann captured first and second places in the Junior class.

Ribbon badges were awarded the individual winners in each event. The summary follows,

PROF. BURRISON TO RETIRE

Professor Henry K. Burrison of Margin street, West Newton, and an instructor of drawing at the Massachusetts Institute of Technology, will retire at the end of the present school year under the benefits of the Carnegie Foundation. Prof. Burrison graduated from the Institute in 1875 with the degree of B. S., and then went to the Normal Art School for two years, acquiring the position of first year drawing at the Institute in 1877. In addition he has taught in the evening drawing school.

He is ranked with the most popular and the most esteemed of the entire teaching force of the Institute and tens of thousands of its alumni will extend their best wishes for his well earned leisure.

Prof. Burrison has a reputation as a collector of natural history, with specialties of butterflies and fresh water bivalves.

THE POPS

Mr. Maquarre ends his engagement as conductor of the Pop Concerts this coming Saturday evening, June 13th, and the next three weeks will have as conductor Mr. Clement Lenon, who made such a favorable impression and won so many friends last season. One special night of particular importance in this week will be Monday, June 15th, when Boston College will celebrate. This is always one of the pleasantest evenings at the Pops. Mr. Lenon is reviving a number of old favorites and has a large number of new pieces which are sure to win the liking of the public that frequents the Pops.

ADAMS—MASON

Miss Orrell Olive Mason, daughter of Rev. and Mrs. Marcus C. Mason of 24 Pelham street, Newton Centre, was married on Sunday evening to Rev. Archibald Guinness Adams of Newton Centre, a graduate this year of the Newton Theological Institution. The ceremony was performed at the home of the bride's parents by Rev. Emory Hunt, D. D., secretary of the American Baptist Foreign Missionary Society. Both bride and bridegroom are children of Baptist missionaries, and after a brief wedding trip they will go to East China to follow up the work begun by their parents. Mrs. Adams was born in Tura, Assam, India, and Mr. Adams is the son of the late Rev. Joseph Samuel Adams, who was a missionary at Ningpo, East China, when the son was born. The ceremony was of a simple nature, and the only attendants were Harold Adams, brother of the bridegroom, as best man, and Miss Marion Venn of Malden as maid of honor. A large number of ministers, missionaries and nearly the entire graduating class of the Newton Theological Institution, were present at the reception which followed the ceremony.

UNDER THE GILDED DOME

Interesting hearings have been held
this week before the committee on
Railroads on the Governor's message
in regard to the separation of the Bos-
ton & Maine and New Haven railroads
and on a proposed bill to incorporate
the Commonwealth Electric Railway
Company, and which only proposed to
consolidate all the electric railways
in the city of Boston and within a ra-
dius of ten miles of the State House,
including the Boston Elevated and the
Boston Revere Beach and Lynn steam
railroad. The latter plan probably in-
dicates what will come in the future
but the present bill has but little
chance of passing at this late day.

The hearings are over so far as the
Boston & Maine situation is concerned
with every prospect of a disagreement
not only in the committee but in the
Legislature as well. It is said the
powerful interests are at work to de-
feat this legislation in order that a
receivership may result and the pres-
ent leases by which the various por-
tions of the Maine system are now op-
erated, will be abrogated.

As the result of a recent court de-
cision by a judge of a police court in
the western part of the state, a bill
has been introduced stating that "it
shall not be unlawful to operate an au-
tomobile on the Lord's day." The
police courts of this Commonwealth
would be choked with business if every
person who operated an automobile
on Sunday was brought into court for
that offence. The bill, if really neces-
sary, ought to be passed in about as
long a time as it takes to tell this story.

Representative White's committee on
Ways and Means, with Mr. White
among a few dissenters has filed a fa-
vorable report on the proposed consti-
tutional amendment to provide for the
initiative and referendum in this
state. With the Democratic and Pro-
gressive platforms favoring this
amendment it would seem as if it
stood a chance to be adopted. Per-
sonally I believe the initiative is about
as clumsy a method of obtaining leg-
islation as could possibly be devised.

The House has also, in the face of
an adverse committee report, favored
a bill to abolish party enrollment, the
vote being 61 to 77 in favor of the bill.
The exact form of the bill under
this new plan has not yet been deter-
mined, but in any form, it probably
means the end of our party form of
government, unless some method of
picking out primary candidates can
be brought about in advance of the
primary itself. Some kind of parlor
caucus will undoubtedly be devised,
by which party candidates will be en-
dorsed and party membership deter-
mined.

Representative Ellis favored the
passage of the bill to provide improve-
ments at the Medford State Hospital
over the veto of the governor, while
Representatives Bothwell and White
supported the governor. The bill
failed to pass.

All three of our representatives
voted against the bill to regulate box-
ing and it was rejected by a close vote.
All three representatives also voted
against the bill to investigate the man-
agement of Middlesex County, which
was defeated by a tie vote. All three
men also voted with the minority on
the bill relative to tenure of office of
teachers and superintendents of
schools as recommended by the state
board of education.

The bill to provide a boulevard across
the cities of Cambridge and Som-
erville between Harvard Bridge and
the Middlesex Fells, at a cost of a half
a million, was defeated in the House.
The Senate has also defeated the bill
to provide for a station at Arlington
street on the Boylston street subway.

While Governor Walsh has given out
statements to the effect that there will
be but little, if any increase in the
state tax this year, the facts and fig-
ures show that there must be quite a
large increase. The appropriations al-
ready authorized to June 8 amount to
\$17,729,000 and there are bills
pending in the Legislature and in the
committee on Ways and Means which
if approved, will bring the total up

to \$19,740,000. Of course some of these
bills will be defeated but it is fair to
say that half of the pending measures
will pass the General Court. The total
appropriations for last year when the
state tax was \$8,000,000, were between
\$16,000,000 and \$17,000,000, so that
there will undoubtedly be at least a
million added to the state tax for the
present year. It also should be borne
in mind that a large shrinkage will
probably take place in the revenue
this year, due to the drop in the val-
ues of stocks on April first.

VIEWS OF SENATOR WEEKS

TRUTH, one of the cleverest week-
lies published in Boston, prints this
week, the following interesting letter
from Senator John W. Weeks of this
city on the political situation:

As requested in your letter of May
27, I take great pleasure in giving you
a brief summary of my views of polit-
ical conditions and the possible re-
sults of the election next November—
hazardous as I know it to be to make
a political prediction five months be-
fore election.

Very much of the time it is difficult
definitely to determine the trend of
political thought in the United States.
Even during campaigns, voters very
often attend rallies conducted by polit-
ical parties which it is not their pur-
pose to support, doing so simply to
satisfy their curiosity or to hear some
attractive speaker. A good illustra-
tion of this condition exists in the
case of Mr. Bryan's campaigns; his
audiences were frequently unprece-
dented in size, and yet it has been
clearly demonstrated that many of
those who attended did so solely on
account of his reputation as a gifted
speaker.

But there are other times when the
course of political thought is almost
as apparent as the handwriting on the
wall.

In 1896, after the first of August,
there was no question about the result
of the election; indeed, that was true
in 1900 and 1904, and it was equally
apparent to all observers, on account
of the division in the Republican
party, that Mr. Wilson would be
elected President in 1912.

Mr. Wilson came into office with the
respect of a great number of citizens
who had not supported him. To an
unusual degree he has the support of
the newspapers of the country during
his term. After having been instru-
mental in getting on the statute books
a new tariff law and a currency law,
to both of which the Democratic party
was committed, he should have been
satisfied to allow the country to adjust
itself to this new tariff and currency
legislation; and in my judgment it
he had done so the success of the
Democratic party at the election this
year would have been assured—not
withstanding the fact that it has al-
ready been demonstrated that the tar-
iff bill is going to be even more detri-
mental to business than its opponents
had predicted, and notwithstanding
the unaccountable and unreasonable
delay in putting the currency bill into
operation.

Since the first of January, however,
the President has had an opportunity
to emphasize the absolute inefficiency
of his foreign policy. This is true in
many directions, but all other ques-
tions relating to that policy are lost
sight of on account of the acuteness
of the Mexican situation.

During the campaign of 1912, in an
interview highly eulogistic of the Dem-
ocratic candidate as a man and public
official, one of his ardent admirers
made this significant comment: "But
Lord help the American people if he
ever starts wrong in a great policy or
project"—meaning that the character-
istics of the President's mind were
such that having once decided on a
course he would not desire to hear
reasons against it and that he would
be immovable in his purpose whether
the course was justified or not.

That comment is well illustrated by
the Mexican situation.

The first step taken was a serious
mistake, and since that time we have
been drifting, hoping, Micawber-like,
that something would turn up; or
whenever any action has been taken,
adding to the first error until there
has been accumulated a collection of
mistakes so apparent and so hopeless
in their character that it seems im-
possible for us to get out of Mexico
without a serious loss of men, money
and national prestige.

The rest of the world is laughing at
our situation and American citizens
could well afford to join in the laugh
if it were not so serious that they feel
more like weeping.

Then, too, the President insists on
pressing trust legislation, notwith-
standing the advice of business men,
organized and individuals, who are al-
most unanimously opposing any fur-
ther legislation which will disturb
business conditions. Indeed, if there
were any measurable sentiment in
Congress or out of Congress in favor
of the so-called trust legislation at any
time, it has entirely disappeared; and
yet the President insists on action
which must be thoroughly debated,
and which will cause an uncertainty
adding greatly to the present bad con-
ditions of business.

On the other hand, very many of
those who supported the Progressive
cause in 1912 and in 1913 are seeing
the futility of continuing such party
action and are returning to their origi-
nal party. As most of the Progressives
came from the Republican party, this
is relatively adding to the Republican
strength. A careful examination of
the recent elections, primaries and en-
rollment in various states clearly dem-
onstrates the truth of this assertion.
If only of those who voted the Pro-
gressive ticket, and who are returning to
their original party, and who will find
every evidence that those who voted
for Mr. Taft in 1912 are going to
vote the Republican ticket this year;
that a large number of Demo-
crats who voted for Mr. Wilson in
1912 are going to vote the Republican
ticket this year, and that a very large
proportion of those who voted the Pro-
gressive ticket are going to return to
the support of the Republican party.

If it were not for the strong person-
ality and dominating influence of
Colonel Roosevelt and the high char-
acter of some of the leaders in the
Progressive cause—men like Mr. Bird
and their willingness to spend money
liberally for the cause which they are
advocating, it could be truthfully said

that the Progressive party would be
in a state of collapse and would not
influence to any great extent the elec-
tions this fall. But, taking all of these
matters into consideration, every care-
ful observer admits that the Repub-
lican party is sure to make great
gains in the next Congressional elec-
tions; and the movement may—in
fact, is likely to—reach such a stage
that we shall see one of our great
political landslides.

I should think we are at least safe
in predicting that the Republicans will
control the next House of Representa-
tives, and that the Progressive
strength in that body, which is now
seventeen, will be practically wiped
out. In any case, to be logical, those
citizens who are dissatisfied with the
results from tariff legislation, the lack
of system and orderly conduct of busi-
ness by the Democrats in Congress and
the wretched foreign policy of the ad-
ministration, must vote the Republi-
can ticket this fall.

MUSICALS

A successful musical was given
Tuesday evening at the home of Miss
Lillian West, on Clafin place, Newton-
ville.

A program of 10 numbers was given
which was greatly enjoyed by the au-
dience. It included "Adoration," by
Miss Barbara Baker; "Mouset L'An-
tico," by Miss Frances Alley; "Idilio,"
by Miss Muriel Crain; "Fresh Life,"
by Miss Heloise Chase; "Pettit Bolero,"
by Winthrop Greene; "Norwegian Bridal
Procession," by Abigail Leete.

Miss Adeline Packard contributed
three violin solos, "Swing Song," "Ber-
ceuse," and "Sousvenir," and Mrs. Al-
bert L. Walker gave a cello solo,
"Scherzo," by Van Goens.

The excellent program closed with
two piano solos, "Romance," and
"Witches' Dance," by Miss West, and
selections by a string trio.

DEATH OF MR. MANSFIELD

Mr. Solon W. Mansfield, a resident
of Newtonville for about thirty years,
died at his home on Chesley avenue
on Tuesday, after an illness following
an operation. Mr. Mansfield was born
in Peterboro, N. H., and was 71 years
of age. For many years he has been
engaged in the real estate business in
Boston. He is survived by a widow,
one son and one daughter. Funeral
services were held from his late resi-
dence yesterday afternoon, at which
Rev. Mr. Bartlett of Flatbush, N. Y., of-
ficiated. There was a large attendance
of friends and relatives and many
beautiful floral tributes. The inter-
ment was at the Newton Cemetery.

STEADY ADVERTISING BEST

Merchant Who Keeps His Name Con-
tinually Before the People Gets
the Business.

Advertising, to be effective, must be
educating—it must teach something.
The most successful business men,
those who have gained the greatest
benefits from advertising, have been
constant and consistent users of print-
er's ink and have taught the buying
public a lesson. The best plan to work
on in advertising is to set aside each
year, regardless of business condi-
tions, a certain sum with which to pay
advertising bills. Do not cut down
your expenses in the dull season by
curtailing the use of printers' ink. If
advertising is desirable when busi-
ness is good it certainly ought to be
of double value when business is dull.
Another thing, one should never be
spasmodic in his advertising. The in-
and out of season advertiser, the one
who has his name continually before
the public, is the fellow who always
gets the business. His place
of business is always up-to-date, his
goods are inviting, and his clerks are
ever ready and willing to please.

Advertising, to be effective, pro-
ductive and stimulating to business,
must be done in a way to convey spe-
cific information to the reader. To
simply say that John Jones is selling
groceries conveys neither specific nor
interesting information to the readers.
But to show why one should buy dry
goods or groceries from John Jones is
conveying a point of intelligence. It
is up to the advertiser to demonstrate
the real value of the product he has
for sale. If a product of any kind can
not stand the test of publicity it will
soon go off the market. A merchant,
whose business cannot stand the test
of publicity, will soon be out of busi-
ness.

Take for instance the many break-
fast foods that are being sold. The
most of these are advertised nation-
ally, and as a rule have a large sale
in many states. These goods are un-
der government inspection, and are
subject to the pure food law and must
be pure. Other brands that are sold
only in one state may not be govern-
ment inspected and often are made
from second class grade of goods, and
therefore do not stay long on the mar-
ket. A manufacturer of any article
can not afford to advertise goods
widely, and then have an inferior
brand of goods to offer to the public.
It pays to buy advertised goods and
it also pays to have the goods to back
your advertising. One does not think
of sending out an uncouth and be-
dragged salesman to solicit business,
and expect favorable results, and the
same way in advertising. A good ad-
vertisement is a first class salesman,
but in order to be such, it must "put
up a good front."—Van V. Boyce.

BANKERS SHOULD USE PRESS

Use of Local Newspapers Best Kind
of Advertising, Says New Yorker—
Story of Mark Twain.

In an address before the S. A. M.
of Syracuse, N. Y., an "Banking and
Banking Publicity," Anthony Lamb,
vice-president of the Commercial Na-
tional bank, expressed his belief
strongly in newspaper advertising. He
remarked that for a long time it was
considered beneath the dignity of a
bank to advertise.

"In my opinion," said Mr. Lamb,
"continuous advertising in the local
newspapers, if the subject matter is
charged frequently and of a character
that will attract attention, both by its
composition and arrangement, is one
of the most valuable kinds of adver-
tising."

"It is before the public every day
in the year and is bound to be seen
and read if it is good advertising."

Mr. Lamb told of his first experi-
ence in advertising when a member
of the firm of Smith, Powell & Lamb.

The firm imported a number of Hol-
stein cattle from Holland and sought
a market. It had few inquiries for
these from southern states, but a
southern agricultural paper wrote the
firm that there was considerable inter-
est near Louisville regarding this im-
portation and offered to insert an ad-
vertisement. As a result of a \$10
advertisement the firm sold \$40,000
worth of cattle in that section.

"I thoroughly believe in persistent,
intelligent advertising for any busi-
ness," he said. "This business man
who does not advertise may succeed
for a time, but in the end he will be
in the position of the merchant Mark
Twain told about."

"When Mark Twain in his early
days was the editor of a Missouri pa-
per a superstitious subscriber wrote
him saying he had found a spider that
was a sign of good luck or bad luck."

"The humorist wrote him this an-
swer: 'Old Subscriber: Finding a spider
in your paper was neither good
luck nor bad luck for you. The spider
was merely looking over our paper to
see which merchant is not advertising
so that he can go to that store, spin
his web across the door, and lead a
life of undisturbed peace ever after-
ward.'"

"Ads" Conquer Competition.

"If the country town merchant is to
survive the competition of the great
mail order houses of the cities he must
know how to advertise," says Nels
Darling, Oklahoma City banker and
lecturer. "Advertising is the solution
of his troubles. He must also know
more about merchandising. The av-
erage storekeeper in a small town is
only a storekeeper—he is not a mer-
chant. The jobbers to whose inter-
est it is to keep the small town dealer
alive should educate him in advertis-
ing, not only their goods, but all the
goods that he sells."

MAKING CLOTHING OF PAPER

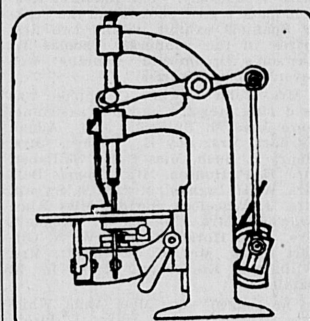

Garments Will Not Displace Cotton
and Linen Materials Until They
Resemble Them in Texture.

London, which recently announced
the discovery of economical ways of
making artificial rubber, is the scene
of experiments in paper clothing, re-
marks the Chattanooga News. Paper
garments have been made and worn
as curiosities, but they were pasted to-
gether and they did not commend
themselves to a climate where rains
fell from time to time. Paper napkins,
towels and handkerchiefs have been
offered to the public, but their intro-
duction has been slow. They do not
look enough like the articles they are
designed to replace. Paper garments
will not displace cotton and linen un-
til they resemble them in texture.
That is the promising feature of the
London experiments. It is said that a
process has been perfected whereby
paper can be produced that will de-
ceive the eye and pass for cotton or
linen fabrics and will hold buttons,
seams and buttonholes. The inventors
hope to be able to produce garments
that will cost no more than the price
for laundering. However, cotton prices
are unlikely to take alarm for the
present.

FILE MACHINE SAVES LABOR

By Use of Device Shown in Illus-
tration One Man is Enabled to Per-
form Work of Many.

In these days of centralization and
labor-saving machinery it is about
time for the filing machine invented
by a New Jersey man and shown in
the illustration. With this machine

one man can do the work of many
and do it much more accurately and
with the expenditure of comparatively
little energy on his own part. Like
practically all labor-saving devices,
however, this machine is operated by
power, all that is required of the
workman being that he shall feed it
properly. The file is adjusted in a
spindle which is moved rapidly up
and down in the spindle, operated by
a wheel and belt. The work to be
filed is fed against the file on a plate
which can be tilted to any angle de-
sired. Of course, any weight file can
be used, and it is easy to change from
one to another.

Use for Chinese Queues.
Strange uses are being found for
some of the cues lately cut off in vast
numbers by the Chinese. A British
woolen manufacturer recently re-
ceived an offer of five tons of such
hair for weaving into woolen fabrics.

Peat Fuel Plants.
Although the United States is the
richest country in the world in depos-
its of peat, none of several peat fuel
plants that have been established has
gone beyond the experimental stage.

Production of Black Plates.
The production of black plates or
sheet tin in 1912 was much the largest
in our history. The year of next larg-
est production was 1911.

DIDN'T KNOW SIMPLE THINGS

Ignorance of Matters of General In-
formation Disclosed at Social
Gathering.

At a social gathering in Harlem the
other evening, with a Chicago man
the guest of New Yorkers, a com-
parison of the two big cities revealed
no end of ignorance on the part of
every man present as to the place
of his birth.

There was not a single New Yorker
among the eight present who could
give the location of one-fourth of the
theaters. Not a single one could tell
the exact routes of half a dozen of the
principal car lines. No one could tell
the headway of the subway trains on
the all night schedule. No one could
tell where the main streets of Brook-
lyn and The Bronx began and ended.
Five men of the eight could not tell
for a certainty what the street num-
bers of the cross streets were at the
different avenues.

All the men varied as to how far it
is between New York and Staten Is-
land or how far it is from New York
to Coney Island, taking City Hall and
Steeplechase Park as the limits.
When it came to a knowledge of the
telephone tolls from one borough to
another there was a general difference
of opinion. The number of ferries
running out of New York found no-
body sure. The climax came from the
Chicago man. Said he:

"Where is the Billings estate, the
biggest thing on Manhattan Island?"

No one knew.

"I'm not surprised at that, how-
ever," said the Chicagoan. "I'm even
worse."

His hearers stared at this western
admission and asked why.

"Because I've never visited our stock
yards," said he.

SOTHERN TELLS GHOST STORY

Strange Tale of Woman Servant Who
Made Appearance Many Times
After Death.

E. H. Sothern tells a strange tale
of a woman servant, employed by his
family in London when he was a small
boy.

This servant, it seems, unknown to
the Sotherns, had a child that was liv-
ing with relatives somewhere in Eng-
land. The servant died, and a short
time afterward appeared on numer-
ous occasions before different mem-
bers of the family.

In appearance she seemed to be
greatly troubled, although as an ap-
parition she never could be made to
say anything. Mr. Sothern's father
was greatly interested in the case
and investigated the woman's past.
He found that the relatives of the
child had treated it very badly and
had placed it in a foundling asylum.
The elder Sothern had the child taken
away from the asylum and placed in a
suitable school, where it could be
carefully looked after. Again the ap-
parition appeared, this time with
gesticulations she made known her
satisfaction. This was the last that
was seen of the apparition.

Clever Ruse.

One of the favorite stories of Major
Le Mesurier Willoughby, who died re-
cently at Cheltenham, England, con-
cerned a soldier who had several
times complained of thefts of articles
from his kit; but the culprit could
not be detected. It was therefore de-
cided to subject the men in barracks
to an ordeal by touch, and the cor-
poral in charge of the affair explained
to the assembled soldiers that on the
floor of the mess-room he had placed
the barracks cat beneath an inverted
tin dish. The cat, he assured them,
would mew at the touch of the thief.
After the lights had been lowered the
men filed past to touch the dish. The
cat did not mew, but when the lights

GIVES MEMORIAL LIBRARY

Mr. William B. H. Dowse of Temple street, West Newton, has presented his native town of Sherborn with a fine library building as a memorial for his father and mother. The building was formally dedicated Wednesday afternoon, with Governor Walsh as the guest of honor. The dedicatory prayer was given by Rev. Julian C. Jaynes, pastor of the West Newton Unitarian Church. In presenting the library, Mr. Dowse said in part:

"It gives me great pleasure today to meet in part the obligation I feel to my parents and to my native town. My ancestors came from England about 1640, and since then have been identified with only two places—Boston and Sherborn.

In handing to you, sir, as chairman of the Board of Selectmen, the legal representative of Sherborn, the keys of the Dowse Memorial Library, I do so with no diminished pleasure that your name is also Dowse.

"It is my wish that this library building be constantly open as a center of education and sociability. I request that the trustees allow the Sherborn Historical Society the use of the Library Hall and that they also offer the hall freely to the townspeople for all social purposes."

The library is a memorial to the Rev. and Mrs. Edmund Dowse. Mr. Dowse was born in Sherborn in 1813, graduated from Amherst College in 1836, and later taught at the Sherborn Academy. For two years he was a member of the state senate, and served for 25 consecutive years as its chaplain, completing his service in 1904, when he declined re-election. He died in the following year at the age of 91.

The building given the town where he preached for 67 years stands on Main street in the center of Sherborn.

FESSENDEN SCHOOL

The graduating exercises of the Fessenden School were held Wednesday afternoon, followed by the senior banquet in the evening at the Brae Burn Country Club.

The address at the afternoon exercises at the school building was by Prof. Bliss Perry of Harvard University.

Although no diplomas are given at the school a long list of prizes is awarded annually. Frederick J. Fessenden, Jr., of West Newton received the prize for the highest average in the school, in addition to the prize for pupils who have averaged 90 per cent or better during the year.

From the greatest improvement aside from scholarship, prizes were given John Freeman of Philadelphia, Penn.; John Clay, Jr., of Chicago, Ill.; and Moritz E. Pate of Gloucester, for marked improvement in scholarship awards went to George F. Sawyer of Andover, Anson S. Brown of Worcester and Edward L. Hartshorn of Jersey City, N. J. In prize speaking the winners were Eaton Leigh, Solance Mitchell, Jr., and Robert D. Anderson, all seniors.

John F. Abbot won the tennis championship and Francis D. Cleveland, Jr., the golf championship.

The class gift to the school was a memorial tablet to the late Mrs. Emma Sanderson Hart, who was the mother-in-law of the principal. It is placed in the dining room of Sanderson Hall.

Among the graduates from this city was Thomas F. Baxter, Jr., of West Newton.

Mr. John G. Anderson, instructor in English for the past eight years has resigned his position and will take a special course the coming year at Columbia University, New York. Mr. Anderson is the well-known golf expert and ex-golf champion of Massachusetts. His many friends in this city will be extremely sorry to learn that he is to leave them.

LASELL GRADUATION

The largest class in the history of Lasell Seminary, Auburndale, numbering 47 seniors, received diplomas Tuesday morning at the 60th annual graduation exercises. An added feature of the program was the presentation of certificates to the honor students in bread making, home economics, piano, voice and bookkeeping.

Prayer was offered by Rev. H. Grant Person, pastor of the Elliot Congregational Church, Newton, and the commencement address was made by Rev. D. Brewer Eddy, honorary member of the class and associate secretary of the American Board. The presentation of the diplomas and certificates was made by the principal, Dr. Guy M. Winslow, after which benediction was pronounced by Rev. Francis M. Pelouat.

Certificates in bread making were awarded to Miss Annie C. Gallagher of West Newton, a junior day student, and Miss Clover Robley of Carrollton, Ill. Honorable mention was given to Miss Ethel Vance and Miss Lena V. Kelley, both seniors. Certificates in the piano course were awarded to the Misses Irene L. Bollman, Ruth Cammack, Mildred Cutting, Katherine A. Hoag and Lucile Scott, all seniors.

The vocal course winners were Miss Marion H. Newland, a sophomore, and Lucile Scott, a senior, and in bookkeeping Miss Dora E. Goodwillie, senior; Miss Louise E. Lucas, a special; Edith A. MacGregor, junior, and Miss Colla Solovitch, a special, were awarded certificates.

MR. WING PRESIDENT

The annual meeting of the Newton Improvement Association was held Monday evening in the Bigelow School Hall, with President Fred H. Tucker in the chair. Interesting reports were received from the various committees and officers, including that from the committee on the price of gas, etc. Representative Rothfeld saying that the Gas Commission had not yet made its decision, from A. W. Fuller for the committee on Streets and Trees, from Mr. Herbert Stebbins for the committee on Billboards, from Messrs. Wing and O. M. Fisher on Nonantum square. The secretary, Mr. Elliott B. Church, stated that he had found a gratifying spirit of co-operation manifested by citizens and real estate agents on the matter of keeping down the size of To Let and For Sale signs, and that the officers of the B. & A. would take steps in the near future to improve conditions on the tracks at the Newton station. The tearing down of the old armory building on Washington street was also suggested.

These officers were elected: President, Mr. Mitchell Wing; Secretary, Mr. E. B. Church; Treasurer, Mr. Fred W. Stone; Executive Committee, the officers and Messrs. F. H. Tucker, Wm. H. Emerson, Frank H. Howes, J. W. Blaisdell, Fred D. Fuller, B. S. Rich and Henry L. Harriman.

After the business meeting, Mr. H. P. Kelsey of the Salem Planning Commission, gave an interesting illustrated lecture on the plans and work already accomplished in that city.

LASELL CLASS NIGHT

Class night exercises in connection with the 60th commencement at Lasell Seminary were held in the open air, for the first time, Monday evening, on the seminary grounds at Auburndale. The natural amphitheatre on the campus was utilized and a large throng of visitors, including many of the alumnae, attended. Strings of electric lights were festooned about and the class numerals were displayed on all sides.

The seniors, carrying the time-honored daisy chain, and headed by Miss Frances Harris, president of the sophomore class, filed to a platform erected near the gymnasium, singing the processional written by Miss Dorothy F. Hartshorn. Following this the senior president, Miss Ruby H. Newcomb, presided over the exercises.

Ruth Thresher, secretary of the class, read the roll call and each senior, as she responded, received some gift which recalled some trait familiar to her class-mates and which greatly amused the audience, as the gifts ranged from a toy wagon to a jar of cold cream.

The class poem was read by Helen S. Rollins. The amusing class prophecy, which was illustrated with stereopticon views, was read by the Misses Ruth P. Davis and Dora E. Goodwillie. The futures accorded many of the seniors were amusing in the extreme.

Under the title of "Mementoes of 1914" the class was read by Mildred Dealey and the hallowed possessions of the class, as well as a number of things that the graduating students thought necessary to the welfare of undergraduates, were bequeathed.

Miss Lena V. Kelley made the presentation to the school of the class gift, which is a clock for the chapel, and she delivered the farewell address. The recessional was written by Hazel K. Harris.

Following these exercises the class formed in line, headed by a band, and marched around the campus with torches. Dorothy F. Hartshorn made a speech of farewell to Cushman Hall, one of the senior dormitories, and from there the line marched to Carpenter Hall, where Mildred Cutting said farewell.

The farewell to Gardner Hall was by Ethel G. Vance. Then the group gathered around the Crow's Nest, perhaps the most hallowed spot in Lasell history. The farewell there was said by M. Maurice Votaw. Then came the final event. A bonfire was lighted, around which the seniors gathered, and as Evelyn C. Schmidt recited a weird litany each student in turn stepped forward and cast some cherished or hated object into the flames. At the same time the class yell, a work of art, was given by the seniors, and class night for 1914 was ended.

The Rev. Dr. Brewer Eddy is the honorary member of the class. The class colors are red and white and the class flower is the red rose.

by occasionally cleansing and lubricating the bowels with

Kellogg's Tasteless Castor Oil

ALWAYS keep it in the house. A small dose once in two or three weeks will go far toward keeping you in good health.

The Bad Taste is All Gone

Some castor oils are impure, flavored or discolored. Kellogg's Tasteless is just the pure oil of the castor bean, with all of the bad taste and odor removed.

It is good for children and they'll not object to taking it, as they do common castor oil. It costs only a trifle per dose, and one dose taken at the right time may save a hundred-dollar doctor bill.

Get a bottle of Kellogg's Tasteless Castor Oil to-day.

Important Real Estate Transaction

THE STORY ESTATE, CHESTNUT HILL

The magnificent Story estate at the junction of Beacon and Hammond streets, Chestnut Hill, has been sold through Henry W. Savage, Inc. It is one of the show places of that section, and has an extensive frontage on both thoroughfares. It consists of six acres of land, large brick, stone and steel house with the latest improvements, the land being rated for \$115,000, and the total assessment is \$175,000.

The house contains a large baronial hall and reception room, billiard room, library, smoking, dining and breakfast room on the lower floor, all finished in the very rarest of imported woods, nine master's bedrooms, six

bathrooms, servants' quarters, etc. There is also a large stable, besides carriage house, garage and gardener's cottage.

The firm has thus negotiated one of the most important transactions involving a private residence that has taken place in the Chestnut Hill section. Lydia P. Redfield of Greenwich, Conn., deeded to Frederick E. Johnston, who has put the title in the name of Robert E. Goodwin. The final papers have been recorded.

Henry W. Savage, Inc., have sold for Fred H. Searls the property at No. 550 Chestnut street, Waban, consisting

of a new dwelling house and 15788 square feet of land. The land was assessed in 1913 for \$800. The building having just been finished has not been assessed. The purchaser, Beulah M. Flebbe of Brookline, will occupy the property at once.

Henry W. Savage, Inc., have sold a lot of land for the Morton Estate numbered 2 on Morton Park, containing 9760 square feet, to T. S. Widger who will erect an attractive house for his own occupancy. Mr. W. H. Rand of West Newton, is the Newton representative for Henry W. Savage, Inc.

CLAFLIN GUARD

Co. C, 5th Infantry, M. V. M.

The non-commissioned Officer of the company were given special instruction last Thursday evening by Sergeant Champin of the U. S. Army. A squad under command of First Sergeant Everson were at Wakefield Range Saturday firing the instruction practice course, after attaining a certain proficiency they will take up the record practice course. Another squad will visit the range Saturday, also for instruction.

This Company as a unit of the Fifth Regiment will take part in the parade at Charlestown, Bunker Hill Day, June 17th, in the afternoon. This makes the third parade the Company has taken part in this year, the others being Evacuation and Memorial Day, and it is expected as usual that the Company will make an excellent showing.

Although the Company is receiving a large number of applications for enlistment it has not received the largest number of names of volunteers that Captain Bruce had anticipated. In order that the Company be in readiness to answer a sudden call for service in time of trouble, it is necessary to increase the roll of the Company to 150 men, a war strength company. And it is the desire of Captain Bruce that young unmarried men over 18 years, send their names to the Company for use in case of a call to arms.

Among the former members of the Company, who have reenlisted, are Thomas F. Hickey, a former cook, and Harold R. Weir, a former Corporal.

Major Meredith, commander of the battalion of which this Company is a unit, was present at the drill Monday evening and praised the Company for its excellent condition.

Private James J. McHale is playing a good game of ball this season, holding down second base for the fast C. U. of Newton team.

Corporal Taffe, the former Newton High athlete, who played centre on the football team and catcher on the baseball team, and also caught for the Y. M. C. A. last year, is not playing the game this year, having taken up practice with the rifle at the Wakefield range.

In accordance with G. O. No. 10, A. G. O., dated June 2, 1914, a two non-commissioned officers will be detailed from this company for duty at the Camp of Instruction for Officers at West Newbury, Mass., for a period of four days, June 25 to 28.

MACOMBER—FRIEND

A very pretty home wedding was solemnized on Saturday afternoon at the residence of Mr. and Mrs. John J. Cornish on Washington Park, Newville, when Miss Ida Buckley Friend, of Nantucket, became the bride of Mr. Charles Emmett Macomber, Mrs. Cornish's brother.

The ceremony was performed at 2.30 o'clock by Rev. Mr. Reynolds of Assonet, Mass., the bridal party standing in a bay window of the parlor, which was artistically decorated with white lilies, snap-dragons, palms and greenery. The drawing-room was decorated in white, with a centre-piece of white sweet peas on the bridal table, and in the living-room was an attractive arrangement of red roses and red carnations.

The bride wore an exquisite wedding gown of white lace and carried a shower bouquet of white roses and lilies of the valley. She was attended by two little flower girls, nieces of the bride-groom, Miss Dorothy Cornish, who was daintily gowned in white lace over blue silk, and Miss Priscilla Cornish, wearing white lace over pink silk.

A reception was held immediately after the ceremony, and Mr. and Mrs. Macomber were assisted in receiving by Mr. and Mrs. Cornish.

There was a profusion of beautiful and useful wedding gifts. Guests were present from Fall River, Nantucket, Boston, Malden and Lynn.

On their return from a wedding-trip, Mr. and Mrs. Macomber will reside at 216 Lowell street, Waltham, and will be at home after September 15th.

RECITAL

The members of The Planoforte and Theory Association, pupils of Miss Helen Douglas, closed the season with a largely attended recital on Saturday evening at their studio on Bowers street, Newtonville.

The first prize was awarded to Miss Veronica Barry, who has attained the highest average for three consecutive years. Mr. Carleton Smith won the second prize and the Misses Mary Barry, Eleanor Frail, Hazel Cunningham, Grace Geist, Marjorie Palmer, Gertrude Barry, and Mr. Wallace Richmond received honorable mention.

The program included 19 numbers by the celebrated composers, and each number was received with hearty applause.

The opening number, "Overture Midsummer Night's Dream," by Mendelssohn, was most excellently performed by the Misses Mary and Veronica Barry; it was followed by "Dance of the Sunbeams," by Elsa G. Haase, "Boy Scouts March," by Myron Jonsberg, "Perfumed Breezes," by Miss Ruth Parlin, "Cap and Gown," by Raymond Leonard.

Miss Katherine Baker, in her excellent performance of Korn's "Valse Melodique," received much merited applause, and a "Gavotte in B Flat," by Wallace Richmond, "Le Cascade," by Miss Ruth Jones, "Petite Rhapsodie," by Miss Katherine Auryansen, "Chanson D'Armour," by Miss Hazel Cunningham, "Grand Valse Romanique," by Miss Veronica Barry, and a transcription of "The Lark," by Miss Eleanor Frail, and "Tinker Bell Polka," by Eleanor Richmond, were among the exceptionally well rendered numbers on the program.

The Misses Rose Heislein, Marjorie Palmer, Gertrude Barry, Mary Baker, and Mr. Carleton Smith and Richard Leonard also performed well and were greatly applauded.

The pupils were assisted by Mr. John Hermann Loud, whose technical proficiency is beyond all praise, and his selections, "Novellette in D," "Moto Perpetuo," "The Rosary," and "Andante and Scherzo," added greatly to the excellence of the program.

The results of the year's work were most gratifying to the pupils and friends, and reflected great credit on both teacher and pupils.

At the close of the recital the pupils served ice cream and cake to their parents and friends. The school closes until September 14th.

PUZZLE PICTURE CONTEST

Are you in on the Boston AMERICAN's weekly \$500 cash prize contest? If not, you ought to be. Fact is, everybody's trying to solve the AMERICAN's puzzle pictures. If you don't happen to be among the number, now is the time to get busy and share in the \$500 in gold which the AMERICAN is distributing every week in cash prizes.

This is the really BIG contest. It's simple, too. First you get your copy of the Sunday AMERICAN. Then you study the puzzle pictures. Then you send in your answers.

The contest is a skill and judgment test. Just try it.

Each Sunday the AMERICAN publishes fourteen puzzle pictures. On the same page the AMERICAN also prints the CORRECT ANSWERS. These appear in a list of names or titles, and all you have to do is to pick out the correct names or titles which accompany the pictures.

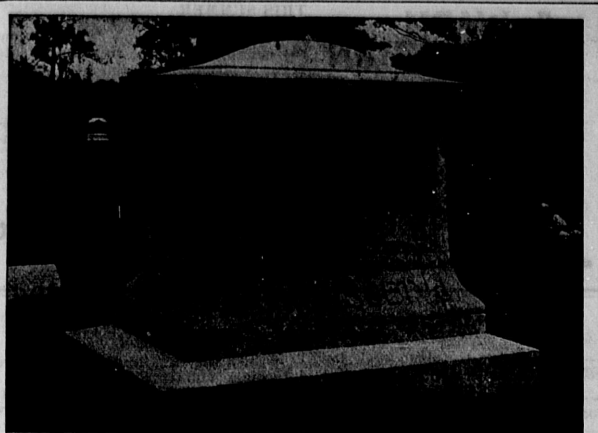

There are 175 prizes in the competition—a first prize of \$100, a second prize of \$50, a third prize of \$25, a fourth prize of \$15, and so on, the total amounting to \$500. This \$500 is given away in cash every week.

The new issue of shares of the Cooperative Bank at Brookfield street, Boston, are being rapidly taken up. Popularity of this form of saving seems to be on the increase owing perhaps to the large amount of information published in the daily press.

NEW PRESIDENT ELECTED

Hon. Seward W. Jones Succeeds the Late Dwight Chester As President of the Newton Trust Co.

HON. SEWARD W. JONES,
President Newton Trust Co.

At a recent meeting of the directors of the Newton Trust Company, Hon. Seward W. Jones of Newton Highlands was chosen president, to succeed the late Dwight Chester. Mr. Jones has been a director in the Newton Trust Company since its organization in 1894. He is also a director in the Newtonville Trust Company and the Needham Trust Company and will probably succeed Mr. Chester as president of the Newtonville concern and as chairman of the board of directors of the Needham Trust Company, in the near future.

Mr. Jones has been a resident of Newton Highlands for many years and has a wide acquaintance in this city. He is a member of the firm of Jones Bros. Co., granite, of Boston, Mass., and is also president of the Newton Centre Savings Bank. He is well known in political circles and served for three years as a member of the governor's council.

Mr. William Claxton Bray of Newton Centre has also been elected a director of the Newton Trust Company in place of Mr. Chester.

MACOMBER-JAYNES

A pretty wedding was that on Wednesday night at the West Newton Unitarian Church, when Miss Ethel M. Jaynes, the only daughter of Rev. and Mrs. Julian Clifford Jaynes, became the bride of Dr. Donald E. Macomber of West Newton. The ceremony took place at eight o'clock and was performed by the father of the bride, Rev. Mr. Jaynes, the pastor the church, and was witnessed by a large number of friends and relatives.

The bridal party consisted of Miss Harriet Seaver of Boston as maid of honor, the Misses Dorothea Macomber, sister of the groom, of West Newton, and Louisa Beale of Brookline, as bridesmaids and little Wilma and Bradford Cannon as flower bearers, and immediately preceded the bride who came down the aisle alone. The bride wore white crepe meteor trimmed with lace and pearls and carried a shower bouquet of lilies of the valley. The maid of honor was in corn colored crepe meteor and chiffon and carried tea roses, while the bridesmaids wore blue crepe meteor and white lace and carried bouquets of tea roses.

Dr. F. Gordon Brigham of Boston, was the best man and the ushers were Dr. Hugh P. Greeley, Dr. Raymond S. Titus, Dr. Richard H. Miller, Dr. Frank A. Pemberton, Dr. Willard S. Parker, of Boston, Dr. Ralph T. French of Fall River and Mr. Otto Langmann of New York and Mr. Sheridan R. Cate of West Newton.

A largely attended reception followed in the parish house of the church at which Dr. and Mrs. Macomber were assisted in receiving by Rev. Mr. Jaynes and Mr. and Mrs. Francis E. Macomber of West Newton.

Mr. and Mrs. Macomber will reside with Rev. and Mrs. Jaynes at 76 Prince street, West Newton.

MR. COBB TO SPEAK

Mr. Darius Cobb, Newton's celebrated artist, made such a favorable impression upon his audience last Sunday, at People's Temple, corner of Columbus avenue and Berkeley street, Boston, that he was requested to deliver an address on "Prayer and its Relation to his Famous Picture, 'The Christ,'" which he has been thirty years painting, next Sunday evening. Mr. Cobb will also sing, "Come ye Disconsolate."

Aldermen Decide Pony Express Matter By Close Vote

The board of aldermen stayed on its job last Monday night until nearly one o'clock and outlined its attitude on three of the most important questions of the year. By a vote of 11 to 10 it was decided to issue but one permit to transport intoxicating liquors in this city; by a vote of 13 to 8, (14 votes being necessary) the matter of widening the railroad bridge over Boylston street was defeated, and by the overwhelming vote of 18 to 3 the mayor's position on the Neagle matter was disapproved by refusing to make the necessary appropriation for one additional police officer.

President Blakemore was in the chair and every member was present, for the first time this year, and there was a large attendance of interested spectators on the floor and gallery. Hearings were held on petitions of the M. & B. St. Rwy. Co. for pole locations on certain streets and on that of the Edison Co. for poles on Jewett street, and on gasoline petitions from Chas. F. Fredey, Jewett street, William H. Rogers, Page road, Frank P. Bates, Commonwealth avenue, A. D. Wheeler, Grafton street, and F. R. Stubbs, Centre street, at which no one appeared and the gasoline permits were immediately granted. On the gasoline petition of Charles F. Alexander on Hawthorn street, opposition was made by Charles Scipione to the selling of gasoline, and Mr. Alexander stated that he sold but very little. On a hearing for laying out of Duffield road, Auburndale, under the betterment act, remonstrance was entered by W. H. Brown and H. A. Perry on the ground that it was a dead end street, that it was in good condition now and that the expense involved was out of proportion to the proposed benefit.

The mayor sent in a long list of communications including requests of the Street Commissioner for \$400 for completion of Washington street, widening at Lower Falls, for \$1000 for resurfacing Lincoln street, and for grants for Street Sprinkling and Street Maintenance, from the City Clerk relative to establishing pay of election officers, designating polling places for state primary from the Chief of Police for \$300 for automobile maintenance, from the Health Dept., for \$300 for automobile maintenance, for grants of \$100 for School Grounds, and \$1200 for Parks and Squares, for transfers of \$450 in the Assessing Dept. and for \$35 to the Playground Dept., and for \$500 for sanitary facilities at Newton Centre playground, petition of Police officer N. F. Bosworth for pension after 36 years service, for authority to lease old armory building to Clearing House Parcel Delivery Co. for \$600 per year, for appointment of Lewis E. Brown as a public weigher, and for appropriation of \$2468 for construction of Duffield road, \$1100 for fencing and \$1500 for grading at Waban playground.

The Registrars of Voters sent in the annual Jury list, and it was ordered printed.

The Governor's Flag Day proclamation was placed on file. Petitions of John A. Potter and Charles Scipione for auctioneer licenses of F. L. Crawford for 3 taxicab licenses, and of Flanagan et al for apportionment of Faxon street betterments were granted.

Petitions were also received from the American Express Co. and Daniel F. Warren for permits to transport intoxicating liquors, for street sprinkling on Islington road, Pine street, Greenough street, Reservoir avenue, and Laurel street, from George F. Bicknell and Annette Geisendorff for Soldiers' relief, from the Gas Co. to open certain streets, from Robichard et al objecting to a garage of John Cormier on Watertown street, of Orrin Bagley to construct a float in Charles river, and from the Edison and Telephone Companies for various attachments.

On recommendation of committees, grants were made for city expenses for June, July, August and September, pay of election officers established, polling places designated for the state primary, authority given to observe

July 4th, Annette Geisendorff granted \$8.00 a month Soldiers' relief, bond of M. S. Perimutter as constable approved, street sprinkling authorized on Waban avenue, Pembroke street, Endicott street, Linwood avenue, Highland avenue, Greenough street, Phillips street, Bradford road, Carver road, Beacon street, Laurel street, and Reservoir avenue, a sewer ordered in Mill street, a hearing assigned for June 29 on relocating line of Hancock street, claim of John Shorten settled for \$8.25, attachments granted the Edison Co. on Austin street and Pearl street, pole locations on Elliot street, and a relocation on Meredith avenue, attachments granted the Telephone Co. on Aspen avenue and Walnut street and a joint pole location to both companies on Islington road, the name of Islington street was changed to Islington road, and leave to withdraw granted on sewers in Warwick road and Chestnut street (Waban).

The pony express licenses came before the board in the form of three reports from the License Committee and a minority report from three members of that committee. A majority favored granting permits to W. O. Harrington, C. G. Newcomb, Johnson & Keyes, M. J. Feeney, Adams Express Co. and F. C. McGourty. By a majority vote the committee recommended leave to withdraw to M. J. Mulcahy, D. P. Lynch, J. S. Roberts, E. I. Lindley, P. Gasbarri, J. P. Burke and H. Butters, and by a unanimous vote recommended leave to withdraw to Simon Morrell, G. DeLuco, F. E. Carvelli, Leander Sampson, Clearing House Parcel Delivery Co. and N. Veduccio.

The minority report was as follows, A majority of your License Committee recommend that licenses for the Transportation of liquor be granted to six Expressmen. We recommend that but one license be given. On April 27th this Board voted by practically a unanimous vote, to grant no licenses. If that vote meant anything, it indicated to us that this Board, out of respect for public opinion and for the best interests of the City, no longer intended to legalize the transportation of liquor. If you grant six licenses, we recommended, you simply let down the bars for granting more licenses later and thus you completely nullify your intentions. The recent decision of the Supreme Court requires a certain line of action, but should not in the least produce a change of sentiment. The Court rules that you must grant at least one permit provided you can find a suitable applicant. It does not state that you must find one, but that the Licensing Board must make a suitable investigation with a genuine determination to grant such a permit—provided there is an applicant who conforms to the requirements of the law.

Your Committee has carried out the requirements of the law. On June 4th the Expressmen were given a hearing. At this hearing it was brought out that no one cared for the license provided only one was to be given.

The contention that if only one license is granted the City can not be properly served is neither tenable nor sound. The Railroads can and are at the present time bringing into the City all the liquor that is required by the Druggists for medicinal purposes, by the Arts and Crafts, by the City Hospital or for any other legitimate use. To serve the public in any other way would simply mean to encourage the consumption and legalize the transportation of liquor as a beverage, which as we understood was not the intention of this Board six weeks ago.

Therefore in order to solve a diffi-

EDITORIAL

It was not to be expected that Mayor Childs would discharge Patrolman David Neagle, after restoring him to duty last spring, but it certainly was due the citizens of Newton, that he should present more adequate reasons for his action than he has done in the finding announced last Saturday. The forfeiture of pay from the time Neagle ceased doing duty last year until he went on the force again this year, amounts to nothing. Neagle had absolutely no claim to a salary which he did not earn, and the mayor's action is not the punishment it appears on its face. It is very evident that the only punishment the mayor intends Mr. Neagle to suffer for breaking the laws of the state and violating his oath of office, is the humiliation he has suffered from "the notoriety and exaggerated reports of the case."

The mayor forgets that the entire police department had been humiliated from the action and restoration of Mr. Neagle, and that many residents also feel that the city is also disgraced by his presence on the force.

The mayor also offends the sentiment of the community when he compares Neagle's action with that of President Blakemore in appearing at the hearing and helping to prosecute the case against the defendant. Mr. Blakemore was well within his rights in taking the action he did and the public statement of Alderman Winslow Monday night that Mr. Blakemore was not his counsel, makes the Mayor's insinuation, a matter of exceeding bad taste to say the least.

The feeling in the city on the Neagle case was well expressed on Monday evening, when the aldermen by a vote of 18 to 3 refused to appropriate money, which, if authorized could have been used by the mayor in payment of salary for Officer Neagle.

I regret exceedingly that Mayor Childs has taken the position he has in this matter. I know that he wishes to give the city the very best service possible, but he will inevitably antagonize the very people he wishes to serve if he persists in acting against the strong common sense and morals of the community.

The action of the aldermen on the pony express license is a matter of regret to those who believe that laws are made to be enforced in a common sense manner and not as mere technicalities. Nothing, it seems to me, will give our foreign population a feeling of antagonism to all law and order, than the narrow, personal interpretation given the pony express statute by a majority of our city government. Alderman Bartlett put the case fairly and strongly when he said that citizens of Newton have been given the right by law to have liquor delivered at their homes by expressmen and the board should make an "honest" attempt to fulfill the law giving them that privilege. This is not a temperance question. It is one of complying with the oath of office taken at the beginning of the year and obeying the law as it is laid down by the Supreme Court.

We all want our good city as free from liquor as we can possibly make it, but when the policy now in force, invites assaults upon our women on the streets, when it fills the Boston cars with men loaded with bottles and smelling strongly of alcohol, when women and children are nearly nauseated, when it requires additional police force on the streets adjacent to Brighton, it is time to stop, look and listen to the voice of reason, as well as law.

In selecting a candidate for state senator, the Republicans of this district should keep constantly in mind the fact that it is for the best interests of Newton to be in a senatorial district where its rights and privileges in the Metropolitan districts will be recognized. A new apportionment will be made next year and it is of great importance that the next senator be a resident of his city if possible, or at least acquainted with its wishes in this respect.

Order of your dealer to-day

The attempt on Monday evening to question the action of the aldermen in accepting the minority report of the License committee on the liquor transportation permits indicated an interesting parliamentary situation and one which might have easily been avoided if the minority had framed their report more carefully. It is certainly beyond the powers of the board to authorize the License committee to select the one person to hold this permit, altho it is well within their powers to instruct that committee to recommend the name of such person. On the other hand the motion to rescind the action in adopting that report on the ground that it was illegal was not the proper motion to make to correct the situation. If the action was illegal, no further vote is necessary, as the aldermen have no authority to pass an illegal vote. If the action taken was legal, the only way to bring the matter again before the board would be by a motion to reconsider made by a person voting with the prevailing party. As it was clearly the intent of the majority of the board to recommit the whole matter to the License committee with instructions to recommend the name of one person to receive a liquor transportation permit, it is extremely doubtful if the exact form of the vote is of great consequence.

Former Councillor Herbert E. Fletcher of Westford is being mentioned for the Republican nomination for councillor in this district. Mr. Fletcher could probably redeem the district for the Republican party and would make a valuable member of the governor's council as well.

The city of Newton never looked any more beautiful than it does today. Its lawns are like billiard tables, its shrubs and trees in full blossom and a drive around its hills and vales is an inspiration as well as a delight.

The action of the aldermen in refusing to widen Boylston street bridge at the present time, seems to be one of those "penny wise and pound foolish" things that even sensible people sometimes do.

Now is the time of the "sweet girl graduate," not to mention the boys as well.

UNDER THE GILDED DOME

Apocryph of the defeat of the Ellis milk bill, which has the following interesting paragraph, which contains a large measure of truth. "The Ellis milk bill, which has more lives than a congregation of cats, has been killed again, this time in the senate, greatly to the disgust of Myron E. Pierce, who worked as indefatigably for it as he has in any year since first made its appearance, and that is some distance back in legislative annals."

"The farmers, it seems, were as stoutly on the job to prevent its passage as Mr. Pierce was to secure its enactment, and they were able to rally the votes, which, since they are in the great majority in many districts, is not to be wondered at. Post mortem seems to show that the bill was killed when the victim is fully slain, which is not charged in this case, but the fact remains that there is room for controversy in the rival claims of the farmers and the supporters of the so-called Ellis bill. The former very naturally object to being over-inspected, as they term it. If their claims be sincere, and if they are not bed-rock, however, it will be found that what they really object to is being inspected at all."

"The supporters of the bill demand pure milk and an assurance on the part of the state that the consumers—most of whom, especially in Boston, would throw pure milk away on its receipt, so little acquainted with it are they—will get it. If one goes right down to facts there are, of course, many more consumers in the state than there are of the farmers, but the trouble is the producers are organized and the consumers are not. The farmers have a way of going out and smiting their enemies, also—which counts some—and the consumers would let their friends do the smiting and give never a thought to the matter beyond plotting a few schemes to annex the jobs made vacant by the sad happening."

"And there the Milk Consumers' league has the philosophy of the matter. A campaign of organization is what is needed. In the debate over the bill to abolish party enrollment Representative Prime hit the nail on the head when he said: 'Any legislation in the direction of abolishing party enrollment is dishonest. We, as the representatives, should not encourage dishonesty. There is not a member of the house who would dare say his constituents that he is afraid to say who he is affiliated with. A man who is ashamed to declare his party is a coward. Do we respect a man who is afraid to say what church he attends, if he attends any? Why should we say to the voters that they are less courageous than we are? There is a demand for honesty. There are always people who like to be sly in their actions—the same kind that will put a button in the contribution box.'"

In commenting recently on the favorable vote on the so-called Fire Hazard bill, the Boston Herald very pertinently says,

"Notwithstanding the blue blood in its pedigree, and the support of the Boston Chamber of Commerce and other similar bodies for the measure, the metropolitan fire hazard bill, which was substituted in the House the other day for an adverse report of the ways and means committee, deserves very close study. It is one of those measures which appear once in so often that neither fish, flesh nor fowl. Anything which will bring about a uniform standard of building laws for the metropolitan district deserves praise. Anything which will standardize the forms of hydrants and fire fighting equipment, which will make the various units inter-changeable, also deserves attention."

"Legislation to make uniform the regulations regarding the care of gasoline and of explosives of any sort deserves commendation. But a unified fire fighting force in the metropolitan district can only be secured by cre-

ating a metropolitan force. This will mean doubling up the apparatus in certain communities, and more important it will mean increasing the fire fighting wage to the Boston standard in all surrounding cities and towns, and taking on the pension and other Boston provisions. The total cost will be increased and the net result if it is apportioned on the usual basis will be Boston business men will find, not only are they supporting their own department, but those of their weaker neighbors as well. It was distrust of the bill and fear of the cost which in a large way was responsible for the fight made against the measure even though the opponents made so small a showing on the final vote."

Kellogg's Tasteless Castor Oil
Taken once in a while prevents this and keeps you feeling good. It is the pure oil of castor beans, but all of the bad taste is removed.
The Kelloggs discovered what scientists have tried for 3,000 years to overcome. The result is a pure, tasteless, odorless oil, easy to take. Works perfectly, no bad effects.
Sold only in 25c. and 50c. bottles. Look for the green castor leaf on the label and the name Kellogg's. Always keep it in the house.

Bad Taste is Removed.
A sufficient bond, signed by a surety company authorized to do business in the commonwealth of Massachusetts, for the faithful performance of the contract in the penal sum of one thousand dollars will be required. Specifications and forms of contract can be obtained at the office of said commission.

Said commission reserves the right to reject either, any or all bids.

In Touch With Friends At Home

"Of course we are going to Cape Cod again this summer, but that doesn't mean that you and I are to be separated all the time. You must call me up occasionally, and I'll call you, too—it is so easy to make a toll call, you know. Are you really going to visit the Adams's? That's simply fine—you and Ned must visit us also. Nell is going to Cape Ann as usual and Fred and his wife will be in the Berkshires. They'll be glad when you call them. I like to talk with all the old crowd every week—it's so much better than letters, and we don't lose track of our set, either."

There is no charge on a toll call if you don't get the person asked for

DIFFERENTIALS TRANSMISSIONS

Transmission and differential trouble needs the most expert of mechanical skill to remedy—the character skill that the mechanics of OUR shop are noted for.

If your transmission is "growing" in low gears, if it seems to have "play," etc., have us "get busy" NOW before it's too late. Differentials shouldn't "howl"—and they must not be too loose—if anything is wrong with yours, we'll quickly set it right. ALL kinds of expert auto repair work done here in a first-class shop at reasonable cost.

NEW CITY OFFICIAL

Mr. Wm. W. Colton Takes Office As Forest Commissioner

Mr. William W. Colton, who was unanimously confirmed as Forest Commissioner of this city by the board of aldermen on Monday night, has begun his new duties in this city.

MR. WM. W. COLTON, The New Forest Commissioner.

Mr. Colton was born in Pittsfield, Mass., December 25, 1883, and educated in the public schools, Pittsfield High School, Massachusetts Agricultural College, and graduated from the Harvard Forestry School, class of 1907. After leaving college he was employed as a forester in Dalton, Mass., as forester and general foreman for the American Forestry Company, South Framingham, and as Division Superintendent for the state of Massachusetts. He resigned this position in July, 1911, to accept the position as City Forester and Superintendent of Parks in Fitchburg.

In February, 1912, he organized the Fitchburg Branch, Massachusetts Forestry Association, which was the first branch organized in the State, and has served as Secretary and Treasurer since its organization.

Mr. Colton has also been a member of the City Planning Committee, Fitchburg Board of Trade and Merchant's Association; member of the Executive Committee of the Massachusetts Tree Warden and Forester's Association; member of the Board of Directors, Mens Club, Christ Church; Orator, Fitchburg Council, Royal Arcanum; and Junior Deacon, Charles W. Moore Lodge, A. F. & A. M.

CONCERT AT BRAE-BURN

The first in a series of June concerts, which took the form of a The Bantam, was held last week on Thursday evening at the Brae-Burn Club, West Newton.

It was a most brilliant affair and attended by about 2000, including members of the Club and their guests, from Boston, Brookline and the Newtons.

The decorations and illuminations were very elaborate; electric lights were festooned across the bowling-green and during the evening colored fires were lighted about the grounds.

The serving capacity at the Club was taxed to its utmost, there being 350 dinner guests besides 50 tables on the lawn at which refreshments were served, and some of the members entertained at tables on the piazzas.

Everything at Brae-Burn is under the best attainable management, and the Club is run without consideration of expense, but with a view to the comfort and pleasure of its guests.

The scene on the bowling-green was most gorgeous and the green canvas was not large enough to accommodate the great number of dancers, and many danced on the grassy lawn.

Hundreds of beautifully gowned ladies and their partners danced the hours away to the exhilarating music of Stiles 8th Regiment Band of Lynn, which was so excellent, that it was repeatedly encored.

The concert was a pronounced success and the second in the series is scheduled for Thursday evening of next week.

POLITICAL NOTES

Mr. William H. Carter of Needham is making a thoro campaign for the Republican nomination for Congress in this district.

Friends of Mr. Howard Emerson of Newton Centre are urging him to become a candidate for the House of Representatives to succeed Mr. White, who will retire this fall. Other names mentioned for this office are Alderman Fred W. Cobb of Newton Upper Falls, and Mr. J. Weston Allen of Newton Highlands.

It is hoped that both Representative Bothfeld and Representative Ellis will be willing to accept another renomination.

PIPER-CUTLER

The Unitarian Church at Newton
Centre was gay Monday afternoon with
field daisies and lilies, and masses of
ferns and palms, for the wedding of
Miss Catherine Worcester Cutler, the
daughter of Mr. and Mrs. Frederic
Farley Cutler of Newton Centre, and
Mr. Ralph Crosby Piper of Cambridge,
Harvard 1912 and Harvard Law
School, 1914.The ceremony was performed at four
o'clock by Rev. Alon H. Robinson,
pastor of the church, the bride being
given in marriage by her father. She
wore a gown of white panne satin with
court train, a tulle tunic trimmed with
Caribbean lace and her veil was
caught with orange blossoms. She
carried a shower bouquet of lilies of the
valley. Her sister, Miss Margaret M.
Cutler of Farmington, Conn., was maid
of honor and wore lavender orchid
tulle with an orchid hat and carried a
basket of purple orchids. The brides-
maids, the Misses Eleanor Phillips of
Brookline and Virginia B. Parker, Betty Brooks, and Hester
Smith of Newton Centre, were gowned
alike in yellow tulle with white tulle
trimmings, Leghorn hats with yellow
roses and carried baskets of lavender
sweet peas.Mr. William Bridge Piper of Tawas,
Mich., Harvard, 1903, was the best
man and the ushers were all class-
mates of the groom, Messrs. Robert F.
Duncan of Springfield, Frederic E.
Gooding, Davenport Haywood, Carl
Putnam, Edward H. Warren of Boston,
and Robert W. Williams of Baltimore.
About two hundred guests were
present at a reception which followed
the ceremony at the residence of the
bride on Hobart road, Mr. and Mrs.
Piper were assisted in receiving by
Mr. and Mrs. Cutler, and by two sisters
of the groom, Miss Elizabeth B.
Piper of Cambridge, and Mrs. Matthew
Hale of Boston.Mr. and Mrs. Piper will spend the
summer in the White Mountains and
on their return will reside at 12 Fran-
cis street, Cambridge, where they will
be at home on the first and third Wed-
nesdays in November and December.

GOODMAN-O'NEILL

The wedding of Miss Mary Eleanor
O'Neill, daughter of Mr. and Mrs. John
O'Neill of New Newton, and Mr. Percy
Russell Goodman of New Hampshire,
took place on Tuesday evening, at the
home of the bride's parents on Water-
ton street.The house was very attractively
decorated for the occasion with white
roses and daisies. The ceremony was
performed at 8 o'clock by Rev. Richard
T. Loring, rector of St. John's Church,
the bride standing under an arch
of palms and daisies in an alcove
in the rear of the church.Mrs. Herbert E. Dame played the
Mendelssohn Wedding March as the
bride's first entrance; the bride was
given in marriage by her father and
wore a beautiful wedding gown of
white silk crepe de chine trimmed with
shadow lace, and carried a shower
bouquet of white roses and lilies of
the valley. She was attended by Miss
Edith Backford, as maid of honor, who
was gowned in light blue silk mes-
seline and carried sweet peas.The flower girls, nieces of the bride,
were the Misses Marian and Ethel
Delmore of Hyde Park. They were
daintily dressed in white and wore
pink sashes and pink ribbon bows, and
carried baskets of daisies.The best man was Mr. Hugh O'Neill,
brother of the bride. A reception was
held immediately after the ceremony,
and Mr. and Mrs. Goodman were as-
sisted in receiving by Mr. and Mrs.
O'Neill and Mrs. Gilmore. Mrs. O'Neill
was gowned in white silk net with
trimmings of gold lace, and Mrs. Gil-
more wore white silk with black lace.The bride's table was decorated with
white roses and in the centre was a
large wedding-cake which was made
by Mrs. George K. Stacy, a friend of
the bride.The young couple received a large
assortment of beautiful and useful
gifts. About 150 guests were present
from Dorchester, Hyde Park, New
Hampshire, Boston, and the Newtons.
Mr. and Mrs. Goodman left on a
wedding-trip to the White Mountains,
and on their return will reside in
Allston.

PURITY ICE COMPANY

The formation of a company for the
manufacture of pure artificial ice in
this city has become an accomplished
fact, through the efforts of a number
of our public spirited citizens, and co-
operation of the Woman's Clubs of
Newton.The Purity Ice Company is incor-
porated under the laws of the State of
Massachusetts, with a capital stock of
\$75,000.00 at a par value of \$100 per
share. As the project is primarily a
"community" undertaking, the shares
have been sold only to Newton citi-
zens in order to carry out the spirit
of co-operation.The Officers and Board of Directors
are as follows: president, Charles E.
Townsend, Equitable Life Assurance
Society; treasurer, Francis H. Wil-
liams, Furniture and Decoration;
clerk, Clifford B. Whitney, Interna-
tional Trust Company; William C.
Brewer, Alex. S. Brown, Sumner
Clement, Prof. Edw. F. Miller, M. E.
George E. May, M. D. These men are
all well-known Newton citizens, who
believe that a project of this kind will
have the support and patronage of
every family in the city who desire
pure drinking-water ice and clean de-
livery in closed trucks.The Directors believe that efficient
conduct of the affairs of the company
will result in a fair return on the cap-
ital invested while the price of the
ice will not be dependent on the
vagaries of the weather.It has been conclusively proved that
the Lasting and Cooling qualities of
artificial fresh water ice are equal to
or better than natural ice, while its
desirable qualities in many other ways
will be easily apparent when delivery
begins.Plans are under way for an ice plant
that will be a model in every particu-
lar, and an institution in our city of
which every citizen will be proud.

HOWARD-WHITE

Miss Sarah L. White, the daughter
of Mr. and Mrs. Daniel W. White of
Newton Upper Falls and Mr. Paul D.
Howard, Harvard, '05, of Clinton,
were married last evening at the home
of the bride on Bacon place. The
ceremony took place at eight o'clock
and was performed by Rev. Louis J.
Parsons, rector of St. Paul's Church,
Newton Highlands.The bride was gowned in white satin
with shadow lace, caught up with
orange blossoms, the customary tulle
veil and orange blossoms, and a duch-
ess lace cap. She carried a shower
bouquet of lilies of the valley and sweet
peas and wore a pendant of diamonds
and pearls, the gift of the groom. She
was accompanied by two small nieces,
Florence E. and Katharine N. White of
Newton, dressed in cream shadow
lace, one over pink with wide pink
girdle, the other over blue with wide
blue girdle, and carrying white rose-
buds.Mr. George Howard of Clinton,
brother of the groom, was the best
man and the ushers were Representa-
tive Thomas W. White and Messrs.
Daniel A. and John W. White, brothers
of the bride, and Mr. J. Fred Smith of
Herkimer, N. Y., a classmate of the
groom.A reception followed until ten
o'clock, Mr. and Mrs. Howard being
assisted in receiving their friends by
Mr. and Mrs. D. W. White and Mr. and
Mrs. Frank E. Howard of Clinton.After a wedding trip Mr. and Mrs.
Howard will reside at 48 Cedar street,
Clinton, where they will be at home
after Sept. 1st.

MISS FLOOD RECOVERING

The many, many friends of Miss
Katharine R. A. Flood, the daughter
of our citizen, John Flood, will be
pleased to hear that she is recovering
very satisfactorily from her serious
surgical operation and is at her father's
home in Newton. It should be
remembered that Miss Flood is honor-
ing her native city by serving the
National Grand Army Department at
its headquarters in Detroit, Michigan,
as its ablest secretary, in whose care
are the manifold and important de-
tails of Grand Commander Gardner
and his adjutant-general's offices. She
likewise is one of the most prominent
and able officials of the National Or-
ganization of Daughters of Veterans
and is listed for the grand Council of
that efficient and numerous Auxiliary
to the Grand Army of the Republic.
The idea of honoring the Army Nurses
of the Civil War was largely hers as
well as the putting in motion and
pushing the raising of the \$15,000 fund
necessary to accomplish the placing
of that graceful monumental recogni-
tion of the sacrificing services of those
dear souls who ministered so tenderly
to the wounded, sick and dying com-
rades all through the War.

DAY—LOCKWOOD

The wedding of Miss Amy Lockwood,
the daughter of Mr. and Mrs. Henry
Nichols Lockwood of Washington
street, Brighton, and Mr. Willard
Lansing Day of West Newton, took
place on Thursday afternoon, June
11th, at the home of the bride. The
ceremony was performed at four
o'clock by Rev. H. Grant Person, pas-
tor of Eliot Church. The bride, who
wore a gown of white charmeuse
draped with white chiffon, trimmed
with rare old lace and carrying a
shower bouquet of lilies of the valley
was accompanied by her sister, Miss
Albertine Lockwood, as maid of honor,
and wearing pale blue charmeuse with
crystal tunic and carrying pink Rus-
sell roses. The best man was Mr.
Frederick L. Day of West Newton, a
cousin of the groom.A reception to relatives followed the
ceremony.
After a short wedding trip, Mr. and
Mrs. Day will reside at 38 Burton

TO GRANT ONE LICENSE

(Continued from Page 1.)

cult problem and live up to the letter and spirit of the law without in the least nullifying the position you took by your vote of April 27th, we urge that this Board vote to grant but one license and that the granting of this license to a suitable person be left to your License Committee. This in our opinion will be the most satisfactory solution to the public and to the Expressmen and will at the same time justify the position this Board has already taken by having voted to grant no license whatever. The doing away with liquor permits has now been in operation but a short time, by no means sufficient time to give this plan a fair trial. Such problems as have arisen can, and we believe, will, be satisfactorily met. All the arguments that were adduced in favor of granting no express licenses are just as strong today as they were six weeks ago. The logical position of this Board in our judgment is to go no further in the granting of licenses than the Supreme Court requires us to go, namely, to grant but one license, and we so recommend.

ABBOTT B. RICE,
HENRY W. JARVIS,
F. W. COBB.

Alderman Rice, chairman of the License committee began the debate by asking the board to substitute the minority report for that of the majority of the committee, and in reply to the question of Alderman Pratt as to whether Roberts express had been refused a majority recommendation, stated that Roberts was one of the best expressmen in the city and the only logical way to settle this whole matter is to grant but one license. Alderman Alley said that if but one permit was to be granted in each section of the city, Roberts should be selected in West Newton instead of Peeney. President Blakemore then took the floor and said that the committee were nearly equally divided. While he believed that the temperance people were acting for what they believed were the best interests of the city and were the first body of people during his term of service to appear in behalf of selfish interests, their plan had been tried out and is not working well. The bringing in of liquors by outside teams cannot be checked and there is no immediate chance, under the present laws for changing this condition. He believed the city should return to the old plan until the new legislation could be obtained. As a licensing board, the aldermen have very narrow powers. It is not for us to say that one man shall do all the business and refuse others the same privilege. The only tests allowed by the statute are whether the petitioner is doing a general express business and if he is a suitable person to hold such a permit.

Under decision of the Supreme Court, to grant one license would be a perversion of the law. The committee had had an auditor go over the expressmen's books and his report showed that about all those favored by the minority of the committee, were doing a large general express business as compared with the majority. The minority further recommended but 13 licenses as against 23 granted last year. The demand of the temperance people should be made at Beacon Hill and on that issue, I am with them.

Alderman Jarvis called attention to the conditions which would exist if only 13 permits were granted, saying that Ward 1, the Italian section of West Newton and Thompsonville would still be without this service and he predicted that the brewery teams would still continue to come in to serve those sections.

Alderman Rice said that the auditor reported that the books kept by the expressmen were worthless and that in his (Rice's) opinion, the only correct basis of comparison was on cash receipts for both general and liquor express business.

Alderman Blakemore said it was not fair to say the reports were worthless as Mr. Ware had been able to inform the committee of the total number of deliveries for both general and liquor business and that was as fair an estimate as could be expected. He further said that the present conditions with beer wagons filling our streets were bad and then defined the law regarding transportation.

Alderman Malcolm said that the board demonstrated its sentiment on this question in April and everyone would be glad to see the liquor traffic in Newton cut off, but it was now a matter of duty and not of sentiment. The Supreme Court has told us what to do, and we must grant at least one. He did not believe one permit would supply the wants of this community and each village was entitled to its service according to statute. As it was not fair to pick out but one man in each village, the alderman believed the permits should be given to all expressmen doing a legitimate business.

Alderman Cobb said the board was mixing two matters together and that the transportation by outsiders should be settled in other ways. He favored keeping strictly to the letter of the law and granting but one permit.

Alderman Cox believed the board had gone too far in attempting to regulate the liquor traffic and predicted the filing of petitions for drug-gists licenses in the near future. He believed that while a town like Water-town could be served by one liquor permit a city like Newton should have each of its villages cared for. He favored granting permits to both Peeney and Roberts in West Newton and said they were entitled to them by law.

Alderman Richardson said that the board had followed public sentiment by refusing to grant drug-gist licenses and liquor permits. To grant but one would embarrass the holder and outside teams will still come into the city. He believed that by letting down the bars the board would act contrary to public sentiment and it should so act as to place the responsibility on Beacon Hill.

Alderman Clark said that last April the board didn't care whether the people of Newton had liquor or not and now we seem seriously concerned because they are not able to get liquor.

A complete somersault has been turned. When we were asked to refuse drug-gist licenses all sorts of rumors were heard as to the effect, but nothing happened. Now we have a great fear in our hearts that in this matter of liquor permits we shall get in wrong with some one and that our streets will be filled with beer wagons. Mr. Clark believed that in some matters, things must be worse before they can be better.

As Alderman Murphy stated that both reports indicated that Nonantum would be refused any liquor permits, there came a sudden and unexpected peal of thunder which somewhat embarrassed the alderman and caused considerable laughter. He said that last April he had been somewhat skeptical as to the action then taken and agreed that the trial thus far, had not been a success. This morning he had interviewed the driver of a beer-wagon in Nonantum and found that this man was making over 100 deliveries a week and represented only one of five concerns. The liquor he said was brought into the town by the daytime with no attempt to cover their loads. The police officers agreed with him that just as much liquor was being brought into Nonantum as before and that the old conditions were far preferable. He knew that the outside teams would cease if permits were granted and he believed that Nonantum had as much right to this service as any other portion of the city. He also favored granting permits to Deluco, Carvelli and Morrell.

Alderman Bemis said there seemed to be some confusion as to our obligation and it seemed to him that the board should do what the law imposed even if it was not what the board wished to do. He did not believe that many of the applicants met the two conditions of business and personal qualifications but he did believe that every citizen had the right to purchase liquor and have it shipped to his home.

Alderman Forknall said the board should be consistent and said that the drug-gists were not driven out of business when their licenses were taken away and he did not believe the expressmen would. In his opinion no injury would be done if permits were refused.

Alderman Rice said the present system had been working but a month. He said that Watertown had recently met these express teams on its borders and by threatening arrest had succeeded in keeping them out of town. Melrose he said had also refused to grant these permits, since the Supreme Court decision.

Alderman Jamieson thought there was no change in public sentiment in Newton and the vote in April was a decided step in the right direction. He did not favor taking any backward step and if the board granted more than one permit it would be losing ground. He thought that every person who had spoken to him on the matter had done so on selfish grounds and also inaccurate in some other respects. The opinion of the city solicitor, he stated, was not dated until March 16, or some time after Neagle had been restored to duty by the mayor and evidently the suggestion had been made by the mayor and approved by Mr. Slocum. Neagle's appointment in 1896 was stated by the chief of police or the mayor. Mr. Blakemore stated that at the former hearing Neagle had testified entirely differently to what he did at the recent hearing and was therefore guilty of perjury, at one of these hearings.

There was no evidence of exceptional service by Neagle as stated by the mayor and his record previous to the discharge of last year was not good. Alderman Cox raised a point of order that Mr. Blakemore was not speaking to the question, but was ruled out by Vice-President Blanchard.

Mr. Blakemore argued that the appropriating power of the alderman was preme and the city was not liable in any way for the employment of Neagle in excess of the appropriation. He called attention to the testimony of the city physician that Neagle had a weak heart and was hard of hearing, and claimed that the man was physically unfit for duty and that if women were assaulted on his beat he would be unable to hear their cry for help and could not run to their assistance. He also said the action of the mayor had weakened the authority of the chief and disorganized the department.

Alderman Winslow said that the facts were too well known for us to increase the appropriations for this department. He objected to the statement of the mayor that President Blakemore had acted as his attorney at the recent hearing saying it was absolutely false and that he and Mr. Blakemore had attended that hearing as interested citizens. He believed the board would be recreant to its responsibility if it did not show by its vote, its disapproval of this action of the mayor.

Alderman Murphy said that according to the city solicitor, Neagle was never removed from the police force and if any liability was incurred it was when the last appointment of mayor and his record previous to the discharge of last year was not good. Alderman Cox raised a point of order that Mr. Blakemore was not speaking to the question, but was ruled out by Vice-President Blanchard.

10, Aldermen Blanchard, Clark, Cobb, Early, Forknall, Jamieson, Jarvis, Rice, Richardson, Wagner and Winslow voting in favor and Aldermen Alley, Barker, Bartlett, Bemis, Cabot, Cox, Malcolm, Murphy, Pratt and Blakemore voting against.

A recess was then taken for a few moments, and on reassembling, Alderman Bartlett made the motion to rescind the action just taken on the ground that it was illegal and beyond the powers of the board to delegate to the License committee the right to designate who should receive the one permit to be issued. The motion raised a storm of protest, Alderman Blanchard questioning the right of the alderman to make that motion, Alderman Jarvis asking how the action taken was illegal, and Alderman Forknall saying it was purely a technical question and that the alderman had no right under the rules to make such a motion. President Blakemore ruled that the motion was not a reconsideration and that any parliamentary body could reverse itself. Alderman Bartlett said he had no personal interest in the matter, but the vote taken was clearly an illegal vote. He reminded the board that once before he had warned the board that they were not complying with the law and the Supreme Court had since stated that he was right. There was no need of taking an illegal vote, and the board was competent to pass on each applicant at once.

After more or less desultory debate, Alderman Forknall appealed from the decision of the chair and then asked that the appeal be laid on the table until the opinion of the city solicitor could be obtained on the matter. Alderman Cox subsequently asked to have the appeal taken from the table but it was defeated by a vote of 6 to 4.

A majority report of the Finance committee, that it was inexpedient to make an appropriation of some \$966 for an additional police officer was also the subject of considerable debate, as the majority of the board evidently believed that the money was to be used in paying the salary of Patrolman David Neagle, who had been doing police duty for some weeks under the order of Mayor Childs. Alderman Murphy opposed the adoption of the report and said there was a great deal of unnecessary feeling over this matter. The Mayor had acted under the opinion of the city solicitor and the board had nothing to do with his action. The Comptroller had refused to approve police payrolls with 65 men, as the appropriations only authorized 64.

Alderman Jamieson said that the needs of Nonantum square with the Neagle matter were two separate questions and that the board ought not to interfere with the rights of the mayor.

Alderman Blakemore again took the floor to criticize the decision of the mayor in the Neagle case saying that the mayor had not stated all the facts and also inaccurate in some other respects. The opinion of the city solicitor, he stated, was not dated until March 16, or some time after Neagle had been restored to duty by the mayor and evidently the suggestion had been made by the mayor and approved by Mr. Slocum. Neagle's appointment in 1896 was stated by the chief of police or the mayor. Mr. Blakemore stated that at the former hearing Neagle had testified entirely differently to what he did at the recent hearing and was therefore guilty of perjury, at one of these hearings.

There was no evidence of exceptional service by Neagle as stated by the mayor and his record previous to the discharge of last year was not good. Alderman Cox raised a point of order that Mr. Blakemore was not speaking to the question, but was ruled out by Vice-President Blanchard.

Mr. Blakemore argued that the appropriating power of the alderman was preme and the city was not liable in any way for the employment of Neagle in excess of the appropriation. He called attention to the testimony of the city physician that Neagle had a weak heart and was hard of hearing, and claimed that the man was physically unfit for duty and that if women were assaulted on his beat he would be unable to hear their cry for help and could not run to their assistance. He also said the action of the mayor had weakened the authority of the chief and disorganized the department.

Alderman Winslow said that the facts were too well known for us to increase the appropriations for this department. He objected to the statement of the mayor that President Blakemore had acted as his attorney at the recent hearing saying it was absolutely false and that he and Mr. Blakemore had attended that hearing as interested citizens. He believed the board would be recreant to its responsibility if it did not show by its vote, its disapproval of this action of the mayor.

Alderman Murphy said that according to the city solicitor, Neagle was never removed from the police force and if any liability was incurred it was when the last appointment of mayor and his record previous to the discharge of last year was not good. Alderman Cox raised a point of order that Mr. Blakemore was not speaking to the question, but was ruled out by Vice-President Blanchard.

pay 80 per cent. This cost on a 20 years basis would mean \$1200 per year as compared to a cost of about \$2800 yearly if the work was done in the future. Financially the city is amply able to pay for this improvement now. \$187,000 of bonds will be paid off this year, allowing for \$60,000 increase in sewer bonds, \$237,000 will be paid next year and \$225,000 in 1916. Alderman Pratt said he had given the matter the most careful consideration and while it would be a nice thing for the city to do, it was not enough of a necessity to warrant the expense at the present time. This was a matter for the Planning Commission to consider and report upon.

Alderman Clark said that the cost is the chief argument against it but he believed the danger to life was an important consideration. If another accident takes place here, he said, there will be a strong public demand all over the city to widen this bridge. He was ready to vote for both the Weston bridge and the Boylston street bridge the present year.

Alderman Rice said the only question was when the work should be done, and called attention to the large appropriations made in this district for sewers, streets and other improvements. He said that at least \$90,000 should be expended on our public buildings to put them in proper shape and until these necessities were taken care of he did not favor this appropriation. He quoted the Planning Commission as being unanimously opposed to the widening.

The order was then defeated by a vote of 13 to 8, the order requiring a two-thirds vote. Alderman Alley, Bartlett, Blanchard, Cabot, Clark, Cobb, Cox, Early, Jamieson, Jarvis, Malcolm, Murphy, and Richardson voting in favor, and Aldermen Barker, Bemis, Forknall, Pratt, Rice, Wagner, Winslow and Blakemore voting against.

Alderman Cobb thanked the board for the patience and consideration given for the matter except the "snap shot" taken by the alderman from Chestnut Hill (Bemis).

An order for a transfer of \$85 to allow the moving of an old voting booth from Upper Falls to the Lower Falls playground was adopted at the request of Alderman Early.

And at 12:45 A. M. the board adjourned to meet June 29th.

SAFETY FIRST

The Newton School Committee has offered to cooperate with the Boston Chamber of Commerce in its Safety First Campaign in the public schools and will distribute 7400 special circulars which the Boston Chamber of Commerce has drawn up, to the pupils in the Newton public schools before they close for the summer.

Last week the Boston Chamber of Commerce distributed 120,000 of these circulars to pupils in the public schools of Boston, as well as 3500 copies of a circular for teachers. This work has received the endorsement of public officials in Boston and has been very favorably mentioned in the newspapers throughout Boston and New England.

MacKINNON—MacDONALD

A pretty wedding took place Tuesday evening when Miss Mary Macdonald was married to Mr. Collins Francis MacKinnon at the Church of Our Lady, by Rev. Fr. J. F. Kelly. The bride was gowned in white silk chiffon with shadow lace peplum and wore a white hat trimmed with plumes. She carried a bouquet of sweet peas. The bridesmaid, Miss Margaret Macdonald, cousin of the bride, was gowned in white embroidered muslin and wore a white hat. Mr. George Bailey was the best man. After the ceremony a reception was held at the home of the bride's sister, Mrs. Roderick MacLean, on Thornton street. Mr. and Mrs. MacKinnon will spend the summer in Portsmouth, N. H.

THE NEAGLE CASE

Mayor Childs Announces His Decision On Recent Charges

Mayor Childs announced his decision last Saturday in the notorious Neagle case, which has been before the public for the past four or five months. It will be recalled that Neagle was discharged last year by the chief of police and was recently restored to duty by Mayor Childs on the ground that he had been illegally discharged.

In a letter directed to Alderman Winslow the Mayor says:
 "The following charges have been preferred against Patrolman David J. Neagle, as a result of my having restored him to duty in the Newton Police Department after I had been advised by the City Solicitor that he had been illegally discharged by the Chief of Police.

"Auburndale, Massachusetts,
 May 28, 1914.
 To Hon. Edwin O. Childs,
 Mayor of Newton.

"I hereby make a complaint against Patrolman David J. Neagle for conduct unbecoming a police officer.

First: That on the 21st day of May, 1913, he left his route during his tour of duty without permission of a superior officer, and visited a neighboring town.
 Second: That on the 21st day of May, 1913, he did steal about one pint of milk, and did steal milk on divers other days for a period of thirty days previous to May 21st, 1913.
 I also charge that Patrolman David J. Neagle is physically unfit for service.

Yours respectfully,
 G. M. WINSLOW.
 "You having been the complainant in this case a hearing was held at your request at my office in City Hall, at which Mr. Arthur W. Blakemore, President of the Board of Aldermen, appeared as counsel for you and prosecuted the case.

"Upon all the evidence submitted to me, I find that Patrolman Neagle one year ago, to wit, on the 21st day of May, A. D. 1913, crossed the Wellesley line from his route at Lower Falls for reasons which he satisfactorily explained, and that in passing the store of one Ayres did take a drink of milk from a can which was on the doorstep. There is some question as to whether he took one swallow, two swallows or a gill of milk, but I am satisfied that he took a drink of said milk and passed on.

"He may have taken a drink upon other occasions, although I am not satisfied that he did. The owner of the milk did not appear before me as a witness, and although he testified at a previous hearing to having missed milk from off the top of his cans, I am not satisfied that officer Neagle was the one who took it.

"The witnesses at the former hearing who testified before me at the present one changed their testimony as to some details. That being so I should have liked to have heard Mr. Ayres' testimony myself. From his non-appearance, and apparent lack of interest, I venture to think he viewed the whole transaction rather lightly.

"As to the charge that officer Neagle is, at the present time physically unfit for police service, the only evidence presented on this point was by Dr. Lowe who made some examination of Neagle some years ago, and who stated that at that time he had a weak heart.

"At the time of his civil service examination Neagle received the highest mark for physical condition, and if he is not now up to the standard he has evidently become incapacitated in the service. The remedy for that is pension, not dishonorable discharge.

"Having found Neagle guilty of conduct unbecoming an officer I make no apology whatever for his act which was most ungentlemanly to say the least.

"The question of punishment for the offence admitted and proven must now be determined. To that question I have given much time and thought.

"This case in a way is ancient history, coming over as it does from a former administration. That being so, I feel as though I ought to be guided somewhat by the action of other Mayors in similar cases. They were able men then as I am, and fair minded citizens admit that they were honest.

"I have carefully examined the precedents in the police department, and find on one case during Mayor Hutchinson's administration directly in point, although the offence charged was much more serious.

"That there may be no misunderstanding of this case which Mayor Hutchinson decided, I quote in full from the record, which is as follows:
 "July 10, 1909.
 Mr. Frederic M. Mitchell,
 Chief of Police of the
 City of Newton, Mass.
 "Dear Sir:
 "The following charges have been

preferred against Patrolman William Groth:
 West Newton, Mass., June 29, 1909.
 To His Honor the Mayor of Newton,
 "I hereby prefer charges against Patrolman William Groth as follows:
 "1st. That upon the ninth day of June, 1909, at about 3.30 A. M., he did, while on duty, without permission of a superior officer, enter the shop of A. I. English & Co., 63 Union street, and remain there for a period of ten minutes without good and sufficient reason therefor.

"2nd. That upon the ninth day of June, 1909, he did break and enter the shop of A. I. English & Co., 63 Union street, and did remove from said premises, without permission of the owner and convert the same to his own use, one roll of wire netting, valued at twenty-two cents.
 (Signed) ROBERT S. HARRISON,
 Lieutenant of Police.

"Chief F.M.M.
 "I find as follows:
 "1st. That if, on the ninth day of June, 1909, Officer William Groth upon discovering the outer door unlocked did enter the premises of A. I. English & Co., 63 Union street he was justified in so doing for the purpose of making an investigation, and as for the evidence that the door was locked is not conclusive, I do not judge him guilty of Breaking and entering.

"2nd. It is perfectly clear upon his own testimony: (a) That having entered the premises mentioned, his investigations were not thorough in as much as the presence of Robert W. English was not discovered.

"(b) That he did then without the knowledge or permission of the owners take and convert to his own use a roll of wire netting, although later paying for same.
 "(c) That he failed to report to Headquarters the condition in which he found the premises of said A. I. English and Company and his actions in connection therewith.

"3rd. Officer William Groth has been in the Newton Police Department for over eleven years, until now without preferred charges, and while this fact will be considered in his favor, the present misdemeanors are serious and must be regarded as such.

"4th. He is therefore to receive penalty by a reprimand and to be fined thirty days pay, from July 1st, 1909.

Yours very truly,
 (Signed) GEORGE HUTCHINSON,
 Mayor.

"There have been other cases in the Newton Police Department during the last twenty years where officers have been charged with all sorts of offences from getting drunk to much more serious misdemeanors, and in no case which I recall has an officer been discharged from the force when the cause complained of was his first offence.

"There are men today in the department doing efficient service who have been adjudged guilty by former Mayors of much more serious conduct than this charged against officer Neagle, and they are doing efficient service because they have learned their lesson, and were given another chance.

"There are still others who have done equally foolish and unbecoming acts, but against whom charges were never preferred simply because they happened to have a 'pull'.

"Such being the situation, I should not feel justified in making an exceptional example of Neagle whose case comes over from a former administration, without calling to account any other officers who have been guilty of unbecoming acts, and a wholesale discharge of officers at this time would not only cripple the department, but would be both unwise and unjust.

"Besides some who are making the most noise today about the Neagle case would, in my judgment make an equally loud protest against the removal of some of these other officers, or the reduction in rank of others who may have made serious mistakes in days gone by.

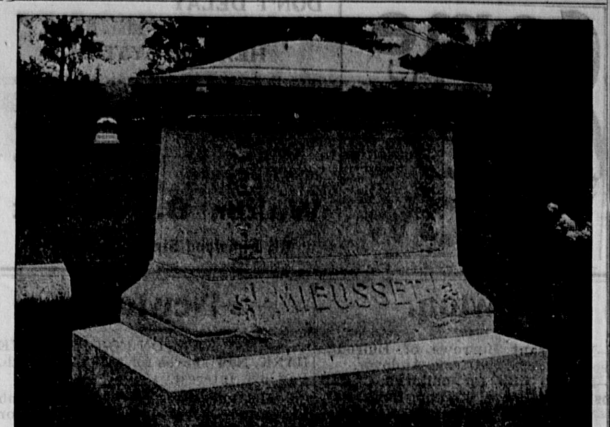

"Although I am obliged according to the evidence to find officer Neagle guilty of taking what did not belong to him, I nevertheless am willing to go on record with the statement that I do not believe that he is a thief at heart, any more than I believe the Chairman of the Board of Aldermen to be an intentional violator of law although when he appeared at the hearing and prosecuted this case against Neagle, he violated the Charter of the City of Newton. I know the Aldermen too well to even suspect him of any intentional wrong. My high regard for him as a man and as a public servant preclude any such conclusion.

"I know, too, officer Neagle well enough to believe that he is neither a criminal nor a fool. By criminal I mean a man with criminal instincts, crooked and dishonest. By fool I mean not the man who merely does a foolish thing, but the man who does not know enough to cash in on his foolishness.

"Neagle's sixteen years of service for the city, and in some respects of exceptional service, without a reprimand from a Mayor, his persistent crusades against the illegal sale of liquor on the part of druggists, expressmen and keepers of kitchen-bar rooms, his record of conviction of men who were violators of the liquor laws regardless of who they were, ought, it seems to me, to be taken into consideration in determining what punishment shall be meted out to him for misconduct with which he is for the first time charged.

"Officer Neagle made a serious mistake. He acknowledges the fact and will, I believe, if given the opportunity, demonstrate that he can make good in spite of the blunder which he made.

"Employers used to discharge men who had done wrong things. I find that the tendency today is to keep the man on and try him out in the hope that he will learn by his accident.

BLANDY—SHAPLEIGH

Miss Alice Waldron Shapleigh, daughter of Mrs. John R. W. Shapleigh formerly of Newton, Mass., was married in Pasadena, California, on June 11th, to Mr. Edwin Chauncey Blandy of Osceola, Pennsylvania.

The wedding took place at the residence of Captain and Mrs. Charles T. Leeds, the brother-in-law and sister of the bride. The ceremony was performed by the Rev. Leslie E. Learned, rector of All Saints Church, Pasadena, at half after four in the afternoon.

The bride was attired in a gown of white satin and lace. Her veil, which was of point applique, was fastened with a spray of orange blossoms. She carried a beautiful shower bouquet of lilies of the valley. She was given in marriage by her brother-in-law, Captain Leeds. Her small nephew and niece, Charles and Alice Leeds, attended her, the latter carrying a basket of Cecil Brunner roses. The house was tastefully decorated with Shasta daisies and boughs of acacia.

NEWTON, MASS., FRIDAY, JUNE 16 1914.

TERMS, \$2.00 A YEAR

\$25,000 YEARLY WAGE INCREASE

Decision of Arbitration Board Seriously Affects the M. & B. Street Railway Co.

Eight hundred employees of the Middlesex and Boston Street Railway Company are given an average increase in wages of 15 per cent, by the decision of the majority of the board of arbitration appointed to consider the differences between the men and the company.

James H. Vahey, the representative of the railway employees' union on the arbitration board, and Ex-Mayor George L. Mayberry, appointed to the board by the company and the union, signed the report giving the increase.

Arthur A. Ballantyne, the company's representative on the board of arbitration, in a dissenting report protests against the granting of any increase on the grounds that it will mean one of three results: the cutting of the per cent. dividend paid by the company, an increase in fares or a reduction in the service.

The decision of the arbitrators was announced at a meeting of Division 10 of the Amalgamated Association of Street and Electric Railway Employees held in A. O. H. hall, Waltham, Monday evening.

The report states that the company could, in the opinion of Mr. Vahey and Mr. Mayberry, pay its employees 15 per cent. more than it is now paying, based on an increase awarded by the arbitrators, is due each employee.

In dollars and cents the award will cost the company about \$25,000 for each year and about the same amount each year in addition to the present amount paid for wages.

Hearings were held in Waltham and Boston.

Decision of the Board. The decision of the majority and minority of the arbitration board in all was as follows:

AWARD. The Board of Arbitrators appointed an agreement dated March 7, 1914, determine what scale of wages shall be paid by the company to the members of the Association during a period of three years and one month, beginning June 1, 1913, and ending June 30, 1916, have heard the parties and determine the matters submitted to them as follows:

	22 1/2	26	.03 1/2

TEAMSTERS.	Present Rate	New Rate	Increase
	20	24	.04

As to certain other points we are asked to pass upon we decide as follows:

1. Overtime for barnmen (including all those named in Schedule III) shall be paid for at a rate of 50 per cent. higher than the employee's regular hourly rate, for each hour or fraction thereof. This overtime provision is intended to take effect only from and after the date of this award.

2. In computing any back pay due under this award to blue uniform men, the computation shall be made upon the basis of the actual number of hours each man has worked. Extra men will receive back pay only for the weeks in which their time computed at the new rates exceeds the agreed minimum guarantee.

3. We are asked to determine the time when any back pay due under the award shall be paid the men. We do not regard that as a question submitted to us under the arbitration agreement. By the terms of the agreement itself it is clear that such sums become due immediately upon the award, and we assume that the payment will be made within a reasonable time thereafter. In our opinion a reasonable time would be not later than July 8th, 1914.

Witness our hands this twenty-second day of June, 1914.

Respectfully submitted,
GEO. L. MAYBERRY,
JAMES H. VAHEY.

DISSENTING OPINION. I regret that I cannot concur in the award of the majority of the board. The wage rates fixed by them are such as to necessitate either a reduction of the present 4 per cent return upon the capital stock of the company or the payment of higher charges or acceptance of less adequate service by the public, and perhaps all three.

Lower rates, particularly for the first year and for the second year of the period covered by the award, would in my opinion be entirely just to the men and would avoid injustice to the investor and to the public.

The representatives of the company have contended that the men constitute as a whole an efficient and reliable force; indeed, they have strongly commended their work in the service of the company.

The wage rates fixed by the majority of the board are, however, as high or higher than those paid by the strongest companies in the State, exclusive of companies operating in Boston, Worcester and Springfield. The greater part of the system of the Middlesex & Boston Street Railway Company extends through country districts where the riding is comparatively light. Such a company cannot be expected to pay as high rates as metropolitan companies. The company

HIGH SCHOOL GRADUATIONS

The Technical Vocational and Classical High Schools Hold Interesting Exercises at End of School Year

Technical High School.

There was a very large attendance at the Graduation Exercises of the Newton Technical High School, held Friday evening in the school hall. At the opening of the exercises, Rev. E. M. Lawrence Gould of the Church of the New Jerusalem, led the school in prayer.

The program included papers on "An Original Electrical Device," by Howard Mitchell of the Business Course; "The Magazine of Our Forefathers," by Miss Gladys J. Hadley of the Technical College Course; "An Experiment in Salesmanship," by Alfred B. Howley of the Business Course; "Results in Stenography," by Miss Louise Moffatt of the Clerical Course; "Designing and Making a Screw-Jack," by Paul McAllister of the Technology College Course.

The presentation of the gifts from the senior class to the school consisting of three pictures on "The Evolution of the Book," and a mounted Eagle placed in the library was made by Charles Mahoney.

A Vocal Waltz, "Carmenia," by the Girls Glee Club, was followed by an interesting and inspiring address to the graduating class, by Mr. Thomas B. Fitzpatrick of Brookline.

Mr. William H. Rice, chairman of the school committee, made the announcement of two scholarships. The George May Scholarship, which was awarded to Paul McAllister for the Massachusetts Institute of Technology, and the Scholarship by the Newton Centre Woman's Club, which was awarded to Miss Elizabeth H. Clifford for Simmons College. Hon. Edwin O. Childs presented diplomas to the following graduates:

One member of the class, Howard Mitchell, son of Chief Frederick M. Mitchell, of the Police Department, who is an honor student, refused his diploma, as he will return to school next September and assist in the laboratory. He will also continue as a member of the gymnasium team.

The officers of the class are: Charles Mahoney, president; Henry Flanagan, vice-president; Harold Collins, secretary, and Miss Constance R. Bostwick, treasurer.

Classical High School. Parents and friends were present in full force last Saturday afternoon at the graduation exercises of the Newton Classical High School, held in the assembly hall of that building at Newtonville.

The program was opened by an anthem by the class followed by prayer by Rev. Wm. C. Gordon, D.D., pastor of the Abundant Congregational Church. Robert Ellsworth Gross gave the class oration on the subject "Chance and Opportunity." Miss Katherine Allen Donovan read the Class poem, "From Forest to Plain;" Miss Doris Holmes gave the Class history, "The Voyage of 1914;" Miss Mildred Sherman Corson told of the Newton

High School Forty years ago and the Vaedictory was delivered by Rexford Sample Tucker. The musical numbers included a violin solo by Miss Margaret Elliott, vocal solos by Miss Elizabeth Kinney Stanton, and the singing of the Class hymn, with music by Miss Louise Gerhard and words by Rexford S. Tucker.

The diplomas were then presented to the graduates by Mayor Edwin O. Childs.

As the seniors had already given \$250 to the school library fund, this being the proceeds of their senior play, no mention was made of a class gift. The annual awarding of scholarships for the Classical High School will not be made until later in the summer. Rexford S. Tucker, the valedictorian, and William L. Prosser, another senior, have the exceptional record of acquiring an average of 90 each for their entire high school career.

The Class officers are Alfred S. Pratt, Jr., president; Miss Doris Holmes, vice-president; Miss Margaret Harvey, secretary; and Dwight K. Dunmore, treasurer.

The words of the class hymn are as follows:

Farewell, dear Alma Mater, to thee Adieu, Adieu.

No longer can thou our guardian be Leaving the scenes we delighted to see Bearing fond memories of thee And friendships true.

As we fare forth upon life's broad field Guide thou our way. Teach us aright our weapons to wield, Show by thy light how the weaker to shield.

Train us to fight and never to yield, All to essay.

So may thy law be e'er in our heart, Aye in our mind. Now from thy portals we sadly depart; Soon we must scatter and each take his part.

Yet not earth's vastness can keep us apart; Spirit doth bind.

MISS JERMAIN DEAD. Miss Louisa T. Jermain, a resident of West Newton since 1835, died last Friday at her home on Watertown street, at the advanced age of 97 years. Miss Jermain was born in Boston and removed with her father to West Newton when about 18 years of age, residing for many years in the brick house at the corner of Washington and Dunstan streets. She was a member of the Newton Centre Baptist Church for many years. Her sister Miss Helen M. Jermain died May 30, 1913. Funeral services were held at her late home on Watertown street on Tuesday afternoon. Rev. Robert W. Van Kirk, pastor of the Lincoln Park Baptist Church, officiating. Services were also held at the chapel at the Newton Cemetery on the same day.

READ FUND PICNIC. The annual Read Fund Picnic, made possible by the benefactions of the late Charles A. Read, will be held next Tuesday, June 30 at Norumbega Park. The picnic is limited to children residing in wards one and seven.

EDITORIAL

The attention of the residents of this
city is invited to the possible future
conditions of our street railway situa-
tion as outlined in Mr. Ballantyne's
minority report on the increase of
wages to the Middlesex and Boston
employees. The public doesn't usually
wake up to the fact that it ultimately
pays the bills for all these salary
increases in public service corpora-
tions and this award may mean a six
cent fare on the lines of the M. & B.,
now paying but five cents. It may
also mean still poorer service by the
company than is now being given, and
present conditions are bad enough,
most persons using that railway will
readily admit.

The majority award in this particu-
lar case raises the question as to
where our public service corporations
will land if wages are to be increased
without regard to income or to the
effect such action will cause on the
future investment of capital. Street
railway companies must have money
to keep their plant in good condition,
they must have money to care for the
constantly increasing wants of the
travelling community and it is certain
that it cannot get the money except
from persons with capital to invest.
Every award made without regard to
the rights of capital, like the one just
made by a majority of the board of
arbitration, will make it still harder
for public service corporations to ob-
tain the money absolutely necessary
to continue in business.

It is said that the City Solicitor has
ruled that the aldermen exceeded their
powers at the last meeting in taking
the action it did on the matter of the
pony express and parliamentary au-
thority has been found for the motion
to rescind made by Alderman Bartlett
and sustained by President Blakemore
and from which an appeal was taken.
The whole matter will therefore come
up next Monday night in practically
the same shape as the last meeting,
with a majority report in favor of
granting six permits, a majority report
in refusing some seven petitions and
a unanimous report in refusing some
six other petitions. Some of the al-
dermen have been hearing from their
constituents during the past two
weeks and almost anything is liable
to happen on this question.

If the street railway service on the
Walnut street line last Sunday after-
noon is any criterion of the usual con-
ditions on that road, and I understand
that normal conditions are not far
satisfactory, I should think the pa-
trons of the company would be justifi-
ed in making a vigorous protest to the
Public Service Commission.

CUT-OUTS UNLAWFUL

Now that it is unlawful for the op-
erator or driver of any motor vehicle
to use a cut-out or device which will
allow the exhaust gases to escape into
the atmosphere without passing
through a suitable muffler or silencer,
the police are to start prosecution of
violinists of the new law which has
just gone into effect and will also be
watchful for smoke nuisance.

Police Commissioner O'Meara of
Boston has issued a general order to
his patrolmen to pay closer attention
to offenders, and he interprets the
law as it stands amended to mean
that unnecessary noises from engines
of automobiles caused by cutting out
the muffler must be prosecuted here-
after, whether the noise is made in a
thickly settled region or not.

Motorists and the public generally
approve of the measure and there has
been practically no opposition.
There is no doubt that there are
certain kinds of cars which operate
and pick up better when the muffler is
open, but with the improvements in
motors this is no longer so universally
the case.

At Newton Centre under the aus-
pices of the Newton Centre Improve-
ment Association, everyone is asked to

streets.

There will be a Band Concert at
11.30 by M. V. M., 9th Regiment Band;
folk dancing, and a flag drill under
the direction of Miss Ethel Loring;
ball games under the direction of W.
P. Crafts; free auto rides for children;
ice cream, tonics, peanuts, and pop-
corn will be on sale.

In the evening at 7.30 at Crystal
Lake, there will be a band concert by
M. V. M., 9th Regiment, and a grand
display of fireworks—55 variegated
pieces.

FIRST PIECE OF HIDDENITE

Discovered by Professor Stephenson
But Credit and Name Goes to
Another Man.

At the time the first piece of hiddenite was discovered I was rooming with the late Prof. A. D. Stephenson, who was well known to almost all of the mineralogists of that day and had sent many specimens to Professor Dana, Doctor Smith and others. Professor Stephenson then spent much of his time in the country collecting minerals and when on one of these trips found the first specimens of hiddenite ever found. He showed it to me when he came home and told me it was something new. Soon after that Professor Hidden called at our place to see Professor Stephenson, who at that time showed it to him. Professor Hidden asked Professor Stephenson to go with him and show him where it was found, which Professor Stephenson agreed to do, and the next day took him to the place, and on Professor Hidden's returning north he borrowed from Professor Stephenson this first specimen found to take back north with him to have it examined, and while he had it he sent it to Dr. J. Laurence Smith (I think then of Louisville, Ky.) for examination, and not telling Doctor Smith it was found by Professor Stephenson, Doctor Smith finding it a new mineral, wrote Professor Hidden it being a new mineral and he being the finder he would suggest he call it hiddenite. Hence the name. Some time after that Professor Hidden went to the place where the specimen was found, bought the land and mined for the new gems.

After Professor Stephenson had made several requests of Professor Hidden to return the first specimen to him he finally got it, and it was kept in his collection until he sold to the state quite a large collection of North Carolina minerals, and with them this the first discovered gem, "hiddenite," which is now in the state's collection in the city of Raleigh. Being very intimate with Professor Stephenson and being present when he showed Professor Hidden this first specimen found, and hearing the conversation about it and knowing all about Professor Stephenson loaning it to Professor Hidden to take north for examination, I feel it is nothing but justice to Professor Stephenson, to the state and to the general public, that the full facts should be stated in order that the history of this discovery of hiddenite should be kept straight.—R. K. Murdock, in the Charlotte Observer.

WIT OF BURTON HARRISON

How It Was Exercised Brilliantly to
Delight of Guests He Was
Entertaining.

Francis Burton Harrison, the new
governor general of the Philippines
has a gift of repartee which, in his
entertainments in his beautiful Fifth
avenue house, he exercises bril-
liantly.

At one of Mr. Harrison's dinners a
group of "professional reformers,"
came up for discussion.
"Well," remarked a Bostonian, "as
Longfellow says, we knock now are
knocked in this world—we must all
of us be either hammer or anvil in
this world, to use the precise words
of the poet."

"We must all be either hammer or
anvil, eh?" said Mr. Burton Harrison.
"But how about the bellows?"

Origin of Life Again.

Others besides Dr. Bastian have
been working upon the question of the
origin of life. At the meeting of the
British Association Dr. Benjamin
Moore of Liverpool made the claim
that strong sunlight or the light from
a mercury lamp acting upon certain
solutions can convert the lifeless into
living matter.

Sir Oliver Lodge objected that the
investigator had only succeeded in se-
curing potential living matter, a phys-
ical and chemical vehicle which could
be made use of by life.

Most of the specialists dealing with
chemical reactions deceive themselves
in just this way, mistaking the appear-
ance of life for life itself.

What Women Are Doing.

Women make the best military
spies, but love sometimes upsets their
plans.

All German states now appoint women
as factory and other inspectors.

Three thousand Kansas women,
members of social study clubs in more
than 100 hundred towns of the state,
are going to devote the entire study
year this season to food and drugs,
public health and sanitation.

A tablet in the hall of a new lodging
house for women in London refers
to the fact that the building is erected
in honor of Mary Victoria, wife of Lord
Curzon, who was Mary Leiter of Chi-
cago before her marriage.

Girl's Swimming Feat.

Miss Nora Cochrane, an East Cowes
young lady, eighteen years of age,
has succeeded in swimming across
the Solent from Lepe, on the Hamp-
shire coast, to Egypt Point, at Cowes,
which is just under four miles, in one
hour twenty-eight minutes.

She had no refreshment on the
way, and was not exhausted by her
effort. The young lady, who is on
the teaching staff of the Council
schools at East Cowes, holds the cer-
tificate of the Royal Life-Saving so-
ciety.—London Mail.

AIDS VICTIMS OF INSANITY

French Physician Has Found Adminis-
tration of Oxygen of Much Value,
If Not an Absolute Cure.

A new and extraordinary use for
oxygen has been found by Dr. Tou-
louse, chief physician of the Villejuif
insane asylum. He finds it a most
valuable aid in the treatment of mad-
ness.

Doctor Toulouse makes certain that
the oxygen in the steel cylinders in
which he receives it is pure and free
from nitrogen; then he fills small
glass flasks with it. A rubber bulb
enables him to regulate the pressure
in the flasks, and a rubber tube con-
nects these with a fine hypodermic
needle. Through this 250 cubic centi-
meters of oxygen are injected under
the skin.

A physician who has watched the
operation and its effects upon patients,
reporting his observations for La Na-
ture, says the results are remarkable
among patients in a condition of acute
mental confusion, who are always
greatly improved and often cured en-
tirely by a few injections. The excited
and victims of insomnia become calm
and lucid.

In cases of acute mania, dementia,
epileptic fits and certain cases of mel-
ancholia good results have been ob-
tained. The oxygen treatment is now
being tried upon other forms of in-
sanity.

HARD LINES FOR BUSY MAN

One Unfortunate Circumstance He
Could Stand, but the Other Was
Almost Too Much.

He was a very busy man, and she
was a very pretty girl. She insisted
upon having a love letter every day.
She got it.

"You write the loveliest letters,
dear!" she said. "And when you are
so very, very busy all the time, I
think it is splendid of you to think of
me!"

"I don't forget you," he replied.
"My secretary has instructions to
write you a letter for me to sign every
morning. He is a most efficient and
capable young man."

"And you don't know how greatly I
appreciate the flowers and candy you
send me every week."

"I'm glad you get them. I told my
secretary to make a memo to send
you some every Saturday."

"How sympathetic! And it is so
thoughtful of you to think of the plays
I like best and the books I prefer."

"It's a pleasure to know you are
pleased. My secretary gets the tick-
ets and picks out the books. He is a
very capable fellow."

Two months later the very busy
man said:

"Dodgast him! I don't mind so
much his eloping with my fiancée, but
how in thunder can I break in an-
other secretary?"—Judge.

Time Wasted in Mourning.

Every day I see a certain fellow sit-
ting on the bank of the stream and
mourning for the water that has
passed. He fails to realize that he
can never grind his grist that way.
He started out to be a colonel, but
corporate was as far as he got, so he
quit. He fails to realize that there
would be a whole lot more satisfac-
tion and money in being a good cor-
poral than in crying on the banks of
a stream because he couldn't be a
colonel. If the good Lord intended
him to be a colonel he will get there
some day—but not by sitting in the
corner and crying. The colonels are
made of the fellows who were the best
corporals, and no one should keep that
fact in mind more than the corporals.
But the mourner sits and sobs and
gazes pathetically down the stream
at the water disappearing around the
bend. You know and I know, but he
doesn't. It never returns.—Kansas
City Star.

First Aid.

David was capitalist and consequent-
ly also philanthropist. To him one day
came Simple Simon and begged the
loan of a dollar for three
weeks. Simon got the dollar on con-
dition of paying back two dollars at
the end of the period agreed on. He
was hurrying away well content with
his bargain when David came to the
door and called after him: "Just a
minute, Simon," said he; "I've been
thinking that you are a poor working
man, and that it will be hard for you
to scrape together two dollars in three
weeks. Now I want to make things
easy for you. Suppose you pay me
right now one dollar of what you owe
me. Then when the loan falls due
you'll have only one dollar to pay."

Simple Simon gratefully accepted
the suggestion, and David repocketed
the dollar.—New York Evening Post.

Scribes and Paraphrases Defined.

Taken from the examination paper
of one of my scholars, writes "Teach-
er" to the Glasgow News:

"The scribes and Paraphrases were
cheats and hypocrites now a days
they are called lawyers."

The perpetrator of the above, a boy
of ten, makes up for his want of
book-learning in a superabundance of
mother-wit. An example of his qualifi-
cation in this respect occurred only
a few Sundays ago.

He had brought me the verbal mes-
sage that one of the class was down
with pneumonia, and he had pro-
nounced the last word with a "p." I
took the trouble to correct him.

"Oh, I knew fine, 'twas 'pneumonia,'" he
said, unperturbed: "I just said 'pneumonia' so as these yins"—and
he indicated the rest of the class—"wid unnerstaun' us."

BLOCK FOR ELECTRIC STOVE

Piece of Metal Stores Up Heat at All
Times—Has Big Advantage in
Using Little Current.

The electric cooking block is a sub-
stitute for the stove in that it per-
forms a great many of the offices of
the stove in a very satisfactory man-
ner, but from the standpoint of the
electrical manager it has the addi-
tional advantage that it does not make
its demand for current during the
hours of the greatest load. On the
contrary the general adoption of the
block would make a constant call for
current which is what the electrical
companies are desirous of cultivating.

The stove consists of a block of iron
imbedded in heat insulating material.
Within this block is an electrical heat-
ing unit. The surface of the iron
block forms a smooth plate on which
a cooking utensil may be placed. But
normally, when the stove is not in use

Electric Cooking Block.

It is covered by a lid, also filled with
heat insulating material. As there is
practically no outlet for the heat gen-
erated by the heating unit, the iron
block is steadily heated and rises in
temperature until the cover is re-
moved for a cooking utensil to be sub-
stituted. After one dish has been
cooked the cover is applied to the
stove again and it is permitted to
store heat until the next dish is to be
cooked. As compared with the ordi-
nary dish stove the heat-storage stove
uses very little current.

HEATLESS LIGHT IS SOUGHT

French Scientists to Investigate Hum-
ble Glow Worm in Hope of Solv-
ing Perplexing Problem.

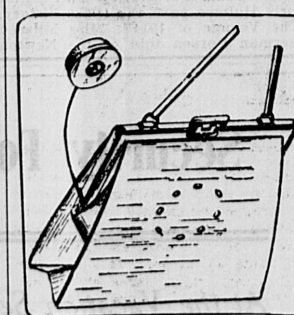

The humble glow worm is to be in-
vestigated by French scientists in the
hope that it will serve to solve the
problem of discovering a "cold light."
The great objection to all present
forms of electric lights is the heat
they give off.

In his address to the National So-
ciety of French Electricians, President
Daniel Berthelot says the glow worm
as a "machine" for the production of
light is perfection itself. For every
100 units of energy expended the glow
worm, with its cold, dry light, gives
100 per cent. of illumination, as against
1.2 per cent. by gas, 1.5 per cent. by
electric light and 14 per cent. by the
sun. This, according to M. Berthelot,
is due to an "electro-capillary ap-
paratus in the worm, constituted by
thousands of cells."

Telephone Facts.

Of the more than 12,000,000 tele-
phones in the world at the beginning
of 1912 nearly 8,500,000, or more than
two-thirds, were in the United States.
Europe, on the other hand, had only
3,153,000 telephones, or one for every
126 of the population. Denmark had
a telephone for every 24 persons, Ger-
many one for every 56, Great Britain
and Ireland one for every 65, France
one for every 150, whereas Austria
had only one telephone for every 298
persons. There were 101,500 tele-
phones in Australia, or one for every
44 persons, 36,000 in Africa, and 88,
000 in South America, but the huge
population of Asia made use of only
206,000 instruments.

BEST TEA ON MOUNTAIN TOP

Long Cultivated by Priests of Budd-
hist Temple in the Western Part
of the Country.

The best tea in all China, and there-
fore, in all the world, grows on top
of a small mountain in Western Sze-
chuan, called Ming Shan, and is culti-
vated by the priests of the Buddhist
temple on its summit, according to the
Youth's Companion. Tradition says
that a Chinese pilgrim brought the
seeds from India centuries ago. There
are only a few pounds in each crop,
and these have always gone as tribute
to Peking for the use of the imperial
household. Who will get the precious
tea now? Will it be reserved for the
family of the president of the repub-
lic, or will it be scattered among those
who are willing to pay a big price for
such a luxury?

There is a saying in China, that to
make a perfect cup of tea you must
take leaves from Ming Shan, and wa-
ter from the Yangtze. No one sup-
posed the actual turbid river water to be
meant, but no one could explain the
proverb until De Rothorn, who wrote
an interesting treatise on Chinese tea
solved the problem, or thought he did.
De Rothorn was once crossing the
Yangtze near its mouth, at Chen-
Kiang, when he saw some men in a
boat, dipping water into buckets. He
inquired why they did that, and was
told that at the bottom of the bay
there was a spring, remembered since
the time when the present river-bed
was dry land, and that this spring
water was highly esteemed in cookery.
Here, then, he concluded, he found
that special water of the Yangtze
which, with Ming Shan leaves, made
the best cup of tea in the world.

TO QUALIFY AS "BEST MAN"

Man Who Has Risen From the Ranks
to High Position Describes Re-
quisites One Must Possess.

What constitutes the "best man" in
any line of commercial activity? was
a question put to the New York agent
of a steel corporation who came up
from a puddler in his company's plant.
The requisites to make such a man, in
his opinion, are:

"Amenable to discipline and able to
take criticism in good form.

"Able to apply fairness and consid-
eration to those who through force of
circumstances are placed under him.

"Must not hesitate to criticize when
criticism is needed, and for the sole
benefit of his company.

"Performs such work as comes to
him with the best at his command.

"Does not pay too serious attention
to the clock and is willing to work a
few minutes overtime without protest.

"Takes the assignment of new and
difficult work to him with good grace.

"Always ready to profit by his as-
sociations with his fellow workers."

Keeping House Plants Healthy.

No one who has not seen a really
well cared for and healthy collection
of house plants can imagine the charm
and beauty they can lend to the room
in which they live. Unhealthy plants
are depressing, and unless one is will-
ing to give the window garden a rea-
sonable amount of care it is better to
dispense with it altogether. The house
plants will cheerfully repay any in-
telligent attention, though they resent
meddling. The real gardener, the one
who has the true love of flowers at
heart, knows when to leave well
enough alone. Do not disturb the roots
at all during the winter unless they
are attacked by insects, for most
plants are resting and cannot then
put out new shoots. This is particu-
larly true of such plants as palms, rub-
ber plants and ferns, which had best
be shifted and fed with fertilizers only
in the summer. Soft wooded plants,
like geraniums, are not easily injured
by transplanting; but even so if they
need extra feeding on account of large
growth, it is much better given in
liquid form.

Loyalty.

For those who are not merely loyal,
but also enlightened, loyalty, never
losing the definiteness and concrete-
ness of its devotion to some near and
directly fascinating cause, sees itself
to be in actual spiritual unity with
the common cause of all the loyal,
whoever they are. The great cause
for all the loyal is in reality the
cause of the spread and the further-
ance of the cause of the universal loy-
alty of all mankind; a cause which
nobody can serve except by choosing
his own nearer and more immediate
appreciated cause—the private cause
which is directly his own—his family,
his community, his friendship, his call-
ing, and the calling of those who serve
with him. Yet such personal service—
your special life cause, your task,
your vocation—is your way of further-
ing the ends of universal humanity.
—Josiah Royce, "Loyalty and In-
sight."

Descendants of Aztec Royalty.

Descendants of the Aztec monarchs
of Mexico still live. There is one in
Holland and another in Mexico itself,
while some of the lesser kinsmen are
still drawing pensions from the Mexi-
can government on the strength of
that kinship. Direct descendants of
Montezuma live in Salamanca, repre-
sented by the Maldonado family, allied
by marriage with the English house of
Lancaster. The Empress Eugenie of
France claims descent from the great
Montezuma, and, as a biographer
writes, "the widow of Napoleon III. is
thus of greater imperial stock than
her husband, and brought to the al-
liance more dignity than she acquired
by it."

THE POPS

The last week of the Pop Concerts in Symphony Hall begins Monday, June 29th, and the last concert will be a patriotic concert on Saturday evening, July 4th. Mr. Lenon has arranged a number of interesting programs for the week. Monday night will be "Tschakowsky Night" when he will play several of the lighter pieces of the favorite Russian composer as well as the great March Slave of the "1812" Overture, and Wednesday night, July 1st, will be an American "Request" programme.

PLYMOUTH THEATRE—"Under Cover" will bid farewell to Boston on next Saturday night. From Christmas to the 4th of July is the record-breaking run scored by this unusual play. Those who have witnessed the play can readily appreciate why it has assumed such a firm grip of popularity upon New England playgoers. Not in a great many years has Boston seen an American play. If you would know what is essentially required for a play to score the greatest run in the most critical city in the world don't fail to see this play. This is positively your final warning. It is given you in a clear and concise manner. The piece ends its long run at the Plymouth Theatre, Boston, on Saturday night, July 4th, when it is planned to have present, in celebration of its record run, Governor Walsh, Mayor Curley of Boston and other prominent state officials.

B. F. KEITH'S THEATRE

The celebrated Meistersingers of Boston will commence their fourth annual tour at B. F. Keith's Theatre on Monday afternoon, June 29th, in a magnificent new scenic production entitled "The Meistersingers in Gloucester." For this engagement a beautiful new scenic spectacle has been built, representing a wonderfully true picture of the famous Massachusetts fishing port, with a jumble of boats, dories, lobster pots, schooners, wharfs, old fishhouses, and fishermen. There will be a new setting, new costumes, new solos, new choruses, new effects, new selections, in fact, a series of surprises that it is confidently expected will surpass anything this famous vocal organization has ever offered. The surrounding vaudeville bill is exceptionally strong, and includes Bert Fitzgibbons, the original Daffy Dill; Emma Francis and her Arabian Whirlwinds; Whitford and Ireland in "The Belle of Bingley;" Walter Lewis and company in a merry comedy; Blinn and Bert, the wrinkle erasers from the West; Dorothy Muether, singing comedienne; and the Fandow Brothers. The customary reel of local news events in motion will be shown.

A TEXAS VISIT

Interesting Experiences On a Trip To and Thru the Lone Star State

(Continued from last week.)

It was a tired party of editors and their ladies which arrived early Sunday morning at the thriving city of Dallas, the last stop in our circle tour of the Lone Star state and the day of rest was most welcome. But the Dallas people were not content to grant this privilege without some protest and the Dallas Press Club was most cordial in its attitude toward us, with open house all day long and automobile rides for all who wished. Monday morning we became the guests of the people of Dallas, and were right royally entertained. An automobile ride about that beautiful city in the morning gave us a fleeting glimpse of its fine streets and charming homes, before lunch was served at the Dallas Automobile Club a few miles out in the country. After a pleasant hour or so at this comfortable place during which we were photographed for a moving picture film, we returned to the city and enjoyed an excellent vaudeville show at the Majestic Theatre. Later we were guests at a fine banquet at the Oriental Hotel and afterwards visited one of the moving picture theatres where we saw ourselves as others saw us that afternoon at the Country Club.

In addition to the hospitalities shown upon us by the various civic organizations of the city, each member of our party was given a fine souvenir spoon, at the jewelry store of A. A. Everts & Co. Then came the sorrow of parting with the close friends we had made in our short trip of two weeks. There is something about a trip of this kind that makes warm comrades of persons who never saw each other before and who may never see each other again. Somehow or other you can get better acquainted with people on a trip of this sort than by living side by side for many years. I know that I shall always recall with pleasant memories, the people who made the circle tour of Texas with me in the spring of 1914. And it has a wider application than to mere friendship. This week I received a paper from Colorado in regard to the great miners strike in that state, something in which every good citizen ought to take some interest. But the fact that the paper I received was published by a gentleman I met on my Texas trip gave the printed facts greater interest and I must confess I gave the subject far more attention than if the editor was unknown to me personally. It is such things that make conventions of this kind of value and I am

certain that the National Editorial convention at Houston broadened my point of view as well as my acquaintance. Dallas is a delightful city in which to live. Its streets are level and clean, its water system is the best that engineering skill and money can procure, its school system is unexcelled and its private colleges and schools, numbering forty-four, embrace two universities of the first class. Dallas is one of the new cities that has learned how to play as well as to work. The great State Fair of Texas, the greatest of its kind in the world, occupies a beautiful park of 137 acres and has permanent buildings, all constructed within the last seven years which cost nearly two million dollars and these are being added to at the rate of nearly a quarter of a million dollars annually, all earnings of the fair being put immediately back into betterments. Over a million admissions are paid to the fair each year during the two weeks in the fall when it is open to the world. Its agricultural exhibits are the wonder of the stranger as well as the admiration of the home folks.

There are more good hotels in Dallas than in any city of its class in the United States. The stranger here can find any kind of entertainment he desires from the very best that skill and taste and money can suggest in point of furnishings and service to the most for the least money. And so it goes all along the line. There is a civic pride in Dallas that is the mainspring and the spur which keeps the city up to the full enjoyment of its remarkable geographical and commercial advantages and opportunities. It permeates the man in the street as well as the banker in his counting house. Ask a Dallas man to name the best town on earth and he slaps Dallas at you with an unctious that carries conviction and banishes all doubt as to what he thinks about the man who would ask such a question. Ask the same man, "Why? Then you get a list of advantages of Dallas that make you sit right up and take notice. It is this civic pride, this love of Dallas by rank and file; the big and little, the lowly and those of high degree, that keep it hustling and ever alert for the advancement of the city. It is this civic pride, this love of Dallas by rank and file; the big and little, the lowly and those of high degree, that keep it hustling and ever alert for the advancement of the city. It is this civic pride, this love of Dallas by rank and file; the big and little, the lowly and those of high degree, that keep it hustling and ever alert for the advancement of the city.

WE NEED COASTWISE VESSELS

By Senator John W. Weeks. Interest in the development of our merchant marine prompted me recently to introduce a bill in the Senate, which has the approval of the Navy Department, providing a line of lines of steamers, passing through the canal, to the west coast of South America. I am well aware that the ships now on the navy list which are available for this service are not well fitted for it, but unless this action is taken we will not have any line of American ships ready to get the part of the canal to establish a business between the northern Atlantic coast and the west coast of South America. On the other hand, the British, Germans and French are all ready to undertake this service through the canal and if they get their lines established ahead of ours it will be even more difficult to get the part of this trade which would naturally come to us than it would be if we were ready for it as soon as the canal is opened for traffic.

The people of Massachusetts, without regard to party, should make the first and most important of their public concerns the development of the shipbuilding industry and of our merchant marine. I might add with propriety the protection of such part of our merchant marine as is still in operation—for an amendment is now pending before the Senate, proposed by Senator Reed of Missouri, which provides for the repeal of the law which reserves the coastwise trade of the United States to American ships. This is a practice followed by substantially all commercial nations and is in line with the fiscal policy of our Government. I regret to say that Senator Reed's proposal has a considerable number of supporters in the Senate. A vote which will be taken in the immediate future will show to what limit representatives of other sections of the country are willing to go in the destruction of our coastwise shipping; for if the laws reserve to this shipping our coastwise trade were repealed there can be no doubt about the result. It would mean the annihilation of an American industry and the substitution for it of foreign ships, very largely of tramp type, with the kind of service which that implies.

Indeed, if Senator Reed's proposal were to be acted on affirmatively, it would remove any necessity for the further consideration of the canal tolls—repeal bill because there would not be any American coastwise shipping left, and the protest of the British Government against its using the canal without paying tolls would become a dead letter.

CITY HALL

Public Buildings Commissioner Walter R. Forbush has awarded the bids for painting the city buildings. The lowest bid for painting the Horace Mann School, Crafts street stable, Clafin New School, Pelroe School, Burr School, Auburndale stable and Ward C of the Newton Hospital was submitted by the American Painting and Decorating Company of Boston, the figure being \$3839. For painting Truck 2 house the lowest bid was submitted by Thomas H. Davis of Newton Centre, \$100. For painting the Eliot School, Clough & Jones' bid of \$475 was the lowest.

NEW PASTOR

Called To Central Congregational Church
At Newtonville

Rev. Noble S. Elderkin of Lawrence, Kas., probably will be the next pastor of the Central Congregational Church, Newtonville.

The standing committee of the Newtonville church, after carefully looking over the field, recommended the name of Mr. Elderkin, and at a largely attended meeting of the society there was a unanimous sentiment that he be given the call.

Mr. Elderkin was born in Indianapolis, but the family moved soon after to Chicago and in that city the son received his early education. He is a graduate of Amherst class of '92, and studied theology at the Yale Divinity School, from which he was graduated in the class of '05. For five years thereafter he was pastor of a church in Ogden, Utah, and for the past four years has been head of the Plymouth Congregational Church in Lawrence, in that city is located Kansas University, and on each Sunday Mr. Elderkin has had 250 of the faculty and students in his congregation. He also has conducted Bible conferences for the Y. M. C. A. and the Y. W. C. A. in Colorado, from one of which he has just returned.

Mr. Elderkin was East in May and conferred with the standing committee of the Newtonville church, and at that time he gave that committee enough encouragement to warrant the call.

LODGES

The newly elected officers of Newton Royal Arch Chapter were installed last week, William H. Colgan succeeding Mr. George A. Miller as High Priest.

Past High Priest Horace A. Carter was the installing officer and he had the aid of Past High Priest George G. Davidson, with Past High Priest William H. Bliss as captain of the host, while Rex Harry Lutz officiated as chaplain. There was a distribution of floral offerings to those who took part in the ceremony.

Those who will comprise the organization for 1914-15 are: W. H. Colgan, MEHP; Ernest C. Fisher, EK; Charles E. A. Ross, ES; Lewis E. Binney (PHP); T. A. Sidney Bryant, S; William E. Farwell, C; Horton S. Allen, C of H; A. H. Buchanan, PS; Charles E. Fogg, RAC; Frank J. Chaplin, M 3d V; Frank F. Lawson, M 2d V; Walter A. Brooks, M 1st V; Edwin F. Ripley, SS; J. H. Libbey, JS; Albert L. Walker, organist; Edgar E. Williams, tyler. The trustees of the permanent fund are Past High Priests Lewis E. Binney and Edward F. Hatch, with Past Grand High Priest Charles D. Burrage.

WINS TENNIS CHAMPIONSHIP

The Newton Centre Squash Tennis Club Saturday defeated the Oakley Country Club in the Mystic Valley League series by winning all five matches played. The scores were as follows:

Porter, N. C., beat Drinkwater, Oakley, 6-1; 6-3.

Dana, M. C., beat Coues, Oakley, 6-1; 6-3.

Blakemore, N. C., beat Webster, Oakley, 6-4; 6-1.

Wales & Bray, N. C., beat Goodrich & Kent, Oakley, 7-5; 0-6; 6-4.

Spear & Jackson, N. C., beat Kendall & Soule, Oakley, 7-5; 9-7.

These matches gave the Newton Centre Club the championship of the Mystic Valley Tennis League for the second year in succession with a record of twenty-one matches won and four matches lost.

FEEDING OUR FEATHERED FRIENDS

Have you a bird-board in your yard? You haven't?—then for goodness sake set out put up right away. You are missing daily a three-ringed circus, a symphony concert, and a picture gallery all in one, not to mention valuable lessons in the etiquette of the lunch-counter and sermonettes on the gentle art of being grateful. Roll up your sleeves. Drive a stout stake into the ground, and on the top of it nail securely that cheesebox lid which your obliging groceryman doesn't dare refuse you. Upon this improvised table place scraps of bread, sodden toast, sunflower seeds, crushed nuts, and suet. Then just wait. Possess your soul in patience a few days and you will soon begin to reap large returns of quiet delight from your bird hostelry. First, however, give some kind of reward your cat; he has an epicurean fondness for birds which is not at all reciprocated.—Suburban Life—The Countryside Magazine for July.

MEMORIAL SERVICES

Memorial services were held on Sunday afternoon at the Newton Highlands Methodist Church by the various Odd Fellows organization in this city, including Newton, Waban and Home Lodges, Garden City Encampment, and the Highland, Tennyson and Sumner P. Lawrence Rebekah lodges. The services included singing by a male quartet and a sermon on "The Brotherhood of Man," by Rev. Albert A. Pitch of Natick.

CHILDREN'S DAY CONCERT

A very attractive program was presented by the members of the Sunday School of the Newtonville Methodist Church at the Children's Day Concert on Sunday evening. There were 32 numbers on the program and the opening "Processional by the School," was followed by prayer by Rev. Ora Samuel Gray.

The program included "Ready for Children's Day," by Lester Keene; "Children's Day we Greet," by Louise Black; "Children's Day Welcome," by Elmer Blair, William Black, Arthur Campbell, Eugene McQueen, Malcolm Sisson, Carl Timble, and Jordan Field; "Little Things," by Vivian Guilford; "Turn Your Back to the Shadows," by Clark Cell; "Recitation for a Wee Girlie," by Doris Guilford; "What His Papa Told," by Howard Cooper; "God's Helpers," from the beginners' class; "A Sunday School Family," by Priscilla Guilford; "Just One Day in the Year," by Edwin Dunleavy; "A Rose in Every Garden," by Edmund Woodward; "I Love Him," by Dorothy Sisson; "God Will Understand," by Florence Evans; "We Bring the Branches," by Genevieve Colarulla, Nina Harrington, Doris Perry, Marjorie Wilson, Mildred Davis, Florence Evans, Margaret Field and Elsie Wilson; "Dandelion Days," by Helen Dodge; "The Stranger at the Door," by Joseph Early; "Helping Together," by Herbert Stevens; "How Did They Know," by Ruth Parlin; "Silver and Gold," by Ruth Cooper and Margaret Larabee; "Bring Your Silver Offerings," by Lillian Cooper.

The musical selections by the Sunday School Orchestra, by Rev. Richard Rich, violin solo by Marjorie Soden, singing by the Primary Department, "Cello solo," by Miss Soden, a soprano solo, "A Perfect Day," by Miss Alyce Soden, with cello obligato, were very pleasing to the audience. The entertainment closed with singing by the orchestra, which there was a distribution of plants. There was a large attendance.

STUART-BELCHER

The wedding of Miss Louise Belcher, the daughter of Mr. and Mrs. Louis Belcher of Newtonville and Mr. Glen Stuart of Baltimore, Md., took place Saturday night at St. John's Church, Newtonville. The ceremony was performed at eight o'clock by Rev. Richard Rich, rector of the church, the altar being decorated with palms, ferns and white carnations for the occasion.

The bride wore white satin with tulle tunic and Meelin lace and the conventional tulle veil. She carried a shower bouquet and wore a diamond and sapphire La Vallier, the gift of the groom.

Miss Gladys Robinson of Portland, Me., the maid of honor, was gown in light blue charmeuse with blue chiffon tunic and carried a bouquet of ward roses.

Mr. William Ross of Providence, R. I., was the best man and the ushers were Messrs. Donald Belcher, Walter Paine and Stuart Hayden of Newtonville, and Stuart Hayden of Newtonland, Me.

A wedding reception followed at the residence of the bride's parents on Harvard street, which was decorated with roses and daisies.

Mr. and Mrs. Stuart were assisted in receiving their friends by Mr. and Mrs. Belcher and Mrs. M. W. Stuart.

After a wedding journey Mr. and Mrs. Stuart will spend the summer at Sebago, Me., and after October first will be at home at Baltimore, Md.

FIELD DAY

The annual field day of St. John's Church, Lowell Falls, was held Saturday on the Lower Falls Playground. The proceeds will be used to clear the church of debt on its 25th anniversary next year.

Fr. Leo J. Knapp and Fr. Murphy arranged the program. The Newton Lower Falls A. A. defeated the Cathedral Y. M. C. A., 5 to 4, in a 10-inning baseball game.

Mayor Edwin O. Childs awarded prizes to the winners of various athletic events. Dancing was also enjoyed in the afternoon and evening.

The summary:

Potato Race—Won by Zeno Monahan; John Lowery, second.

100-yard Dash—Won by Harold Murphy.

100-yard Dash for Girls—Won by Annie O'Neill.

Shoe Tying Race—Won by Florence Luff; Ida Levine, second.

Relay Race—Won by Philip Delaney, James Manning, Job Monahan and Willie Bigel.

Blind Man's Bluff—Won by Helen Magee, Mary Bigley, Anna Fitzgerald, Harold Murphy and Martin Hughes.

CONSERVATORY GRADUATES

The Misses Mae Gladys and Wilhelm Gertrude Cotton of 346 Cabot street, Newtonville, were graduated Tuesday afternoon, from the New England Conservatory of Music, Boston, with special honors for performance of music for two pianofortes. They have followed the soloists' course and have been prominent at student musical affairs.

Commencement exercises were held in Jordan Hall of the Conservatory building and were largely attended by relatives and friends of the graduates from every part of the United States. They consisted of a concert by chosen soloists of the senior class and by the Conservatory Orchestra, conducted by George W. Chadwick, director of the school; an address to the class by Wallace Goodrich, dean of the faculty, and presentation of diplomas and special certificates by the director. The Misses Cotton expect to return to the Conservatory for graduate work.

BAND CONCERTS

Newton people will be interested in the announcement by the Metropolitan Band Commission that the usual band concerts will be held this season at Charles River Road, Watertown, as follows:

Wednesday evenings, 7.30 o'clock: July 8, 1st Coast Artillery Corps Band; July 15, Commonwealth Band; July 22, 1st Infantry, M. V. M. Band; July 29, Lynn City Band; Aug. 5, 9th Infantry, M. V. M. Band.

FOLSOM-CHASE

Miss Adelaide Harvey Chase, the only daughter of Mr. and Mrs. Harvey Stuart Chase of West Newton became the bride, last Saturday night of Mr. Hiram Tuttle Folsom of Pittsfield, N. H., a grandson of former Governor Hiram A. Tuttle of New Hampshire. The West Newton Unitarian Church was attractively decorated with pink peonies and greenery for the ceremony, which took place at eight o'clock, and was performed by Rev. Julian C. Jaynes, the pastor.

The bride was gown in ivory white satin trimmed with white chiffon and tulle and carried a shower bouquet of lilies of the valley. Her only attendant, and maid of honor, was Miss Louise Dillaway of Montclair, N. J., a cousin of the groom. She was in pink chiffon taffeta and carried a shower bouquet of old fashioned flowers.

Mr. William Brewer Connett of South Orange, N. J., was the best man and the ushers were Messrs. Warren Ayers of Montclair, N. J., Neil Rice of Ipswich, Mass., Bayard Tuckerman and Paul Dole of Boston, Stuart Chase of West Newton, a brother of the bride and Charles E. B. Folsom of Pittsfield, N. H., a brother of the groom.

A largely attended reception followed at the Chase home on Exeter street, which was handsomely decorated with pink roses. Mr. and Mrs. Folsom were assisted in receiving their many friends by Mr. and Mrs. Chase, Mrs. Hiram A. Tuttle, grandmother of the groom, and Mrs. Charles F. W. Dillaway, an aunt of the groom. After a wedding trip, Mr. and Mrs. Folsom will make their home in Pittsfield, N. H., where the groom is engaged in the lumber business.

BURKE-WINCHESTER

Miss Dorothy Winchester, daughter of Mr. and Mrs. Edmund Winchester of Pine Ridge road, and Mr. Alfred Kimball Burke, son of Mr. and Mrs. J. A. Burke of Geneva, New York, were married at the Church of the Good Shepherd, Wednesday evening, June 24, 1914. The church was beautifully decorated for the occasion with white bride roses and palms, with arches over the aisles. The best man was Mr. Lawrence Burke of Boston and Kennebunk. Mrs. William E. Smith of Brookline was matron of honor. The bridesmaids were, Miss Barbara Wiley of Waban, Miss Ruth Bill of Lowell, Miss Beatrice Baker of Exeter, N. H., and Miss Miriam Burke of Kennebunk, Maine, and Miss Helen Winchester, sister of the bride was flower girl. The ushers were, Mr. J. Brewster Cook of Waban, Mr. R. Fred Williams of Waban, Mr. Kenneth Wright of Boston, Mr. Graham B. Spear of Boston, and Mr. Augustus Shierloh of New York. The bride was gowned in white panne satin with silver applique lace and orange blossoms. The bridesmaids dresses were of white taffeta with gold maline kirdles and with gold slippers. Following the wedding a reception was held at Brae-Burn Country Club. The bride and groom were assisted in receiving by Mr. and Mrs. Winchester and Mr. and Mrs. Burke. The reception was from eight to ten and was largely attended by Boston, Brookline and Newton society. The presents were remarkably numerous and of much value. Mr. and Mrs. Burke will reside at Geneva, New York.

"SERVICE FIRST"

In line with the telephone company's slogan "Service First," District Traffic Manager J. H. Gordon of the Newton West District told a Graphic reporter today of a new emergency feature which the telephone company has adopted for the benefit of the public, and without cost.
 "For several years," he said, "our company has been doing everything possible to handle quickly and accurately emergency calls for the police, fire department, hospitals and ambulances. Now we are adding to this list all calls for pulmotors in cases of electric shock, asphyxiation, partial drowning and other accidents where the administration of oxygen may be of vital importance.
 "All such calls may be made from a pay station as well as from a business or residence telephone. Especially during the summer there are many instances where the prompt service of pulmotors will save life. To this end, instructions have been issued to our operators to be quick, cool-headed and resourceful in responding to calls of this kind.
 "If a person calls in and says, 'Emergency, pulmotor,' the operator will immediately endeavor to put him into communication with the telephone at the place where the pulmotor is located. Not only that, but she will inform him if he wants a doctor, and if a doctor is required, this fact will be communicated to a supervisor who will proceed to get a doctor, while the operator continues her effort to reach the telephone station at which the pulmotor is located. If she finds the line is busy, she will interrupt conversation by explaining the emergency.
 "In emergency cases, much depends upon the person making the call. The varying requirements in connection with a pulmotor case, make it essential that the person calling shall state the nature of the accident, the location of the victim, and such other information as may be deemed pertinent. It may be desirable to send several physicians or to call ambulances, and the operator cannot know this unless the person making the call tells her.
 "A complete list of pulmotors has been placed in the operating room of every city and town where there are pulmotors. This wonderful invention has saved the lives of persons who were supposed to have died thirty minutes before it was applied. It is not wise to assume, therefore, that all hope has departed merely because a person's breathing has stopped. In some cases, it has been necessary to continue the form of artificial respiration for hours. In handling these calls, the operators are admonished to think clearly and act quickly. If the same admonition can be impressed upon the public, this cooperation ought to save a number of lives before the summer is ended."

BRAE-BURN CONCERT

Probably the greatest compliment that Brae-Burn has ever had was to be found in the throng of guests which attended the dinner-dance last evening at the Club.
 Despite counter attractions it was remarkable that a large number of people turned out, and to have attracted nearly 200 people was an achievement worthy of more than passing mention and serves to show how these delightful affairs at Brae-Burn have caught the popular fancy and how well the hospitality at the Club is appreciated.
 It was an unusually nice night, and the myriads of electric lights and the glow of red fires lighted about the grove made a most romantic setting to the merry company grouped about the tables and enjoying the dancing to delightful music furnished by the 8th Regiment band.
 Dinner was served at tables, in the dining room, sun-parlor and veranda, as well as at tables on the lawn, and the band played during the dinner. More than 200 applications for tables had to be refused.

DISSENS-STUTSON

For the third time in one week, the beautiful Unitarian Church at West Newton was the scene of a charming wedding, when, on Wednesday night, Miss Ruth Fairbanks Stutson, the daughter of Mr. and Mrs. Thomas E. Stutson of West Newton became the bride of Mr. Robert Carter Disens of Cincinnati, Harvard '06.
 The bride, who was given in marriage by her father, was gowned in "repe meteor," trimmed with Irish point lace and her veil which was fastened with orange blossoms was also trimmed with lace. She carried a shower bouquet of lilies of the valley and orchids. Her sister, Miss Marian A. Stutson, who will become a bride herself next October, was maid of honor and was dressed in blue and carried pink sweet peas.
 The ceremony was performed by Rev. Julian C. Jaynes, pastor of the church.
 Mr. Paul Disens, brother of the groom, was the best man and the ushers were Messrs. Walter Brown and Clifford Maise of Cincinnati, Melville Hill, Manning Morrill and Solon A. Ferguson of Boston.
 A reception followed in the parish house of the church.
 Mr. and Mrs. Disens will reside at Fort Wayne, Ind.

MASSACHUSETTS GARAGE LAWS AND REGULATIONS

In answer to recent inquiries concerning garages there seems to be a great deal of inconsistency in the law, but as near as we can reconcile the law and the regulations made by Mr. Whitney of the State Police, the situation is as follows:
 Where not more than two automobiles are stored or kept, the garage may be used as heretofore, without a license or permit from the District Police, provided the building is not used for human habitation, or for holding gatherings, or employing more than twenty persons, and provided it was so maintained as a garage prior to July 1st, 1911.
 Any garage not maintained prior to July 1st, 1911, must conform to the conditions of a license which must be granted by the city or town, and also a permit from the Fire Commissioner in any city or town, or Chief Engineer or Chairman of the Board of Selectmen. To obtain a license to maintain a garage outside of the city of Boston, make application to the Board of Aldermen, or the Board of Selectmen, who will grant a hearing.
 Within the city of Boston it is required that a building not used as a garage before June 2, 1913, cannot be used without a permit issued by the Board of Street Commissioners. The regulations recently passed by the District Police, which went into effect May 15, 1914, do not affect or apply to garages in the city of Boston.
 Garages outside of the city of Boston built after May 15, 1914, are classified under the new regulations of the District Police according to their location and the kind of materials used in their construction. There are five classes of garages provided for, and before building a garage you should consult the officials above referred to.

A garage cannot be maintained which is connected with a building used for a dwelling, unless the part used for a dwelling is entirely separated from the garage by a fire-proof wall of the kind prescribed by the new regulations, and provided that the building is not used as a dwelling above the second story.

ST. JOHN'S DAY

June 24th, St. John's Day, the day of days for the Masonic fraternity, and more especially for Knights Templar Masons, was fittingly observed on Wednesday by Gethsemane Commandery of Newtonville. The Commandery was entertained last year by Mt. Horeb Commandery of Concord, N. H., and that commandery were the guests of Gethsemane this week. One hundred and sixty-five Sir Knights and a band were taken to Waltham that morning in special cars and met their guests. On numbered one hundred sixty-eight at the Waltham station. After a short parade in Waltham, special cars brought the party to Newtonville, where they paraded from the Central Church to the Masonic building. Here lunch was served and about noon both commanderies took a special train to the South Station where other commanderies were met. With three bands all playing at the same time and nearly a thousand uniformed Sir Knights, the South Station presented quite a scene for a short time. The Sir Knights then marched to Rowe's Wharf where the steamer was taken for Nantasket. After enjoying all the sights of the noted summer resort and all the attractions at Paragon Park, an excellent dinner was served at the Park, with all the popular cabaret features of the day. The dinner was followed by an escort drill by Gethsemane Commandery and at a late hour the steamer was taken for Boston and Mt. Horeb escorted to the North Station by their hosts.

PARKER-CLARKE

Before an altar and under an arch of white sweet peas, pink roses and banked with greenery, at the home of the bride on Neholoden road, Waban, last night, the wedding vows of Miss Vivian Dorothy Clarke, the daughter of Mrs. E. D. W. Clarke, and Mr. Albert Kidder Parker of Newtonville, were taken, at a charming home wedding. The ceremony was performed by Rev. C. H. Cutler of the Union Church, Waban, the bride being given in marriage by her uncle, Mr. Willard M. Whitman.
 The bride was gowned in pearl white, chiffon taffeta with pearl trimmings and carried a shower bouquet of white roses and lilies of the valley. The maid of honor, Miss Vera Whitman of Waban, was dressed in white and carried pink sweet peas. Mr. J. Earle Parker was the best man and the ushers were, Mr. Roland W. Rand of Dorchester and Prof. Rupert E. Kittredge of Toronto, Ont.
 A small reception to relatives and intimate friends followed the wedding. Mr. and Mrs. Parker will reside at 134 Neholoden road, Waban, where they will be at home on Wednesdays in October.

Advertising Talks

ADVERTISING GOOD THING FOR BANKS

Financial Organizations Can Increase Business Through Newspaper Publicity.

Horace Anderson, advertising manager of a New York trust company, in a recent talk before the Bank Publicity association in New York, advocated the use of newspapers as the best medium through which to accomplish advertising results desired by banks. He spoke in part as follows:

"Advertising is a very difficult subject for any one with a conscience to talk about. Those who are interested in promoting advertising have no difficulty in talking about it. Newspapers state that if you advertise in their papers and keep it up long enough you will be sure to prosper. The magazines seem to have the same opinion.

"I represent a company that has been a liberal advertiser for 25 years, and during the last ten years we have spent \$50,000 each year in advertising. When business is good and we have more than we can do, we keep on advertising, because our advertising friends have taught us that there is danger of some of our clients getting away from us. When business is poor we are usually convinced that the real estate market is dead and there is no business.

"Nevertheless, we keep on advertising, because our advertising friends again have taught us that when people are not busy they have time to read advertisements, and we are preparing the way for better times to come. It is a good deal like a man who has grabbed a troublesome dog by the tail and is swinging it around him. We are afraid to let go for fear of the results.

"I have written one or two advertisements that have brought a number of members of the board of trustees in to see the president early the next morning. Usually, I was very proud of these advertisements when written, but after my interview with the president felt that perhaps the company had received more good from the advertisement than I have personally.

"The advertisement for deposits nearly always draws a certain number of fickle individuals, who shift around from one bank to another. The accounts may be large enough in themselves, but require a great deal of attention. They are generally people who want to spend the greater part of the day talking over their personal affairs with the officers of the bank. The result is that they take up more time than their money is worth. They have worn their welcome out in their own bank and are attracted by your advertisement in the hope that they can begin all over again with you people.

"Under these circumstances the bank advertiser is likely to be discouraged and to think that it is just as well to cut out all bank advertising. He comes to the conclusion that bank advertising is useless, anyhow, because most people have accounts, and you are doubtful of the desirability of one bank trying to steal away accounts from the other. You have the feeling, perhaps, that in a few weeks the temporary flurry of high money that has made you want to increase the number of your depositors will be over and that money will again be a drug on the market.

Persons to Be Reached.
"There are many men engaged in business whose business is growing larger and who find that their neighborhood bank no longer supplies them need. They want a larger and better bank. There are some men also whose affairs in the world are gradually improving, and they find at the end of the month that they have some money left over after paying their bills. These men need a bank. There are some people who are legitimately dissatisfied with the bank that they are using at present. Perhaps they are doubtful as to its solvency. Perhaps they do not get there the service or accommodation they need.

"The question is how to find these people. You have something that will be useful to them. How can you come in contact with them? If you had a list of them you would send them circulars or you would go to see them and show how your bank could serve them. They are somewhere among the 7,000,000 people in Greater New York.

"It is out of the question to send circulars to them. One edition of several million and the accompanying postage would be a heavy drain on almost any institution represented here tonight, and the circulars would not be effective, because probably not more than one person out of ten thousand is at present a live prospect for your business. Most of your circulars would be wasted and forgotten.

"You must do some kind of advertising that will keep you in the minds of possible users of your bank, so that they may think of you when the time comes when they want a bank.

that time one month from now, one year from now or ten years from now.

Newspapers Best Medium.
"In my opinion, the newspapers are the best mediums to accomplish this result. For the purpose of making a general impression I do not believe in using the religious or the business or trade publications, the theatrical or the funny papers, the fraternal, the financial or the local society papers, nor do I believe in using programs or billboards.

"My reason for this is as follows: Every man who is likely to have money enough for a bank deposit reads a paper.

"If you advertise once of twice a week, you will reach that man. At first he will not be conscious of your advertisement at all. The first effect of your advertisement will be on his sub-conscious self. The advertisement will have an effect on him without his knowing it. At a later time it will penetrate to his sub-conscious self, and in time may affect him to such an extent that he will begin to look for it and will take a definite, decided interest in it.

"It is your object to make a mental photograph on that man's mind that gradually will inspire him with an interest and a desire to use your bank. By the use of the newspapers continuously you are sure to accomplish this result.

"The amount of space you use and the number of times you advertise vary according to the size of the bank and the amount of money that you want to spend. It is my advice that you say something in each one of the advertisements.

"Talk over 'ads' with your cashiers and tellers and the people who meet, the general public. They are in the habit of pleasing the general public and they know what to say. Be on the lookout constantly for advertising ideas, and you will find that you have more copy on hand than you can use."

What Do You Pay for Advertising?

There are a few advertising charges that you cannot get away from—
If you pay a little extra for a good location.
If you make your place as inviting as possible, inside and out.

If you arrange your stock so that neither you nor your customer's time is wasted.
If you employ neat, efficient, courteous help.

If you trim your windows and set up seasonable machines on the sample floor.
If you put signs up on all sides of your store.

If you use a good quality of stationery and have it tastefully engraved or printed, because your stationery represents you when you cannot see your customer personally.

When you make an extra good purchase and go to some expense to see that each one of your customers who can profit by it knows about it.

When you send out attractive printed matter, illustrating and describing the goods you have for sale.

And, most important of all, if you use the local newspaper to tell the people why they should buy from you and to persuade them to do it.

JUDGMENT IN ADVERTISING

Advice for Farmers Who Can Use Newspapers to Help Them Dispose of Their Products.

In a recent issue of Farm and Fireside a contributor gives the following advice to farmers who might well avail themselves of when it comes to advertising their products:

"In farm advertising, like all other advertising, the first principle is to have the goods. It doesn't pay to advertise a poor article as a good one. The next thing is to reach the people who are likely to want and who are able to pay for it. In advertising it is best to give a little description of the article. Say something about it to make people want it. Fine black cherries, uniformly sound and delicious is worth a great deal more than 'Cherries for Sale.'

"In advertising to reach a certain class of customers, describe the article in the way they will like it; that is, describe the things about the article that will appeal to that class. For instance, the man who sold the cow to the banker was wise in mentioning that she was a beautiful cow. He knew that a town man would want a good-looking animal. Use a little judgment in advertising, and it is almost sure to make you money."

Japanese Advertising.
Japanese advertisers believe in a lavish use of superlatives. "The paper we sell," runs the announcement in a Tokyo stationer's window, "is as solid as the hide of an elephant."

"Step inside!" is the invocation of a big multiple shop in the same city. "You will be welcomed as fondly as a ray of sunshine after a rainy day. Our assistants are as amiable as a father seeking a husband for a dowerless daughter. Goods are dispatched to customers' houses with the rapidity of a shot from the cannon's mouth."

Dom Manuel as Farmer.
Attached to Fulwell Park, near Twickenham, England, which has lately been purchased by Dom Manuel of Portugal, is a small model farm, which the ex-king proposes to cultivate. Several improvements are shortly to be carried out, and Dom Manuel will purchase the whole of the stock he requires, none of the present cattle being retained. It is highly probable that several of his cows and sheep will come from the royal farms at Windsor and Sandringham.

WHEN LIES ARE EXCUSABLE

Instances Given of Times When the Truth is Not Expected or Wanted.

Few people, I fancy, would say, after deliberation, that no lie was ever justified. To be sure, I once heard a serious young man protest that Shakespeare had damned Desdemona by allowing her at her last gasp to exculpate Othello. I have also known people who objected vehemently to the late Mark Twain because he said so many things that were not so. But there are occasions when lies are taken for granted, even by the law.

A man on trial for his life is supposed to tell the truth, but not if it will incriminate him. A wife is not dragged to the witness stand against her will—no one would legitimately expect anything but perjury from her. I do not see much difference between legally permitting a man to say "Not Guilty" when he is guilty, and legally permitting him to lie. Is there any solitary maiden who would not willingly give the midnight marauder to understand that her husband was just coming down the stairs, armed to the teeth? A man is not supposed, except by an extinct type of Puritan, to "give away" the woman who has made sacrifices for him; and even the extinct type of Puritan would hardly expect you to tell your hostess that her dinner party had been dull. From this heterogeneous group of examples, one may infer that there are lies and lies; and while it is never permissible to lie, it is sometimes quite unpermissible to do anything else.

Another sign of the times, altho in a totally different direction was the passage of the bill to abolish party enrollment, by a vote of 133 to 70. Representatives Ellis and White voted against this bill, altho Representative Ellis voted with the majority in adopting an amendment adding to the referendum to this pernicious measure.

Mr. Ellis then joined Mr. White and voted against the bill as amended. An interesting incident took place while this measure was under consideration, when all three of the Newton representatives were on their feet at the same time demanding recognition from the chair.

Messrs. Ellis and White voted against the bill for 80 cent gas in East Boston, and all three voted in favor of the bill for a new bridge over the Neponset river over which there was quite a fight.

Mr. Ellis voted to pass the Wrentham Hospital appropriation over the governor's veto and Messrs. Bothfeld and White helped to sustain the governor.

The Hampden railroad bill in which Mr. Ellis was deeply interested was defeated last week Mr. Bothfeld voting with Mr. Ellis and Mr. White voting with the majority.

All three voted against the Boynton Bicycle railroad bill, which was passed by a vote of 105 to 98. They also voted with the minority on the passage of the amendment to the constitution relative to taking of land by eminent domain.

A favorable report on the bill providing for the construction of a new bridge over the Charles River between Boston and Watertown at North Beacon street has been made to the House by the Committee on Counties. There was one dissenter, Representative Doherty of Lynn. The sum to be expended in removing the present bridge, building the approaches, taking land and erecting the new structure, should not exceed \$175,000.

The bridge would be at least twelve feet above the ordinary level of the water and would be constructed without a draw, providing the consent of the United States Government is obtained to this section. It must be at least seventy-five feet in width and must be constructed of concrete or stone. The bill stipulates that plans for the bridge be approved by the Secretary of War, the mayor of Boston, the selectmen of Watertown and the Metropolitan Park Commission.

By a vote of 141 to 85 not the necessary two-thirds, the House yesterday refused to pass the constitutional amendment for the initiative and referendum, which so many persons believe will be the panacea for our legislative ills. All three of our Representatives very properly voted against this measure.

The new corrupt practice bill, which puts teeth into the present loosely drawn law regulating the conduct of elections, was also passed by a vote of 194 to 20, Representative White voting with the minority.

The Legal Affairs committee has reported a bill in the Senate making it lawful to operate an automobile on Sunday, and serves to call attention

to some of the old "blue laws" which are now on our statute books. The police courts would certainly do some business if every person operating an auto on Sunday should be arrested under the present ancient law.

The best guess I have been able to get on the matter of prorogation places the date at July 3rd with a possibility of running a few days into the following week, if the railroad bill runs into any more snags.

UNDER THE GILDED DOME

One of the interesting signs of the times was the passage on Wednesday morning of the proposed amendment to the constitution to allow classification of property for the purposes of taxation by the overwhelming vote of something over 200 to 7. Taxation matters have met with such surly treatment in the past that this action and by so large a margin is most significant.

Another sign of the times, altho in a totally different direction was the passage of the bill to abolish party enrollment, by a vote of 133 to 70. Representatives Ellis and White voted against this bill, altho Representative Ellis voted with the majority in adopting an amendment adding to the referendum to this pernicious measure.

Mr. Ellis then joined Mr. White and voted against the bill as amended. An interesting incident took place while this measure was under consideration, when all three of the Newton representatives were on their feet at the same time demanding recognition from the chair.

Messrs. Ellis and White voted against the bill for 80 cent gas in East Boston, and all three voted in favor of the bill for a new bridge over the Neponset river over which there was quite a fight.

Mr. Ellis voted to pass the Wrentham Hospital appropriation over the governor's veto and Messrs. Bothfeld and White helped to sustain the governor.

The Hampden railroad bill in which Mr. Ellis was deeply interested was defeated last week Mr. Bothfeld voting with Mr. Ellis and Mr. White voting with the majority.

All three voted against the Boynton Bicycle railroad bill, which was passed by a vote of 105 to 98. They also voted with the minority on the passage of the amendment to the constitution relative to taking of land by eminent domain.

A favorable report on the bill providing for the construction of a new bridge over the Charles River between Boston and Watertown at North Beacon street has been made to the House by the Committee on Counties. There was one dissenter, Representative Doherty of Lynn. The sum to be expended in removing the present bridge, building the approaches, taking land and erecting the new structure, should not exceed \$175,000.

The bridge would be at least twelve feet above the ordinary level of the water and would be constructed without a draw, providing the consent of the United States Government is obtained to this section. It must be at least seventy-five feet in width and must be constructed of concrete or stone. The bill stipulates that plans for the bridge be approved by the Secretary of War, the mayor of Boston, the selectmen of Watertown and the Metropolitan Park Commission.

By a vote of 141 to 85 not the necessary two-thirds, the House yesterday refused to pass the constitutional amendment for the initiative and referendum, which so many persons believe will be the panacea for our legislative ills. All three of our Representatives very properly voted against this measure.

The new corrupt practice bill, which puts teeth into the present loosely drawn law regulating the conduct of elections, was also passed by a vote of 194 to 20, Representative White voting with the minority.

The Legal Affairs committee has reported a bill in the Senate making it lawful to operate an automobile on Sunday, and serves to call attention

to some of the old "blue laws" which are now on our statute books. The police courts would certainly do some business if every person operating an auto on Sunday should be arrested under the present ancient law.

The best guess I have been able to get on the matter of prorogation places the date at July 3rd with a possibility of running a few days into the following week, if the railroad bill runs into any more snags.

GOLDEN WEDDING

Mr. and Mrs. Henry W. Crafts of West Newton observed the fiftieth anniversary of their marriage on Tuesday afternoon, June 23, 1864, at their home on River street. The reception was held in the carriage room of the stable, which was attractively decorated with foliage, flowering shrubs and baskets of flowers. Two objects of interest to the friends of Mr. and Mrs. Crafts were a pair of white kid slippers won by the latter at the time of her marriage, and a black walnut parlor chair, with the same upholstery, which had at the time of the wedding, fifty years ago.

Mr. and Mrs. Crafts were married at Waltham on June 23, 1864, and immediately came to Newton to live. They have resided in their present home on River street, West Newton for 46 years. Mr. Crafts was for many years engaged in the provision business with a store in Robinson block, West Newton, retiring some years ago. He is a member of one of the old families of Newton, Crafts street, Newtonville being named for his grandfather. Mrs. Crafts was Elizabeth Pike before her marriage and came from a family well known in Waltham, her native place.

Mr. and Mrs. Crafts received many gifts of flowers, gold and cut glass. Fools rush in where angels wait for the next car.

CLASS PARTY

The Senior Class Party of the Newton Classical High School was held Saturday evening at the residence of Mr. James Lomax Clark on Claremont street, Newton. The grounds were elaborately decorated for the occasion, and Japanese lanterns were hung across the lawn where the class assembled at 8 o'clock, to listen to the "Class Prophecy," which was read by Miss Ada Holmes Whitmore of West Newton. Mr. Paul W. Hains read the Class Statistics, and afterwards the young people repaired to the house where refreshments were served and dancing was enjoyed until a late hour. Music was furnished by a string orchestra. The affair was most delightful, and participated in by 150 young people.

Roots aren't pretty but they make the tree.

THE CONSTELLATION OF CORVUS, SCORPIO, SAGITTARIUS AND OTHERS

The Editor of the Newton Graphic:

This is to follow the piece I wrote for the Graphic last month which I understood from some of your readers was read with appreciation, and requests have come to me for more of the same kind of talk about the stars. I had some difficulty in getting as far as I have gone in the study of the stars, not having at any time, a single star pointed out to me other than as I read about them in all sorts of papers and public prints. Through the assistance of a neighbor, I was induced to scribble about the stars and I have continued to do so for upwards of twenty years, and many letters and expressions from all sorts of people having been helped and instructed, have come to hand.

People look at the heavens on a very clear night, and it seems an awe-inspiring mystery, a tangled mass of brilliants with a few prominent patches, and here and there a most prominent star. Can any common man study this? Yes, he can begin to work without any tools. Look at the stars, until he is enthused over the sight. Find the most common-place constellation in the whole heavens which is the Dipper,—its real name is Ursa Major or the Great Bear. Make the farther side of the Dipper from the handle the pointers. From the bottom of the bowl upward you get the North Star or Polaris; from the top downward you get the constellation Leo or Lion, which is commonly known as the Sickle which forms the Lion's Neck and breast, on the lower part of which is the beautiful star Regulus making a beautiful jewel for Leo, or a jeweled handle for the Sickle, which ever you like. The only thing to do, is to get the constellation in your mind, and hold it ever afterwards.

I want you to refer again to the Dipper handle as pointer the same as last time. It points south or south-west to the great star Arcturus, and a little beyond in the next constellation which is Virgo, and notice its great star, Spica, and here stop and look both right and left.

Just below and a little to the right, is a very bright cluster of four or five stars, this is called Corvus, the Crow, and is part of the great constellation of Hydra, the greater part of which is too near the west, to be described at this time on account of its very sprawling character. Corvus is the best thing belonging to it, and is a very important sky mark. Its shape is a good deal like a small dipper without a handle and can be very readily identified by the interested star gazer. It is a bright display in the south composed mostly of stars of the Second Magnitude.

We want now to look to our left or east and we shall see one of the best southern constellations, Scorpio, popularly known as the Kite, the eighth in the zodiac. Virgo being the sixth, the one situated between them is the Scales, or Libra, a rather dull constellation which we will pass over for the present time. But it will pay us to get well acquainted with Scorpio. As soon as we can get a clear night and a good view of the constellation, remembering the kite idea we shall get a firm grip of Scorpio. It will be in the eastern region of the sky year after year at the same time. We shall refer to it with the same readiness and ease as we do to the dipper or any other well known clusters.

Having captured the Kite and its outline well imbedded in our minds, we may then capture the Red Star that makes it famous. The star is situated on the Kite just above where the tail would be attached, and certain floating stars on the right, may be taken as part of the tail. The red star Antares is right there and sometimes shines with fiery brilliancy a good deal like the planet Mars, in fact, it used to be considered a second Mars, and received its name on that account. Occasionally both Antares and Mars come close together, greatly augmenting the glory of the constellation, making a beautiful scene in the southern skies long to be remembered by those who were privileged to see it.

The next constellation to the left or east is Sagittarius the Archer represented by the figure of a Centaur holding a bow. There are no very great stars in the cluster but there is a fair sprinkling of the Second Magnitude, but the cluster is famous on account of containing the inverted milk dipper. It may be seen with its short handle leaning westward in an overturned position.

WAGE INCREASE

(Continued from Page 1)

has no difficulty in securing enough men to perform its work at substantially lower rates.

For the year ending June 30, 1913, the company was able to pay dividends of 4 per cent. upon its \$1,987,000 of capital stock and had left over a surplus of \$448,339. The figures for the current year show that the same rate will be barely earned. In the near future the company will have to meet from its operating revenues heavy charges for the replacement of tracks and poles and changes in its equipment. In order to meet the wishes of its Union employees, the company has also agreed to changes in its schedules which are likely to involve a material increase in operating expenses.

The company is operated with all possible economy. Its property is the result of the consolidation of a number of separate companies and the effect of such consolidations has been improvement in service and substantial savings in operating costs. The benefits of such consolidations to the public are sufficiently shown by the approval of the public authorities, which has been given in each consolidation as it was made. It may be noted that the salaries of general officers and clerks of the companies now combined were in 1901, \$52,223.07, while for the year ending June 30, 1913, the corresponding expenses of the company were but \$15,103.17. In the effort to secure adequate revenue the company in 1908 increased its rate of fare over the greater portion of its lines to six cents.

The company has from time to time of its own motion increased the wages of its employees. The increase from 1900 for those in its service eight years or more amounts to 35 per cent. The rates for other classes of men have been increased in lesser proportion, and there should be some equalizing adjustments. The rates of wages now paid yield higher earnings than those received by the majority of the adult male wage earners of all industries in the Commonwealth, and very substantially in excess of the average received by such workers in certain of the principal industries of the Commonwealth, such as the leather trade and the manufacture of cotton goods, woolen goods, and paper and wood pulp. In considering the comparative wage rates, it should be borne in mind that the employees of the company have steady employment throughout the year.

The reason that the company does not have a greater net income is that the business in the greater part of its territory is not sufficient. Its rate of operating expense is and has been lower than for the average of all companies in the State. Its average receipts per car mile are, however, so much lower as to leave a very small margin for actual net earnings. These earnings have shown improvement and the company will in time be in a position to make moderate increases in wages.

The men who work for the company are entitled to fair wages, but the capital which has been invested in the property and which has made possible the service and the employment is equally entitled to its fair return. A 4 per cent return is low. It cannot be seriously urged by any who agree that the invested capital is entitled to a return that a fair return would be less than four per cent.

The award of the majority, however involves a large payment for back wages which cannot be offset by any increase in business or in rates of fare. While it is probable that through an increase of its rates which is clearly necessitated by the award the company can get some increased net return, it is doubtful whether such increase will be sufficient to enable the company to pay the wages established by the award, meet its increased expenses, and maintain a 4 per cent return upon its capital stock. The rates established by the majority of the board therefore involve what seems to be to be injustice to the investors for the first period of the award, possible injustice for later periods, and the subject the public to higher rates and also to the possibility that the service cannot be kept up to the standard expected by the public. Such an award will tend to discourage the investment of capital in necessary public service enterprises.

In an award making an increase which would recognize the needs of the men, but would also take more fully into account the services of the investors and the interests of the public I should have been glad to concur.

BURKETT-CAMPBELL

Miss Margaret Campbell, daughter of Rev. George Campbell of Boston, and Everett S. Burkett of Washington, a student in the Newton Theological Institution, were married last Friday at the home of Rev. Robert W. Van Kirk, pastor of the Lincoln Baptist Church, 40 Lincoln Park, West Newton.

Among the guests were Pres. B. F. Riley of the Minnville College in Oregon, in which the couple first met; Rev. Dr. John E. Cummings of Burma, Dr. L. H. Clark and several classmates of bride and groom. Rev. Mr. Foster of Swatow, China, in the ceremony.

The bride was attended by Miss Anna E. Foster, daughter of Rev. Mr. Foster, as maid of honor, and the best man was Francis Menley of Britton, Wash.

Mr. Burkett will graduate from the Newton Institution next year and the couple will then start for the Far East and enter the missionary field together.
